ILLINOIS WINDS UP RECORD CAMPAIGN FOR LOCAL OPTION

Voting on Tuesday Which Affects 1150 Townships, Including 1500 Municipalities.

CHICAGO, April 5.—Saturday saw the formal but not the actual closing of one of the most spectacular and vigorous of campaigns waged in this state since the civil war.

The sole issue has been the licensed saloon, and in eighty-four of the 102 counties of Illinois the voters will be called upon on Tuesday to decide whether the dram shops shall continue their existence within the confines of the various local option districts, as defined by the state law which became effective July 1, 1907. About 1150 of 1206 townships of the state, and about 1500 cities and villages are affected. In addition the saloon question has reached seven other counties in one form or another.

The closing days of the campaign, which has been waged practically since last November, have been marked by many unusual features. The Anti-Saloon League has made most of its fight with the churches and schools as opponents.

Women and children have been taking an active part in the campaign in many communities. White-gowned school children have marched in parade, wearing badges with the legend: "Vote yes for my school." Earnest women have held prayer meetings in saloons and canvassed the towns from house to house, besides pleading with the voting members of their families to cast their ballot against the saloons. In fact, every resource of the politician and many expedients not heretofore brought into play have been used in the effort to win the towns and districts to prohibition.

Against these tactics the saloon and brewery interests have worked with unflagging energy. Speakers have been imported and mass meetings have been held nightly; "personal liberty" leagues have been organized to combat the church and prohibition organization, and the struggle has been carried into the homes of thousands of citizens.

Some of the principal cities where the fight has raged hottest include Joliet, Rock Island, Elgin and Danville. The fight has also been brought to the outskirts of Chicago and ten townships of Cook County lying along the city's border will vote on the question on Tuesday. Both sides are claiming victory.

NORTH YORK LIBERALS NOMINATE W. H. JOHNSTON

Hon. A. B. Aylesworth Says Commission Want Far Afield—Archbishop at Norway.

NEWMARKET, April 4.—(Special.)—When Henry Cane, president of the North York Liberal Association, mounted the platform in the town hall he faced one of the largest gatherings of the rank and file ever gathered within the four walls of the historic old building. Packed to the doors many were unable to gain admittance, and among the throng were many ladies. There was no lack of enthusiasm, and when the mass meeting convened to nominate a candidate to oppose T. H. Lennox, M.L.A., learned that the choice had fallen upon William H. Johnston, lumberman and farmer of Pefferlaw, away back near the shores of Lake Simcoe, the happiness of the delegates and Liberals generally knew no bounds.

Billy Johnston is the man who, at the time of the nomination of Fred Underhill, received some eighty votes to the latter's dozen and declined the nomination. Yesterday (for he was not at the meeting) over the long-distance telephone he signified his willingness to carry the Liberal banner, providing the choice was made unanimous. And it was.

Made It Unanimous. The only other two candidates who allowed their names to go before the convention were W. C. Widdfield, lawyer, of Newmarket, and Joseph Davidson, farmer, of Gwillimbury, and Mr. Johnston, who had 200 votes, a plurality over both of them of 100. Rumor credits the Newmarket lawyer with having been very nervous at the nomination, and sorely disappointed at the result, but he moved and Mr. Davidson seconded the call for unanimity, which carried with a rush.

Archbishop Lays Corner Stone of New Parish House. The corner-stone of the parish house of the English Church of St. John the Baptist, on Woodbine-avenue, was laid on Saturday afternoon at 2.30 by His Grace Archbishop Sweeney, assisted by Rev. W. J. Wright, late of Goderich, at Royce-avenue Baptist Church today. Nothing but favorable comment was heard of the new preacher by those who were present at the services, and the warmth of the reception accorded him will undoubtedly be a great encouragement to Mr. Wright in assuming the leadership of this energetic and flourishing congregation. Work on the new church which is to be erected at the corner of Willoughby and Humboldt-avenues will be commenced about May 1. The estimated cost of the new building, when completed, is \$15,000.

On Tuesday evening the new pastor will be tendered a reception by the congregation. Prof. L. G. Matthews of McMaster University preached at the service to-night, and the Rev. Mr. Wright, who resides at the corner of Jerome and Willoughby-avenues, is in a critical condition, expected to die on Sunday. Mrs. Ed. White of Vellore, where she was paying a visit.

Touching lightly in the outset upon provincial matters, Hon. Mr. Aylesworth devoted a large portion of the time at his disposal to a bitter attack on the Conservative press.

"Reeking with slanders," "sunk to low levels," "full of lies and calumny" were some of the choice phrases thrown out against the Tory newspapers by the minister of justice.

"The business of the country is being delayed, due to the party rancor of the opposition members," said Hon. Mr. Aylesworth, "and with this hope that they may reap some political advantage."

Coming down to the report of the royal commission, recently submitted, the minister of justice declared that they had gone beyond the scope of their mandate, and that the charges made were of so vague a character as to be valueless. He entered into a lengthy explanation of the minister of marine, and declared that the findings of the commission in at least two instances had already been proved to be false and misleading.

He declared that the staff of the minister of marine were appointees of the late administration, and threw out the suggestion that they were otherwise than friendly disposed toward the powers that be. "Trying to serve two masters," said Mr. Aylesworth, "the appointment of Judge Cassels would result in the finding out of the guilty party or parties, and ultimately the separation of the 'Tory goats in the civil service from the Liberal sheep.'"

