Evening Up Over Holiday Gives Market More Activity

Kerr Lake the Strong Feature, Advancing to \$9.00-Other Issues Generally Steady-Crown Reserve Lower.

World Office,

Friday Evening, Dec. 31.

The local mining markets assumed a more active appearance to-day and trading was of greater volume than for some little time. Transactions bore the evident imprint of evening up over the holiday, and the market moved in a rather irregular way thrubut.

Ing Exchange amounted to \$40,521 shares, and on the Toronto curb \$0,336, in all \$80,880 shares, having a value of \$283,527.74.

Cobait Record to Date.

The following summary, compiled by Heron & Co., briefly illustrates the substantial of the summary illustrates the substantial of the summary of

was the only buoyant feature of the day's trading. The majority of the listed stocks remained comparatively steady at recent levels, while the only weak point was Crown Reserve, which was subjected to pressure in the market and responded with lower prices.

Kerr Lake reached the nine dollar der realizing sales, closing at \$3.92. Further discounting of the reported increase in the next dividend discounting the restriction of the restri

those engaged in the business that they are safe in the hands of the people.

The right of fee collection and the privilege of storing feed sold for \$52,100 for the year 1910, as against \$48,700 in 1909. This furnishes a very practical commercial library and the close of the institution.

PRESENTATION TO MR. KENNEDY

PRESENTATION TO MR. KENNEDY

The lower-priced issues were generally unchanged. Beaver lost fractionally in the early dealings, but recovered at 4.05. Crown Reserve—15 at 4.25, 100 at 4.04, 100 at 4.05. Chambers—Fer,—500 at 40. 500 at 40. 500 at 40. Cobalt Lake—1000 at 144, 2000 at 14. City of Cobalt Lake—1000 at 144, 2000 at 14. City of Cobalt Lake—1000 at 144, 500 at 114. Ore Output From Cobalt Camps Ground for Satisfaction

Value of Shipments for 1909 Will Reach Thirteen Millions-Percupine Gold Camp Shows Vast Wealth.

Altho during the recent months the 000,000, the fact that a small town-mining markets for Ontario silver sc-curities have been somewhat undigni-during the same period \$13,000,000 of the New Ontario mining fields since a Ontario.

Juring the whole year much money has been spent in Elk Lake and Gow-practically the only producing field of the north country, the shipments during the present year reached upwards of 30,000 tons, as against 25,60 tens of 30,000 tons, as against 25,60 tens of 10,000 concess of silver to the ton

the year will easily reach \$13,000,300, last camp in gold production as compared with the output of the pared with silver production of the latrevious year of \$10,000 000.

at that, to open up the primeval rocks to secure the mineral wealth contained, it can scarcely be expected that these new regions will be able to demonstrate their wealth in statistics for some ing of the directors of Twin City to-day it was decided to increase the

agricultural wealth produced in Canada for the year 1909 as placed by
the Ottawa government is about \$600,for the current quarter.

fied, and in the main prices have been mineral wealth is perhaps a startling lower, considerable satisfaction is felt revelation to those who are not in at the end of the year on the solid touch with the possibilities of Canada groundwork of the advance made in and particularly of the Province of During the whole year much money

of 30,000 tons, as against 25,600 tons shipped out during 1908. In money values the proportion of increase is even greater. During the nine months up to Sept. 30 of the year 1908, the value of the Cobalt or shipments was placed by the provincial mining department at \$9,385,600, and it is estimated that the total shipments during are to be believed.

It is not, however altogether to Colalt that the Province of Ontario is looking. There are numerous other but the conviction of men, and solid silver fields which have yet to be men at that, who have been thru this accounted for, and which, owing to region, is that it is to be one of the their infancy, have not yet been able preminent gold fields of the world to be estimated in the value of min- and big things are expected to result ral production of the province.

The Elk Lake and (lowganda dis-

tricts were practically only opened a New Ontario seems as yet to be only year ago. Want of transportation in giving surface indications of the rethese two mineral centres has held markable mineral wealth which is reback development work and certainly retarded shipments of ore, which are generations to disclose a tithe of its new awaiting reasonable means of mineral holdings. One thing is certain transportation to some railroad.

During the prospecting season other times district incaveuable to everyone interested in the prospecting season other times district incaveuable market. notably Meteor and Rosy Creeks, but as it takes time, and considerable time at that, to open up the primeval rocks

When it is considered that the total dividend on the common stock from 5

A HAPPY NEW YEAR

as many holders would wish. There are many reasons to account for this, but the incoming year should make amends. Cobalt is producing silver in larger quantities each year, and 1910 should be a banner year.

Many of the Cobalt stocks are well below their intrinsic

worth, and we say, decidedly, buy these.

If you do not know these stocks, we will tell you.
