Ottawa, June 27.—During the four years of the war, from 1914 to 1918, orders-in-council, to the appalling number of 26,333, have been passed by the Borden Government. To this extent has responsible government been discarded and parliament set at naught. It may be contended that the war measures act gave the government wide powers to legislate wihout parliamentary of 1,511 to 21, the striking Tosanction. It did, and these powers were taken advantage of to an extent never dreamed of by those who helped pass the war measures act. But out of the grand total above referred to only 577 mum of 48 cents per hour offered orders-in-council were passed under that act.

The figures are as follows: In 1914 here were passed 5,815 in settlement of the wages disorders, of which 28 were under the war measures act; 1915 there pute, which has resulted in a were 6,245, of which 32 were passed under the act; in 1916 there strike on the system since last were 7,282, of which 116 were under the act, and 1917, there were 6,991, of which 401 were under the act.

A little surprise party had been planned for the special council meeting this evening, but the cat was let out of the bag this morning, and as a result the coup will not come as a surprise. The intention is to spring a resolution to grant increased street car fares without first taking a vote of the people, on the basis of the tyades and labor council's recommendation, provided the street railway company will agree to pay the greater part of the additional revenue to its employees in the form of wage advances, and will restore the service called for under the threat of a strike, and the resultant confusion and inconveniences.

Tie Is Probable.

A canvass of the members of the souncil does not indicate that Ald Wilson's confidence is justified. If all the addermen are present and vote as they stated this morning that they would, the best the mover of the resolution can hope for is at the vote, which the cast into a majority of one against the restrict of the interior.

Ald. Wilson Sponsor.

Ald. W. A. Wilson is sponsor for the resolution, and he expressed to a representative of The Advertiser his confidence that he could secure its passage. His contention is that such a course of action is legal, despite the contrary opinion of the city solicitor, and that it will obviate the imminent.

Motion.

His worship declared today that the threat of a strike had not changed his attitude on the question of increased fares, and that he was still firmly of the opinion that a vote of the people must be taken petore anything can be done. Following is a summary of the expressed attitude of the aldermen.

Many Who Were Dragged Into General Walkout Against Their Will May Find Themselves Without Jobs-Special Committee May Be Appointed To Interview Employers. Famine Prevailed

Winnipeg, June 27.—With the termination of the sympathetic strike yesterday, the general strike committee which ordered it automatically ceased to exist. The position at the Labor Temple is now the same as it was prior to the general strike, the chief authoritative body being the

The possibility of a considerable number of men being left without jobs as a result of the unconditional surrender of the general strike committee caused great consternation at labor headquarters. It was unofficially reported last night that a movement was on foot to get a committee appointed to take up the question of reinstatement with employers, to watch the interests generally of those who though in many cases were dragged into the strike against their will, may find themselves out of work as a result. The failure of many to get their jobs back yesterday is given as the reason for the movement. While no approximate figure could be put on the number whose applications today were turned down, it was declared in labor circles last night to be very large. For the 225 vacancies at the Manitoba Government telephones 350 applications have been received, according to Commissioner George A. Wilson. None of those who had been taken on the staff permanently would be removed in favor of others who had come back after the general strike had been declared off, the commissioner added. The same state of affairs applies to the case of the electricians. There are 100 vacancies to be filled

VERSAILLES PACT MAY TURN OUT TO BE LIKE BOLSHEVIK TREATY AT BREST-LITOVSK

Allied Peace Delegates Fear That Even If Germans Do Sign, No Confidence Can Be Placed in Their Agreement To Keep Conditions of Peace Pact—No Clause As To When Germans Must Ratify the Treaty.

Paris, June 27.—Disappointment over what is termed the apparent weakness of the present German Government is not concealed in peace conference circles, and the feeling has been expressed that the signing of this peace treaty may mean little more than the signing of the Bolshevik pact at Brest-Litovsk did.

The defiant tone of the German note, which grudgingly agreed to sign the treaty without reservations, created an unfavorable impression on members of the various delegations, according to statements made today, and this seemingly has beer intensified by the delay of the Germans in arranging for the carrying out of their promise. The peace treaty contains no provision as to when they must ratify Consequently delay in ratification may cause the peace conference additional annoyance, although it is generally agreed by the delegates that enforcement of the reparations clause need not be delayed until

there is ratification by the Germans. TRISH DOMINION LEAGUE" RECEIVES
