THE ALLIANCE RUMOR. English Firm to Run the Fast Atlantic Line.

SO DAME RUMOR HAS IT. It is Said the Old Country Firm Will Take Less Money.

Peterson & Co. of Newcastle-on-Tyne Are to Have the Business, According to Reports - They Promise to Furnish a Transit-Knot Service, with Boats of the Very Best Fittings and Capacity - Civil Servants Brought to Time - Mr. Balderson Superannuated - General News from Ottawa.

Ottawa, March 22.—(Special.)—Although the Ministers are reticent on the point, there is little doubt about the Government having entered into a provisional agreement with the English firm of Newcastle-on-Tyne, England, by which an opportunity is given to the firm represented by this gentleman to organize a fast Atlantic steamship service. It is claimed the project will be quite equal to that for which the late Government was prepared to take the Albatross last year. The reason the Alliance has been dumped was because Peterson & Co. are prepared to take the business over, and have served upon with the Canadian firm. The contract can be only a provisional one, as no doubt depends also on the exact nature of the arrangements which will be made.

Winnipeg, March 22.—(Special.)—Charles E. Devin and J. J. Murray, Immigration Commissioners, who are now on a trip of inspection, today had a consultation with Premier Greenway. Mrs. E. W. Nothing Short of Union with Greece. Will Make Them Content. Important Conferences at Athens, but No News Given Out.

The King Conferred With His Minister and Russian Representative - Meeting of the Cabinet Followed - Concert of Powers Not Harmonious - Christians Prevent the Reestablishing of Malaxa - Insurgents Will Not Accept Amnesty.

Athens, March 22.—King George today had a long interview with M. Onou, the Russian Minister, after which he summoned Prime Minister Deliyannis to whom he gave a prolonged audience. After his audience of the King M. Deliyannis summoned a meeting of the Cabinet. The council is supposed to have discussed the naval preparations which Greece is making in the Gulf of Arta, which are reported to have produced uneasiness in St. Petersburg.

The Government has ordered the enrollment of all robust citizens not otherwise liable to military service to form a militia force to guard the towns in the absence of the troops. Advances reported here to indicate a cannon exploded in the Turkish camp at Ellassona, killing an officer and eight soldiers.

Two Currents of Opinion. London March 22.—The Daily News will tomorrow print a dispatch from Rome, the sender of which claims to have received reliable information that although the powers are anxious to maintain their concert, they are very far from agreeing on the details. There are two currents of opinion flowing, one in Russia and Germany and another in Great Britain and Italy, and these are diametrically opposed to each other. The dispatch adds that the Italian Government has instructed Admiral Casanova, who is in command of the combined fleet in the Cretan waters, to make an inquiry into the bombardment by Turkish warships in Suda Bay, and to charge him in his discretion to compel the Turkish warships to withdraw.

Outlook Not Reassuring. Canada, March 22.—The outlook in this city and vicinity is not very reassuring. The situation of the Turkish garrison in the fort at Malaxa is very critical. The place is besieged by insurgents and the Turkish troops have not enough provisions to last them more than two days. Attempts have been made to revictual the fort, but the insurgents have rendered the attempts abortive. The Turkish garrison is reported to be in a state of starvation, and the Turkish warships are reported to be in a state of starvation.

Malaxa within the limits of the Turkish cordon drawn by the admirals of the foreign fleets, but this fact does not prevent the operations of the Turkish garrison. The Turkish garrison is reported to be in a state of starvation, and the Turkish warships are reported to be in a state of starvation.

A body of Turkish troops who were trying to convey provisions to the garrison at Malaxa were held in check throughout the day by the Christian insurgents. The garrison is reported to be in a state of starvation, and the Turkish warships are reported to be in a state of starvation.

The insurgent leaders reiterated their refusal to accept autonomy from the powers, and declare that if the island is not annexed to Greece they desire to remain independent.

