BOARD OF TRADE HEARS

ADDRESS BY F. W. HOLT

"Still under consideration," was the report of the council of the board of trade last night regarding the rebuilding of the I. C. R. elevator. The council also reported that the increased subsidy for the Westport service would not be provided for by the dominion government unless in the supplementary estimates. Appointment of a dominion inspector for meat locally killed, the board was informed, would not be made until there was a slaughter house here

large enough to warrant it. In addition to these matters the council reported regarding the complaints of the Moncton board about freight delays on the I. C. R., that a clearance officer has been stationed in West St. John and dealing with their action on recommendations for the Valley Railway bridge routes.

F. W. Holt read a paper on Water Powers of New Brunswick, dealing with the various sources of power available from the streams and rivers.

"At a meeting of St. Monica's Catholic Ladies' Benefit Society yesterday reports were submitted showing that some 290 garments had been made for Red Cross and other charitable purposes.

You Should Worry If
it were difficult to find a safe and reliable remedy for the ailments due to irregular or defective action of the stomach, liver or bowels. These ailments are likely to attack anyone; likely, too, to lead to worse sickness if not relieved.

Beecham's Pills

are famous the world over, for their power to correct these troubles certainly and safely. They cleanse the system, purify the blood and act as a general tonic upon body, brain and nerves. Indigestion, biliousness, constipation might, indeed, cause you prolonged suffering and expose you to danger if Beecham's Pills were not on hand.

Prepared only by Thomas Beecham, St. Helena, Lancashire, England. Sold everywhere in Canada and U. S. America. In boxes, 25 cents.

REVOLUTION SIMMERS

AT CONSTANTINOPLE

Enver Pasha Blamed For Coming

Ruin of Country—Executions

Become Frequent

London, Feb. 2.—H. F. Baldwin, a correspondent at Saloniki writes that if reports received there are to be credited all Constantinople is "one simmering revolution."

"The Turkish officers realize," he writes, "that unless Enver Pasha, former minister of war and leader of young Turk party, is deposed from his control of affairs Turkey's ruin is inevitable and certain."

"Executions are frequent. Turkey's declaration of war was the signal for an outbreak of mob violence. The mob looted and wrecked Totakalli's Cafe, a Russian establishment which was much frequented by war correspondents during the Balkan campaign. All the bakeries and European stores were served similarly."

"The mob, inflamed with Totakalli's wine, and crazily excited by clothes stolen from the stores totally wrecked a large establishment at Galata bridge where English clothing was advertised for sale."

"The Turkish authorities of Constantinople are greatly perturbed, owing to the fact that a wireless plant is known to be in operation at some place in the vicinity of Constantinople or Adrianople and they are unable to find it."

Club at Bond's yesterday after which

a procession of the members was formed and headed by four soldiers escorted the unique wheel to the store of Waterbury & Rising, Ltd., in King street where it was on exhibition in their window in the afternoon.

THE GOLDEN WHEEL.

A member of the Los Angeles Rotary Club conceived the idea of this unique invitation to the Rotarians of the world and friends to attend the California Exposition in 1915. The Los Angeles Rotary Club invited the six other clubs of California—Oakland, Sacramento, San Diego, San Francisco, San Jose, Stockton—to join them in extending the Rotary invitation which resulted in this beautiful golden rotary wheel with its smaller wheels for each Rotary club.

This golden wheel was designed and made at great expense and presented to the International Association of Rotary Clubs. It was originally intended to have a California man take the wheel, personally visit every Rotary Club and exhibit it in the various Rotary cities, but failing in their efforts to get the right man to do this, the International Association has undertaken, with the help of 125 affliating clubs, to send this golden wheel to every city where there is a Rotary Club conveying a cordial invitation to all Rotarians and their friends to visit San Francisco, San Diego and all other cities of California during the Panama-Pacific Exposition at San Francisco and the Panama-California Exposition at San Diego.

The large wheel represents the International Rotary emblem, while the seven small wheels inside represent the Rotary Clubs of California. These wheels are made of California gold. The small wheels below the large wheel represent the various Rotary Clubs affliating with the International Association, though several additional clubs have been affliated since the wheel was made.

Because San Francisco and San Diego are to have expositions in 1915, the exhibition seals are engraved on those two wheels.

