OPEN DAY AND NIGHT.

250 Horses At Auction

TUESDAY, OCTOBER 30, 1906
150 HORSES

Sale commencing promptly at 11 o'clock.

FRIDAY, NOVEMBER 2, 1906
100 HORSES

Consisting of
**HEAVY DRAUGHT, DELIVERY,
GENERAL PURPOSE,
DRIVERS and WORKERS**

Consigned by experienced buyers, especially for this market. Included in the above, we will also sell at the Tuesday sale a number of horses consigned by several leading ice companies of the city. These horses are right out of hard work, having been in constant use during the past season. Also a CAR LOAD OF CONTRACTOR'S HORSES, in excellent condition, right out of hard work.

Special mention is made of a handsome Carriage Mare, 15.2 1-2 hands. This is a high-class mare, and will be sold well worth the money. ALSO FIFTEEN SETS OF NEW HARNESS, consisting of five sets light road harness, four sets brass mounted road harness and six sets of heavy team harness.

As well as many carriages and runabouts, including several pneumatic tired bike wagons.

Remember the
Great Sale of Clydesdale Fillies
Special imported registered stock, consigned by Dugald Ross, Kirkcubright, Scotland. Also

Five Registered Hackneys

To be sold
November 15th, 1906

Write for catalogue.

Our annual combination sale of

**Speed, Roadster, Saddle
and Carriage Horses**

will take place

WEDNESDAY, DECEMBER 12, 1906

Entries will be received for this great sale up to November 26. Entry forms mailed upon application.

C. A. BURNS, General Manager and Auctioneer.

FRISCO MAYOR DISCHARGES TOO ZEALOUS ATTORNEY

Officers of Civic Administration
Not Anxious to Stand
a Probing.

San Francisco, Oct. 26.—Acting Mayor Gallagher has suspended District Attorney Langdon from office, and the board of supervisors approved his action. Langdon was notified to appear before the board one week from to-day and show why he should not be removed from office. Mayor Gallagher announced that he had asked his friend, Abraham Ruef, to accept the office of district attorney, and that Mr. Ruef had consented to do so.

The suspension of Langdon follows his appointment of Francis J. Heney as assistant district attorney, for the purpose of securing indictments of officials alleged to be guilty of "grafting" and malfeasance. It has been openly

announced that Heney and Secret Service Agent Burns have been investigating and appointing in his stead, Mr. Schmidt. Acting Mayor Gallagher, Abraham Ruef and the board of supervisors were connected.

At the request of District Attorney Langdon, the board of supervisors issued an order temporarily restraining the board of supervisors from proceeding in the matter.

Langdon says that his office was a constitutional one, and beyond the interference of the mayor, and that he will so contend in the courts.

AN ANOMALOUS POSITION.

(Canadian Associated Press Cable.) London, Oct. 26.—The London Globe says Winston Churchill's reply yesterday on the Newfoundland question should force us to understand the hopelessly anomalous position we occupy.

H. J. Logan, M. P., for 30th year, visited London to consult leading artists, returns to Canada to-day per steamer Victorian.

A Traitor's Fate.
Mitsu, Courland, Oct. 26.—A man named Sprague, once a prominent revolutionary leader in the Baltic provinces, was killed here yesterday while on his way to America, because he had betrayed his party.

Bible Study Lecture.

Rev. T. W. Powell of Eglinton will preach in St. Cyril's Church, corner

SAY IT'S SAME O'MEARA REMAINED WITHOUT BAIL

Magistrate Denison Refuses to
Allow Prisoner Liberty Pending
Hearing of Charges.

Yesterday John O'Meara of London, who on Monday in police court swore he had no connection whatever with the Brantford election of some years ago and that he had never met John O'Gorman, now on trial for election conspiracy, during the Heyd-Henry election in 1897, was brought before Magistrate Denison on a charge of perjury and positively identified by four witnesses as the man arrested in Brantford for impersonation.

J. Walter Curry, K.C., has been retained with Robinson, Godfrey & Phelan for the defence. O'Meara was locked up last night, as no argument could induce the magistrate to grant bail. The case will be continued on Wednesday, when the bribery cases are resumed.