"I have no anxiety regarding my own election in North York if you honor me with the nomination," nor yet for that of Mr. Johnston, concluded the Hon. Mr. Aylesworth.

left of the Speaker," said C. N. Smith, M.L.A., and the stalwarts of North York cheered him to the echo. He pledged a donation of \$100,000 to the \$500 loan, and declared that the Clergue works gave employment to 4000 men, paid out over \$2,500,000 in wages, and had set out 500,000 feet of steel rails. Ontario had at the present time 9000 square miles of virgin timber lands, which would cut 15,000,000,000 feet of pine, worth, at modern estimate, \$120,000,000. There are no less than 300,000,000 cords of pulpwood. That this had not been dissipated was heralded as a tribute to the honesty of the late government.

The cheap power scheme has already cost \$19,000, he said, which have we got to show for it? "Passing reference was made to the 'Beck incident' in the legislature."

WEST TORONTO. Serious Illness of Supr. Hardy—Town Council Meets To-Night.

WEST TORONTO, April 5.—News of the sudden and dangerous illness of Supr. Hardy will come as a surprise and time past—in fact, surprised was heralded as a telephone pole on which he was working, best of health, and he has been obliged to attend to his duties. However, a few days ago he was found in a very weak condition, seated in his chair at the electric light station. He has been in a semi-conscious condition since then and as he is somewhat delirious to-night, it is feared he may be suffering from an affection of the brain. His home is at 35 Van Horne-street.

A pathetic occurrence took place at Mount Dennis yesterday, in the death of a young Englishman named John Hugh McCusker. Deceased arrived in this country only five weeks ago with his wife and baby, never since he landed he has been feeling unwell, and typoid fever resulted. The funeral will take place to-morrow at 2 p.m., to Prospect Cemetery.

Dr. A. C. Mavety of 69 May-street, who has been seriously ill for a few days past, is much improved, and he expects to be out again in a few days. The appointment of a new policeman and the purchase of a watering cart and sweeper will be discussed by the council meeting to-morrow evening.

There are 55 cars of stock in the Union Stock Yards for to-morrow's market. Owing to the non-appearance of President Buchanan of the Junior Shamrock, who was detained thru illness, the meeting on Saturday evening to elect a manager for the team, was called off. Arrangements will be made to hold another meeting this week if possible.

Albert, the youngest child of Mr. and Mrs. Middle of Herberg-avenue, York Township, died yesterday. The funeral will take place to-morrow at 2 p.m., to Humboldt Cemetery.

Large congregations attended the inaugural services of the new pastor, Rev. W. J. Wright, late of Goderich, at Royce-avenue Baptist Church today. Nothing but favorable comment was heard of the new preacher by those who were present at the services, and the warmth of the reception accorded him will undoubtedly be a great encouragement to Mr. Wright in assuming the leadership of this energetic and flourishing congregation. Work on the new church which is to be erected at the corner of Willoughby and Humboldt-avenues will be commenced about May 1. The estimated cost of the new building, when completed, is \$15,000.

Men's Open-face 20-year Guaranteed Gold-filled Waltham Watch, stem wind and set, 15 jewels in settings, cut expansion balance, patent Briquelet hairspring, hardened and tempered in form, plain or fancy engraved cases. Tuesday \$9.00

BURGLARS AT CHATHAM DETECTED AT WORK

Chased Into Stable They Turned Around and Assaulted One of the Pursuers.

CHATHAM, April 5.—(Special.)—Last night another daring attempt at burglary was made in this city. Shortly before closing time two suspicious looking characters were noticed at the rear of John McConnell's grocery. They were attempting to loosen a window, possibly with the idea of entering by that way later when they were discovered.

A delivery man named Lorimer and a young Scotch clerk named Ferguson watched the thieves and chased them to the rear of the premises, where they took refuge in a stable. Lorimer followed them into the stable, when they both set upon him. He was knocked down and dealt a heavy blow in the face, and the thieves made good their escape. The men are believed to be part of a gang of burglars who have been working in the area since the fire at the American border authorities warned the local police to be on the watch for some time ago, and it is likely they had something to do with the blowing up of the safe at the G.T.R. freight office a few days ago.

Dauphin Cedar, the young Frenchman who was arrested by Provincial Detective Campeau last week on suspicion of his being implicated in the burning of the Joy Club Building, has not yet made the full confession which the authorities had hoped he would.

STEEL PLANT FOR SANDWICH Work Will Be Begun During This Summer.

DETROIT, April 5.—It may now be authoritatively announced that the steel plant of the United States Steel Corporation, which is being built on the Canadian side of the river, will be in some way or other connected with the great industry.

When the property was purchased a year or more ago it was purchased for the purpose of building a steel plant, and the construction of the building of the steel city. The financial crisis, with its attendant business conditions, caused the concern to postpone its plans, not because it did not have the money, but because it was deemed wise to await the readjustment necessary after the recent flurry before undertaking the project.

The statement may be made that the United States Steel Corporation does not intend to build any steel plant on the Canadian side of the river. The steel corporation, as such, may not be interested in the steel plant, but it is believed that the steel trust, which will own the steel plant, will be interested in the steel plant, and it will be the steel trust which will own the steel plant.

While the residents of Detroit and their guests are enjoying the cool breezes on the Detroit River, during the dog days to come, they will witness a procession of vessels heading toward the Canadian shore. It will not be a naval parade, nor part of the program of a water fête. Instead, it will be in the neighborhood of 50 pile drivers being towed into position to drive the foundations for the steel plant docks.

W. H. JOHNSTON Liberal Candidate in North York.

Archbishop Lays Corner Stone of New Parish House.

Touching lightly in the outset upon provincial matters, Hon. Mr. Aylesworth devoted a large portion of the time at his disposal to a bitter attack on the Conservative press.

"Reeking with slanders," "sunk to low levels," "full of lies and calumny" were some of the choice phrases thrown out against the Tory newspapers by the minister of justice.