The Los Angeles wheel has the bell tower of the San Gabriel Mission; Sacramento has the state buildings; Oakland, the new city hall; San Jose the Lick Observatory; and Stockton, the horn of plenty.

The golden wheel was first exhibited at the seven California cities, represented by Rotary Clubs. It was then placed in charge of the Los Angeles delegation to the International Convention at Houston, Texas. The delegation left Los Angeles with the golden wheel, June 19, 1914, stopping enroute at Phoenix, Ariz., and El Paso, Texas, both Rotary cities, where the wheel was placed on exhibition. They arrived at Houston, Sunday afternoon, June 21. The wheel was duly presented to the International Association and placed in charge of secretary Chesley R. Perry.

The wheel was shipped to Halifax last night under guard and will be displayed by that club today.

Lumber Dealer Passes Away After Illness of Two Weeks

George McKean, the well known lumber dealer, died at his residence last night at the age of seventy-four. He had only been ill a fortnight and up to that time had been actively engaged in business.

The late George McKean was born in Arran, Ireland, in 1841 and in 1867 he was sent out to St. John as the representative of the firm of Francis Carvell & Son. He continued in that capacity until 1872 when he was admitted into partnership and the name of the firm was altered to Carvell, McKean & Co. This firm soon became one of the principal lumber firms in the province and transacted a large business, but was dissolved in 1888. The late Mr. McKean

Canada has agreed to pay \$15,000 to the shooting of two American poachers at Niagara.

James Anderson, of Knightville, Kings county, was found in a barn there yesterday with a bullet in his brain and a revolver by his side. No hope for his recovery is held.

The Masonic Hall in Hampton, now occupied by A. J. Sollows as a neckwear factory, was destroyed by fire last night. He had insurance of \$2,000 and estimates the loss at about \$5,000.

Nine Democrats yesterday bolted their party on the ship-purchase bill in Washington and voted with the Republicans in an effort to have the measure sent back to the commerce committee. Pandemonium reigned and it was only by clever management that the Democrats secured adjournment with the understanding that the bill be taken up today.

Washington, Feb. 1.—Under an agreement reached tonight the Canadian government will settle claims growing out of the recent shooting of two American duck hunters by Canadian military men, by paying \$10,000 to the parents of Walter Smith, who was killed, and \$5,000 to Charles Dorsch, who was wounded, in addition to all legal expenses.

The college professor, greatly beloved because of his kind heart, but very absent-minded, visited his married niece and listened to her praise of her first-born. When she paused for breath, the professor felt that he must say something.

"Can the little fellow walk?" he asked with every appearance of interest.

"Walk?" cried the mother indignantly. "Why, he's been walking now for five months."

"Dear me!" exclaimed the professor. "What a long way he must have gone."

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa.—"When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound."—Mrs. FRANK CLARK, 2146 N. Tulip St., Richmond, Pa.

An Easy Way To Increase Weight

Good Advice For Thin Folks

The trouble with most thin folks who wish to gain weight is that they insist on dragging their stomach or stuffing it with greasy foods, rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of the thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its re-generative, constructive power to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Leading druggists of St. John and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.

BRONCHITIS

If Neglected Will Surely Turn Into PNEUMONIA.

Bronchitis comes from a neglected cold. It starts with a short, painful, dry cough, accompanied with rapid wheezing, and a feeling of oppression or tightness through the chest. At first the expectoration is of a light color, but soon becomes copious and of purulent character.

You have, no doubt, wakened up in the morning and have had to cough half a dozen times before you could raise the phlegm from your bronchial tubes, and when you do succeed in doing so you find that it is of a yellowish or greenish color, and you get some relief right away. When this happens to you, you may rest assured that you have a touch of bronchitis, and if not cured immediately it will sooner or later develop into pneumonia or some other serious trouble.

Cure the cold, and thereby prevent bronchitis and pneumonia taking a hold on your system.

This can be quickly done by the use of DR. WOOD'S NORWAY PINE SYRUP.

Mrs. Rebecca Hare, Mahone Bay, N.S., writes: "My little boy, aged six, was always troubled with bronchitis, and when he had whooping cough he was worse. Doctors advised me to use Dr. Wood's Norway Pine Syrup. It gave him instant relief, and positively cured him."

Price, 25c and 50c.