Sergeant John Wallace of the Brantford police force told of the arrest of O'Meara in Brantford on Feb. 4, 1897, on a charge of impersonation. He was hiding behind a piano box in the Liberal committee rooms and O'Gorman was in the room at the time the arrest was made. In London, Thursday, he arrested the prisoner, whom he positively identified as the man whom he had taken in Brantford. At that time he gave the name of Joseph Johnston of Chatham.

Robert Henry, Conservative candidate in the election of 1897, swore positively that the prisoner was John O'Meara, who had been arrested during that election. Moose Westbrooke and Henry Osborne of Brantford were also sure that the prisoner was the O'Meara arrested in Brantford. "That's enough," said Magistrate Denison. "I will adjourn the case until Wednesday to give the prisoner a chance to consult with his attorney."

Mr. Phelan applied for bail. Magistrate Denison would not hear of it. "The way perjury has been going on in this court is perfect scandalous," he said. "You granted it in a similar case," retorted Mr. Phelan.

"What case was that?" asked his counsel, "Tom Lewis."

"I did not and never would have," replied his counsel, hotly. "I take no responsibility for that. Granting of bail in these cases is becoming altogether too prevalent in this court."

ST. ALBAN'S SCHOOL.

Annual Distribution of Prizes a Pleasant Event.

The annual distribution of prizes in this school was held in the crypt of the cathedral yesterday afternoon. There was a large gathering of friends and parents of the boys. The headmaster opened the proceedings and called upon the bishop of the diocese to present the prizes. The bishop spoke of the very satisfactory condition of the school, both from the standpoint of an institution of learning, and of training the boys in healthful and manly exercises. He also congratulated Mr. Matthews, the headmaster, on obtaining such successful results in the hands of those who have left the staff.

The other speakers were Archbishop Sweeney, Rev. Dr. Cayley, Prof. J. W. G. Andras, Rev. Prof. Wm. Clark, David Kemp and Rev. J. B. Fotheringham. The prize list is as follows:

Preparatory Form.—General proficiency—John Dryan, 1; Geoffrey Heighington, 2; Willie Heighington, 3. English history—Lloyd Thompson. Good work and punctuality—Fred Johnson. Good work—Harold Roberts.

Form IB—Reading, spelling and English grammar—Reginald Pettigrew. Drawing and writing—John Hancock. Arithmetic—Reginald Pettigrew. Geography, history and divinity—Marion Dunn.

Form IA—English. T. Bolte. Drawing and writing—N. Gardner. Arithmetic—Charles Boyer. Latin—Felix Bolte. History—Jack Boulter.

Form II A—English—Lindsay MacFarlane. Latin—Jack Boulter. Mathematics—Harold Drummond. French—Lindsay MacFarlane. 1; Bertram Nevitt, 2. Divinity—Basil Richardson. Classics—Basil Richardson. Modern languages—Matthew Keefe. Chemistry and physics—Allan Henderson. English and French (second)—Reginald Pettigrew.

Form III B—Latin.—Peaker. Mathematics—Richard Hearn, 1; Edward Pison, 2. French—Ponton Armour. Second in mathematics and classics—D. Brouse.

Form III A—English—Cortland Peaker. Mathematics—Stewart Clark. Divinity (Bishop's)—Lionel Amaden. Classics and modern languages—Davidson Ketchum.

Form IV B—English—Basil Richardson. Mathematics—Matthew Keefe. Divinity (Bishop's)—Basil Richardson. United Classics—Basil Richardson. Modern languages—Matthew Keefe. Chemistry and physics—Allan Henderson. English and French (second)—Reginald Pettigrew.

Form IV A—English—Harold Clark. Mathematics—Harold Clark. Divinity (Bishop's)—Malcolm Owen. Classics—Malcolm Owen. Modern languages—Harold Clark. Chemistry and physics—Harvey Hamilton.

Form V—Classics (Trinity prize)—Harold Gordon. Mathematics (Corporation)—Harold Gordon.

The Goodman medal, which is given to the boy in any form who obtains the highest percentage of marks in all subjects, conduct and punctuality, throughout the year. The winner was Harold Gordon.

Chauffeurs' Strike Grows.

New York, Oct. 26.—The strike of chauffeurs employed by the New York Transportation Co., which began at the company's main garage, spread to-day to one of the company's substations. Ninety of the 120 chauffeurs employed at the sub-station joined the 300 strikers who went out yesterday.

