STREET CLOSED TO PREVENT ACCIDENTS **DURING FAIR WEEK**

Dundas, From Ontario to Quebec. To Be Kept Clear.

Dundas street from Ontario to Quebec street will be closed to vehicular traffic during fair week if Chief of Police Williams deems this necessary. At event, it will be closed during the hours when the crowds are rushing for the when the crowds are rushing for the street cars.

This decision was reached at the meeting of the board of control this morning. Mayor Somerville said that if the crowds this year were much larger than last there would be grave danger of accidents. The autos will leave the park via the Egerton street entrance, and he suggested that the block in question be closed and the autos diverted down Quebec street to Queen's avenue They could then proceed to the city along that thoroughfare.
Controller Saunders said that this plan was followed in Toronto with great success. He thought it might be wise the block closed to all vehicles. o have the block closed to all vehicles.

Admits Being Guilty of Taking

Another burglary mystery has been cleared up by the local detectives, and the culprit was in juvenile court this norning. He pleaded guilty to the charge of stealing, and was remanded for a week. The money which was taken has been restored. Twenty-eight dollars were taken from a purse in a house on Stanley street on Wednesday night. EGGS IS EGGS. To the Editor of The Advertiser: The old saying that "eggs is eggs" eems to be challenged these days. Iessrs. Silverwood, McCallum and Messrs. Silverwood, McCallum and Downham would have the general public believe through the columns of the newspapers that eggs is two-thirds shells. It ain't so. "Eggs is eggs"; that saying is as old as the hens. In the cold, grey dawn of Thursday morning we officially accompanied the trades and labor delegates to Frank's form and say those eggs and seeing farm and saw those eggs, and seeing is believing with us. We're from Misthose eggs were the worse for wear, but for all that, "eggs is eggs." One of the party, suspecting camouflage, commenced puncturing some of the eggs, and we threatened to resign if he perforated any more of them until we had a chance to get on the windward side of the situation. A truce was declared, and the delagates finally dedeclared, and the delegates finally de cided that whether hen fruit is picked

again without suffering from shell shock. Does that prove that "eggs is eggs"? Of course it does.

There will probably be some animated discussion before this subject is placed on file in the city clerk's office, but until some one can definitely show us that eggs is ice cream, we are going to stand by the verdict rendered by
