## PARIS IS THREATENED

With an Outbreak Against the Civil Power Over the Dreyfus Affair—Leading Champions of the Exiled Captain—To Be Massacred—Irritation in Russia at Great Britain Over the Fashoda Settlement—Cable News.

The scarcity of cable news this morning may be accounted for by the overburdening of the wires by politicians in the United States. Two or three interesting items have come through, however, the most important of which is that an organized plot has been discovered in Paris to foment a riot in case the Court of Cassation succeeds in having a new trial of the Dreyfus case. The report is said to come from reliable source that an attempt will be made to overthrow the civil power and assassinate the leading friends of Dreyfus.

Another interesting item is the report from St. Petersburg that there is great irritation there over the settlement of the Fashoda affair. The leading papers clamor against England being allowed to control Egypt, and say that the Egyptian question must be solved by a conference of all the powers.

Khalifa Abdullah, the Dervish leader, is hard pressed by Egyptians and his capture is imminent.

### UNHAPPY PARIS.

A Revolution Threatened Against the Civil Power—Assassination in the Air.

London, Nov. 7.—The Daily Chronicle says this morning:

"We have received information from a reliable source of a well-organized plot in Paris in the event of the enquiry before the Court of Cassation, proving favorable to Dreyfus, to foment a riotous outbreak in the French capital, to attempt to overthrow the civil power and to assassinate the leading champions of Dreyfus."

"These reports are confirmed by interviews had with M. Trarieux, former Minister of Justice, and M. De Pressensac, former editor of the Temps, as well as others. The police have warned these friends of Dreyfus to change their residences temporarily or at least to carry revolvers."

### IRRITATED AT ENGLAND.

Russian Journals Say Her Settlement of Fashoda Affair Will Arouse the Powers.

St. Petersburg, Nov. 7.—The St. Petersburg newspapers show great irritation at England over the settlement of the Fashoda affair, and agree in the declaration that her conduct will arouse the powers interested in the Suez Canal to open discussion of the best means of preventing the final establishment of England in Egypt.

The Novosti says that, since the Egyptian question is purely of an international character, it must be solved by a congress of the powers, which can proclaim the neutrality of Egypt under the protectorate of all the powers.

Khalifa in a Tight Place.

Cairo, Nov. 7.—Khalifa Abdullah, the defeated Dervish leader, is hard pressed on the frontier of Khartoum, southwest of Khartoum, by natives friendly to the Anglo-Egyptian expedition, and it is believed that his capture is imminent.

All Sheroff, his son-in-law, is already a prisoner and is being brought to Khartoum.

German Royalty at Damascus.

Damascus, Nov. 7.—Emperor William and Empress Victoria Augusta arrived here this evening from Beyrut, after an interesting journey over the Lebanon mountains.

The city was illuminated and gaily decorated in honor of their arrival, and they were met with an enthusiastic reception from the populace.

Their Majesties are the guests of the Military Governor.

To Return the Philippines.

London, Nov. 7.—The Daily Mail this morning urges the American people to pronounce boldly in favor of returning the Philippines, "for otherwise there will be a scramble for coaling stations that will endanger the peace of the world."

Spain Must Accept.

London, Nov. 8.—The Standard says editorially this morning: We can see no alternative. Spain must accept as inevitable the loss of the Philippines. No doubt the United States will assume an heavy and serious responsibility, but it acquires value for the future that the public men of America appreciate and are ready to meet it. England will watch the experiment with every wish for a favorable issue.

The Daily News wonders whether trouble is brewing in the Philippines, arising from German opposition to annexation.

Paris Bourse Weak.

Paris, Nov. 7.—Prices on the Bourse today were weak throughout the day, owing to the continued mobilization of the British forces. Spanish funds improved. This was due to more favorable rates of exchange.

Significant Inquiry.

St. John's, Nfld., Nov. 7.—The British Government telegraphed the Colonial Ministry, asking the number, tonnage and capacity of steamers available at this port to convey coal from Sydney for the use of British warships. The cruisers Cordelia and Pelican will be held at Sydney to capture St. Pierre and St. John's in the event of war being declared. The cruisers are also instructed to break the French cable between St. Pierre and Brest, France.

