

WAS ON THE VERGE OF GIVING UP JOB

Advised by Friend to Take
Tanlac, He Now Feels
Like a New Man.

"I was just about down and out, and ready to give up my job, when I started on Tanlac, but it certainly put me on my feet again," said Edward G. Ralph, a machinist employed with the Universal Tool and Steel Company, and living at 22 School road, Mount Dennis, near Toronto, the other day.

"I was always a strong and healthy man," he continued, "till I started on nightwork about nine months ago. Then I lost my appetite completely, and could hardly force down enough to keep a child alive. Soon after eating anything with gas, that pressed around my heart so I could hardly get my breath. I would feed so dull and drowsy it was all I could do to keep my eyes open and attend to my work properly. All the time my stomach felt like it was burning up inside, and I would be so miserable I didn't know what to do. After working all night I would go home and go to bed, but my nerves were so worn out that I'd just roll and toss for hours, unable to get to sleep. I lost 30 pounds in weight, and was looking so bad that the boys in the shop noticed it and warned me that if I didn't quit work it would sure get me."

"Then one of the fellows said to me: 'Ed, why don't you try Tanlac? I've taken it, and it'll sure fix you up, all right.' Well, I followed his advice and got me a bottle, and, positively, I hadn't taken more than three doses before I began to feel better. I have taken five bottles so far, and it has surely straightened me out to the queen's taste. My appetite is first-rate, and I can now eat anything I want, and haven't had a touch of indigestion or gas since I started on it. That burning sensation has passed off, I never feel dull and drowsy like I did before, my nerves are calm and steady, and I sleep like a log. Tanlac has certainly made a new man of me, and I can't say too much in its praise."

Tanlac is sold in London by Standard Drug, Limited, under the direction of a special representative and by an established agency in every town.

FRECKLES

Don't Hide Them With a Veil; Remove
Them With Othine—Double Strength.

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely after one week.

Be sure to ask the druggist for the double-strength Othine; it is this that is sold on the money-back guarantee.

FOUR FIREMEN KILLED IN GOING TO A BLAZE

VANCOUVER, May 10.—Four city firemen were killed and one was injured late this afternoon, when a hose wagon from No. 11 fire hall collided with the rear end of a street car at the corner of 12th avenue and Commercial drive. The dead are: Captain Jack Frost; Driver Otis Fulton; and Firemen MacKenzie and Morrison.

POPULAR COUPLE HONORED.
ALLSA CRAIG, a number of friends met at the home of Mr. and Mrs. John McNaughton, East Williams, last evening, and presented them with two large leather chairs. Wm. McCallum read the address, and the presentation was made by Messrs. D. A. McCallum and James Brown. A very enjoyable evening was spent by all. Mr. McNaughton and family are moving this week to A. G. McKenzie's farm at Beechwood.

CHILL STARTS COLD

WAS SICK FOUR WEEKS
JUST ABLE TO CRAWL
ABOUT

Mr. Weldon T. Hawkes, Curryville, N. B., writes: "Last spring I was taken very ill with a severe cold. I got wet and it started with a chill. I was sick four weeks, and was just able to crawl about. People all said I had inflammation of the lungs, and I think I did. I told a friend to get me two bottles of Dr. Wood's Norway Pine Syrup, and before the first one was taken my cold and cough were broken up, and the second did its work completely. I am raising a family and I find that it is a good medicine for the children."

There is no remedy that will cure stubborn colds or coughs, the kind that won't let go, like Dr. Wood's Norway Pine Syrup.

It allays the inflammation, soothes the irritation, heals the diseased mucous lining of the lungs and bronchial tubes, and rids the system completely of all the bad effects of lingering coughs and colds.

There are so many spurious "Pine" preparations on the market that you should see you get "Dr. Wood's" when you ask for it.

Put up in a yellow wrapper; three pine trees the trade mark; price 25c and 60c; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