Thirty men remained at work, and as they took out their cars, each was accompanied by an officer in plain clothes. The men are striking for an increase in wages and regular hours of labor.

Four More Bodies Found.

Kansas City, Oct. 26.—Four bodies were removed this morning from the ruins of the chamber of commerce building in Kansas City, making the total known dead to be eight.

The loss of life is attributed in part to the lack of fire-fighting apparatus.

HAS UNWARPABLE SOLES

IMPROVEMENT NUMBER EIGHT

A Bowl Shaped Sole

A Foot-rite Unwarpable Sole

Nearly every shoe is built without regard to sole warping, on soles of red, rigid, lifeless, hemlock tan leather which curls up, bowl shape at the first wearing and, like bent lead, "stays put."

Until the invention of Foot-rite, warping soles were never given the slightest consideration. The Foot-rite makers have solved the sole warping problem, and this is how:

Foot-rite's sole leather is sun seasoned; and sun seasoned leather, like sun seasoned lumber, is unwarpable.

Foot-rite uppers are made of "Normal Calf," also of sun seasoned leather almost as soft and supple as the live calf's hide, which doesn't shrink and draw up the soles.

The drying of water-soaked shoes causes shrinking and warping. As Foot-rite is almost waterproof, little water is soaked up.

And, being formed over foot sculptured lasts, Foot-rite insides are precisely the same shape and size as the feet which inhabit

them. What does this mean? It means that the foot bears down on every single, solitary square inch of insole space. There's no vacant or waste floor space, and the great weight of the body, thus evenly and equally distributed over the sole, irons out all warping and holds the sole as flat as a flat-iron bottom.

Foot-rite soles are not warranted unwarpable, as too long shoes turn up at the ends, and wearers who insist on having them too long might complain of warping. But get a Foot-rite that fits; don't soak it in the St. Lawrence; tree it at night, and the original smart, flat line of its sole will remain flat till you're through with the shoe.

A Foot-rite retailer holds forth in your town. Run in on him and his shoe. His name's below. You'll find his door swinging inward but never outward to find a mere welcome store.

Anywhere in America, Canada or Great Britain—\$4.00 and \$5.00. Every pair Goodyear Weltsed.

COURSES IN AESTHETICS.

Program of Lectures to Be Given
During Coming Winter.

The University of Toronto offers the following courses in art and aesthetics during the session of 1906-07:

(a) A course of lectures on the history of art: Nov. 7, "Greek Architecture," by Prof. Carruthers, Nov. 14,

"Greek Sculpture," by Prof. Carruthers, Nov. 21, "The History of Italian Painting—the Origins to 1400," by Prof. Fraser, Nov. 28, "The History of Italian Painting—1400 to 1550," by Prof. Fraser, Dec. 5, "Architecture in Northern France," Prof. Squair, Dec. 12, "The Development of Architecture and Its Structural Principles," by Dr. V. E. Henderson, Jan. 16, 23 and 30, "The History of French Painting and Sculpture," by Prof. Squair.

(b) A course on aesthetics: Feb. 6,

20, 27, and March 6, "The Physical and Psychological Basis of the Aesthetics of Light and Color With Experimental Demonstrations," Prof. Kirchmann (this course is especially designed for students of painting, decorative art, etc.), March 13 and 20, "The Aesthetics of Poetry," Prof. Alexander, March 27, April 3 and 10, "The General Problem of Aesthetics," by Dr. A. H. Abbott.

These lectures will be given at 4.20 p.m. in the west hall. The public is

invited to these lectures, but it is requested that those desirous of attending, particularly course (b), should signify their intention to the registrar of the university.

Three Terrorists Executed.
Warsaw, Oct. 26.—Three terrorists who had been sentenced by drumhead court-martial to death, were executed this morning by shooting. Over 150 other terrorists have been arrested.

I'LL CURE YOU FIRST

Don't Suffer Pains and Weakness While You Wait for the "Sure Cure" to Come Along. YOU CAN TRY MY BELT AND PAY IF IT CURES YOU.