THE HOOLEY CASE.

The Bankrupt Promoter Brings Lord Cheshill into His List—A Week's Adjournment.

London, Nov. 7.—The examination of Ernest Terah Hooley, the company promoter, in bankruptcy proceedings, was resumed today. The court was crowded with people, including many ladies and a number of persons were unable to obtain admittance.

During the day Hooley made a number of curious statements, one being that he gave Lord Cheshill £25,000 to induce the latter to sell an estate to a Mr. Ducros. But he could not explain why he gave the

### TO-DAY'S U. S. ELECTIONS.

Today's electoral battle in the United States is almost as important in a party sense as a Presidential election. Contests will take place in forty-two of the forty-five States of the Union, and the men elected will be Governors and State officers. Of course the greatest interest centres in New York State, and the fact that Mr. Croker, known as the "Tammany Boss," has found it necessary to boom Mr. Van Wyck on frequent occasions and right up to the last minute, is an indication that the old Tiger expects a hot fight.

New York State has gone Democratic almost invariably in State matters for the past 25 years or more, and is always looked upon as a sure thing for Tammany, the great ring which is said to control New York City.

The Republicans have put up a strong fight, relying no doubt on the popularity which goes to Theodore Roosevelt because of his war record, and it is just possible that enough votes may be changed to the ranks of hero worshippers to elect the commander of the "Rough Riders."

The free silver issue will come up in Missouri and some of the Western States, and politicians may get a pointer from the result of today as to the probability of making the silver question the issue in the next Presidential election.

The betting in New York City underwent a wonderful change last evening, and the odds of 10 to 8 on Van Wyck, which had prevailed for several days, began to wobble early in the morning under a pressure of Republican money, until by noon even money offered by Col. Roosevelt's supporters almost won the day. In the afternoon the odds switched over to the Republican candidate, and 10 to 8, and in some instances 2 to 1, was offered on his chances to win. A good amount of this money found takers, but there seemed to be a surplus of Republican money on the market, and much of it went uncared for.

The odds on the Democratic odds began in Wall-street in the morning, and the bets, aggregating \$50,000, were made in an hour's time, most of it being at sight odds on Van Wyck or even money.

His appearance with the "commissionaires" at the Hoffman House and the Fifth Avenue Hotel, the Democratic bettors demanded odds, which were cheerfully given.

About noon C. H. Dewitt went into Wall-street with \$20,000, which he offered at 5 to 10 on Van Wyck. Some of the bets were made by the names of the bettors were not made public.

One bet of \$5000 to \$4500 in favor of Roosevelt was said to have been made by Wall-street, and Washington Seligman laid \$500 to \$450 on Roosevelt and offered several thousands at odds of 10 to 8 on the Republican candidate without a taker.

Bel & Company, who have been placing a number of bets in favor of the Democratic candidate, today laid all the money they had left, about \$7000, getting 8 to 10 for some of it. Among the bets they made were \$2500 against \$200, and \$4500 against \$2000. They claim they could have placed \$50,000 more had they had it.

### LORD HERSCHELL'S BELIEF

Is That the Case is Really Desirable of Peace.

Indianapolis, Ind., Nov. 7.—The Right Hon. Lord Farrer Herschel, chairman of the Joint International Commission, is in the city, a guest of Senator Fairbanks.

He was asked, if, in his opinion, the era of good feeling between England and this country, had arrived and as to the depth of that feeling.

"Whatever is felt here," was the reply, "is quite reciprocated on the other side. I think, perhaps, you people of States are more demonstrative than we. The only thing that has held our people back from great demonstration of this sentiment is the fear that the matter is being pushed rather than allowed to develop of itself."

He was asked if he thought the strained relations between England and Russia would result in war?

"I do not consider that conditions are dangerous. My personal belief is that the case is really desirable of peace."

## LOUGHRIN IS OUT, TOO

It Took But a Short Time to Convince the Court at North Bay That Whiskey Had a Powerful Influence in Electing the Liberal Member for Nipissing—Seat Voided and Costs Allowed.

