CANADA'S PEACE ATTITUDE BY SIR THOMAS BARCLAY

Proposition to Settle Difference With America by Arbitration Meets With Favor.

Edinburgh, Sept. 23.—The Institute of International Law to-day discussed Sir Thomas Barclay's proposal that a permanent committee of the institute be appointed for the purpose of dealing with questions arising out of practice before the Hague Court.

In the course of his speech Sir Thomas Barclay referred at considerable length to the agitation regarding a treaty of arbitration between Great Britain and America. He said that he hoped as soon as the election in the latter country was over, substantial progress would be made in this direction, irrespective of which party was victorious.

Sir Thomas said there had been doubt regarding the attitude of Canada on this subject, as he had addressed meetings through the Dominion and found the proposition to settle differences with America by arbitration was warmly welcomed.

Sir Thomas said the peace of the world now depended upon the power of neutrals and instanced the fact that the United States in the Venezuelan affair sent Great Britain, Italy and Germany to the Hague in order to settle their claims.

A committee was appointed to study treaties of international arbitration.

YORK COGNAC SUBURBS

COST OF THE RIGHT OF WAY

What the James Bay Railway is Paying to York County Farmers.

The James Bay Railway on Tuesday bought the right of way across the Watson farm known as lot 6 in the third concession of York Township East, immediately opposite Mill's woolen mills in the Don Valley.

The work is being vigorously prosecuted, so far there has been no interruption from unfavorable weather, and the progress of the work is only limited by the activity of the contractors to secure capable men.

At Yorkville, on corner 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

And there's mighty little argument left for not doing so when a man can step into a clothing department like ours and pick "hot-out-of-the-box" so stylish, well made and good fitting a suit of clothes as we can sell him—and then there's the saving—say from a third to a half on the custom tailors' prices.

The paymaster did not discover his loss until he had arrived at the furnaces. He rushed back immediately to look for the satchel. As he approached the house the boy halted him and inquired if he lost anything. The paymaster said he was looking for a satchel.

"Well, I guess I found it, mister," said the lad. The money was returned. The paymaster rewarded young Fry by giving him 25 cents.