MILLIONS OF PEOPLE, especially in Canada, live on indifferent to a loss of power more serious even than loss of blood—THE LOSS OF NERVE STRENGTH. A man who suffers with nervous breakdown or nervous prostration is like one of those electric automobiles that you may see stranded because the battery has given out. The Canadian citizen, man or woman, goes ahead using up nerve force regardless of consequences, regardless of thousands of daily warnings. At last the end comes—the battery is exhausted. There is no more nerve electricity, or so little as to make an attempt at labor painful and useless. Try to show at least as much intelligence in caring for the body as you would in caring for an electric "runabout."

A loss of Nerve strength means a great deal more than is generally known. Weak Back, Lumbago, Rheumatism, Sciatica, Neuralgia, Stomach, Liver, Bowel, Kidney and Bladder Troubles, weakness of any organ of the body, Tired Feeling, Sleeplessness, Poor Memory, Lack of Ambition, and a run-down condition—that which makes a man feel as if he were only half a man—are all evidences that the animal electricity, or nerve force and power, has been or is being drained from the nervous system.

For ability to perform its functions every organ of the body depends upon the nerves which control it. If the nerves are weak, then the organs become weak and the patient resorts to the doctor. The old-fashioned treatment was to give frequent doses of poisonous drugs. Just fancy putting poisons into the body to build up starved and impoverished nerves! Is it any wonder that so many complain that drugs have failed? What the nerves require to restore lost power is nourishment—nerve food. When that is supplied the weakness and ailments caused by weak nerves disappear. This is the secret of the success of my methods of restoring vigor and general good health to men and women. As a plant droops and withers for lack of water, so does the nervous system of man weaken because of the lack of electricity, which is its natural food and refreshment. Electricity, as I apply it, saturates every nerve centre of the body, and revitalizes and strengthens every nerve and every organ controlled by the nerves.

The basis of all strength in the human body, the actual animal life of the heart, stomach, kidneys and all organs, is ELECTRICITY. When you lack that strength, which is the foundation of youth, you simply lack ELECTRICITY, and this I can restore to you with my improved

Dr. McLaughlin's Electric Belt

with its special attachments for all parts of the body. My appliance brings the grand curative power of electricity within the reach of all suffering people. Electrical treatment at a physician's office, sanitarium or hospital is beyond the reach of most people, both as regards time and money. My prices are reasonable, and my appliance is used without loss of time.

Mrs. BERTHA HAMILTON, Extn. Ont., writes: "Your Belt has cured me of nervousness and indigestion after five years of suffering, and it is a great relief to me. My friends think my cure very wonderful, and I don't think anything of the money I spent for your Belt. I cannot speak too highly of it. I had to live entirely on liquid food, but I can now eat solid food without harm."

MR. H. F. STENABAUGH, 216 King street east, says: "I can heartily recommend your Belt to anyone afflicted with kidney trouble or weak ankles."

Dear Sir, I have worn your Belt for two months steady, and must say that it has done me an awful lot of good. I am well satisfied with the Belt, and I have found what you said about your Belt to be true. I will give your Belt all the praise that it deserves. Wishing you every success, I remain, yours truly, WILLIAM BYRNS, Nipissing, Ont.

To prove to you the confidence I have in the curative power of my Belt, I am willing to accept your case, and after I have cured you, then pay me. All I ask is reasonable security. You are out the time you spend on it—wearing it while you sleep—nothing more.

READ WITH CARE. DR. McLAUGHLIN'S ELECTRIC BELT is positively the only Electric Belt offered to the public where you have a regular physician in attendance. You have his advice and consultation FREE OF CHARGE.

Send for My Book To-day.

Do you want to feel big, husky and powerful, with your veins full of youthful fire, your eye clear, and your muscles strong and active? If you do, fill out this coupon and send it to me and I will send you a book which will inspire you with the courage to help yourself. It is full of the things that make people feel like being strong and healthy, and tells of others like yourself who were just as weak once, but are now among nature's best specimens of strong and healthy human beings. Cut out the coupon and send it to-day and get this book free, sealed, by return mail. Call for free consultation. Office Hours, 9 a.m. to 6 p.m. Wednesday and Saturday till 8.30 p.m.

DR. M. A. McLAUGHLIN,

112 Yonge Street, Toronto, Can.

Please send me your book for men, sealed, free.