If it were not for the support afforded by the powers to the Greek warships, the Turkish warships would have been driven from the island. It is believed here that success has so far antedated the leaders of the insurgents that they would not hesitate to assume actual hostilities against the powers.

If they should join forces with the Greek army of occupation and resist the powers it would take a strong force and a large expenditure of money to conquer them.

Excitement in Jerusalem. Athens, March 22.—The Akropolis reports that there is great excitement among the Greeks and Arabs in Jerusalem. Two thousand Christians in Palestine and Syria are preparing to oppose the Turks in the event of war. A number of Abyssinian pilgrims have also been arrested by the Greek army, and are being held in the city.

The Greek warships Alpheos and Peneos, which were recently recalled from Crete, have arrived at Malaxa. The insurgent chief Manoussis declares that the insurgents mistook the Austrian warship Sobieski, which lately fired upon and sank a Greek schooner off the island of Crete, for a Turkish vessel, and for that reason fired upon her. He adds that the schooner had landed three cases of ammunition before she was sunk. One Christian was wounded by the fire from the warship.

Neutral Zone Proposed. Vienna, March 22.—The Neue Prele Presse says that England, with a view of preventing a collision between the Turks and Greeks on the Thracian frontier, will propose to the powers that a temporary neutral zone be established, extending a mile on either side of the border.

Russo-Turkish Agreement. Copenhagen, March 22.—The Berlingske Tidende asserts that an agreement has been entered into between Russia and Turkey by which the former guarantees the integrity of the Ottoman Empire. The agreement is supposed to be a result of the recent negotiations between the two powers.

Salisbury is Himself Again. London, March 22.—Lord Salisbury, who has been suffering from influenza for the past few days, has almost entirely recovered. He is expected to be able to attend the meeting of the Cabinet tomorrow.

Washington, Ind., March 22.—A small cyclone struck this county at 4 o'clock this morning. The north wall of the Swan Pond school building was torn down, and the stone crown on St. Simon's Church steeple was blown off and broken. Many trees were uprooted and fences broken.

Many Homes Destroyed. Wheatland, Ind., March 22.—This morning a cyclone passed over this town doing much damage. Many houses were uprooted and iron sheds and barns destroyed. The place is highly injured.

ONE CENT. A DICTATING RUMOR. Which Affects Ecclesiastical Circles in Montreal. UNREST, IF NOT DISTRUST, Reigns in the Episcopal Heart of French Canada.

Talk of Sir Adolphe Chapleau Regarding the Cause of the Liberal Government - Wire-Falling Going on Which May Bring About the Acceptance of the Laurier-Greenway Settlement - Mr. Williams Peterson and the Fast Atlantic Steamship Line - News Notes from Montreal.

Montreal, March 22.—(Special.)—Mgr. Mery Del Val is en route for Canada, and not one of the Quebec bishops receiving the slightest official notice of the ablegate's departure. It is not surprising that a deep feeling of unrest, if not distrust, should reign in the episcopal heart of French Canada. This, however, is not the worst trouble the majority of the bishops have to contend with, as a most disturbing rumor has been doing its mischief since the arrival of the ablegate in Montreal. The rumor is that the last rumor had a paralyzing effect upon both high and low clergy, and to make matters more embarrassing, there is no way of ascertaining just now if the rumor be true or false.

Someone has whispered in ecclesiastical ears that Sir Adolphe Chapleau, late Governor of Quebec, Mgr. Emard, Bishop of Valleyfield, and the Vicar-General of Ottawa have forwarded separate memorandums to the Pope, justifying the school settlement, as between the Laurier-Greenway settlement and the authorities of Montreal, and seeing the episcopacy divided and the Governor of the Province of Quebec opposing the cause of the Ottawa Ministry, the Roman court has decided to send Mgr. Mery Del Val to Canada. It is also alleged that this last rumor had a paralyzing effect upon both high and low clergy, and to make matters more embarrassing, there is no way of ascertaining just now if the rumor be true or false.