North Bay, Ont., Nov. 7.—The Nipissing election trial opened here to-day before Justices Osler and Macleannan. The petition was filed by William Hewitt of Mattawa, and contained 140 charges against Mr. John Loughrin, the sitting member. Mr. W. D. McPherson of Toronto and Mr. J. M. McNamara of North Bay were counsel for Mr. Hewitt and G. Ross and W. Lount, Q. C., of Toronto, looked after the interests of the respondent.

The returning officer, H. C. Varin, was the first witness, and said the official majority, as declared by him on March 11 last, was 61, but the result in two polls was not included, as the deputy returning officers had made no returns. In one poll Mr. Loughrin, the Conservative candidate, had obtained a majority of 50, and in another Mr. Loughrin, the Liberal candidate, had a majority of 7. Their Lordships then declared that the official majority was 29.

Charges 27 and 28 were then taken up on behalf of the petitioner. Alexander Scopes of Mattawan Township testified that Murphy's house in Mattawan before he

had six drinks of liquor at W. N. voted.

Murphy, in his evidence, admitted he had given him one drink, but had used up 2 1/4 pint flasks in treating electors during the day. He got these from B. J. Gilligan, the Crown Lands Agent in Mattawa, the day before the election, to be used in corrupting electors. He admitted he was an active agent of Mr. Loughrin.

Sam J. McMeekin of Cameron found a value in his house on election morning containing about 20 flasks, and it was all consumed by electors that day in Mr. Loughrin's behalf. B. J. Gilligan, Crown Lands Agent, spent between \$200 and \$300 during the election. He provided the liquor that went to Murphy's; also that which went to McMeekin's, and paid \$5. Payette of Mattawa \$2 for driving voters to the polls on election day.

Counsel on behalf of respondent admitted corrupt practices and consented to the election being voided, and paid \$1000 costs.

W. N. Murphy, B. J. Gilligan and Sam McMeekin will be reported by Their Lordships for having been guilty of "corrupt practices."

Visions of Retribution Alleged to Have Caused Heart Failure.

Which Disease Overtook a Supposed Murderer in the Woods and Brought Life to a Close—Story of a Horrible Crime Which Comes From the Far West.

Victoria, B. C., Nov. 7.—A brutal murder was discovered at Saanich this morning and there is every reason to believe that the murderer was the man hitherto unidentified, whose remains were found in the woods near Esquimalt several days ago, and now said to be those of one William Hammond, formerly of the navy. His victim was Henry Edmund Smith, son of Henry Smith, who keeps a grocery store at the corner of Government and John-streets. The young man went out to Saanich on Oct. 20, the day following his 26th birthday, and he had not been heard from. So this morning his father went out to visit at his cabin at Saanich. On finding the place locked up the father burst open the cabin door, found the body tightly wedged under the bunk. The bed clothes in a heap on the floor showed that they were hurriedly torn away by the murderer just before he swung the ax, which almost severed young Smith's head. The gold watch hanging upon the nail and the undisturbed contents of the cabin told that robbery was not the object of the murderer, whose motive was probably hatred of the Smiths. The murderer must have sprung upon his victim as he slept. The ranch upon which the murder was done formerly belonged to Hammond, who was indebted to Smith, and a short time ago an arrangement was made whereby, in consideration of the liquidation of the debt and the payment of a certain sum to Hammond, the ranch reverted to Smith. Hammond, who was formerly a blue jacket, attached to one of the vessels of Esquimalt, was allowed to live in the cabin. He was an illiterate man and could neither read nor write.

THREE BOYS, ONE GUN.

Charlie McGillis Was Trying to Make a Wing Shot and Jack McPhee Was Hit.

Cornwall, Nov. 7.—(Special.)—Three 13-year-old Glen Robertson boys—Jack Robertson, Charlie McGillis and Jack McPhee—went hunting artridge last week with a gun belonging to Richardson's father. McGillis was shooting at a bird on the wing, and did not notice that in swinging around he covered McPhee at the moment the trigger was pulled. The consequence was that McPhee received a charge of 25 shots in the face, neck and breast. Dr. Kirk extracted nearly all the shot, and was obliged to cease probing on account of symptoms of heart failure. One shot near the breast could not be extracted, and another, which entered between the eye and the nose, cannot be located. Unless complications or blood poisoning ensue, the boy will recover.
