Hopeful For The Championships At Millidgeville

While nothing definite has been received from the Maritime Amateur Rowing Association regarding the awarding of the sanction to the Millidgeville Club for the holding of the 1923 Championships, the members of the local club are carrying out their plans for Aug. 28. The course is being logged and buoys will be placed in position. All events will be held by local oarsmen with the exception of senior four-oared crews. President R. MacIntyre of the association wired the New Brunswick secretary last week that Halifax members thought it absurd for eight four-oared crews to journey to St. John to row against each other when there was no competition for them in St. John.

Former King Of Rollers Is Home

Len Saunders recalls roller skating times in Queens-Rink. Speaking about his career on the rollers, Mr. Saunders related how he broke into the game. "All the boys at that time had a craze to go on the stage and I was one of the boys. The company I was playing with got stranded at Bangor, Maine, one day and while waiting a few hours, I strolled into a roller skating rink and tried on a pair of skates. I was very nervous, but I was in fine trim but he seemed just as good. I won but by barely ten yards. When I went into the dressing room, I was simply could not speak. It was five minutes before I could utter a word. I was completely skated out."

Only One To First In Six Innings

New York, Aug. 14.—Lee Meadows, Pirates' pitcher, won the first game of the series on Ebbets Field. For the first six innings the Pirates failed to cross the sack a single time. Not only that, but Tommy Griffith was the only man of the Brooklyn outfit who even reached first base in the first six and he drew a base on balls.

Knock-Out In Second Round

Pirpo Puts Weinert Away—Argentine Fighter, Weighed 212. Luis Angel Pirpo, South American heavyweight, knocked out Charles Weinert of Newark, N. J., in the second round of a scheduled eight round bout, which was held in Philadelphia last evening. Nate Goldman outpointed Bobby Barrett, Jeff Smith of Bayonne, outpointed Andy "Kid" Palmer in eight rounds, and Alex. Hart outpointed Danny Kramer. A large number of people attended the bout. The knockout came after one minute and forty nine seconds of the round.

Engineer Tells Barbecue Secret

Just as Easy to Feed 20,000 People as 20, Says Thornton. Mr. Thornton is known throughout the South and Middle West as the director of gigantic barbecues, and his achievements would put even a New York business man to shame. "As soon as it is definitely agreed that I am to engineer one of these barbecues, I get right on the scene with my corps of helpers, which numbers about one hundred and fifty," said Mr. Thornton, who is now in St. John. "My chief is a man who has been with me for years. He is a great big, jolly, capable negro, weighing in the neighborhood of 350 pounds and what he doesn't know about the giving of barbecues!"

St. John Man In Scoring at D. R. A.

Gunner J. L. Ward of Moncton, N. B., won the first prize, \$15, in the opening match of the Dominion of Canada Rifle Association meet held at Connaught, Ontario, yesterday with a possible \$8. P. Selwood of the 2nd Regiment topped the score in the McDougall competition in the afternoon with 67 out of a possible 70. The McDougall Challenge Cup was won by the 2nd Regiment. The competition there were 182 entries in the open prizes and the trophy match. The 2nd Regiment won the trophy match. George MacDonald, Cornwall, P. E. I., 65; S. M. L. A. J. Hill, Halifax, 64; S. D. Morrison, St. John, N. B., 64; J. P. Landring, Prince Edward Island, 63.

Archery Experts Gather In Chicago For Annual Meet

Chicago, Aug. 14.—(By A. P.)—The forty-third annual tournament of the National Archery Association of the United States will be held beginning today and lasting until Friday. The meet expert bowmen and women from all over the country are expected to compete for some cups and medals. According to Dr. B. L. Rawlins, secretary of the Association, at least 70 archers will be on hand at the opening. Dr. Robert P. Elmer, of Wayne, Pa., who has held the men's championship since 1915, with the exception of one year, will be unable to attend the meet. Dr. Elmer is also the holder of the distance record for the last meeting, 289 yards and 9 inches. James J. Warr, of New York, who has held the women's championship since 1915, will attend the tournament. Interest in the archery sport is steadily growing, despite the handicap imposed by the war and its aftermath, according to Dr. Rawlins. The tournaments are becoming more and more popular, and a large number of people are becoming interested in the game that was a profession before the coming of the automobile.

Crippled Children Saved From Fire

Forty Are Rescued By Nurses As Hospital Burns at Scituate. Boston, Aug. 14.—Forty children, most of them suffering from infantile paralysis, were assisted out last week during a fire at the Scituate Hospital at Scituate. Twenty nurses rescued the children, helped to dress them and helped them to get outside before the fire department arrived. The blaze started in a laundry in an old building at 2 o'clock in the morning. The fire department turned on the night before, ignited the surrounding wood-work. Miss Hopkin and Miss Schuchman, who were asleep in the building, were awakened and gave the alarm. All of the children had left the main building before the flames spread to that part of the hospital. None of them were injured. They were taken to neighboring houses and later in the day removed in automobiles to the St. Vincent Floating Hospital, Massachusetts General Hospital and the Children's Hospital. Schuchman and Cohasset fire departments saved most of the main building and the greater part of the furniture. Damage is estimated at between \$5,000 and \$7,000. The "Repair Shop" located on Kennebec road is a specially fitted part of the hospital, has been used as a home for crippled children for about four years. The building was built by Dr. Harry C. Lowe of North Pembroke.

GAMES TONIGHT

St. Peter's and Moncton will play their evening game at St. Peter's Park in a two-league fixture. It will be started at a quarter to seven, as a game between these teams was carried off half past three this afternoon to catch up to schedule. Rain prevented last night's contest of the Vets and Moncton but the bad weather hoodoo has been chased by the bright sunshine of today and grounds and players should be in for a fine battle tonight. Saturday's play, it will be remembered was interrupted by rain. The weather so the return to good conditions will be welcomed by the fans eager to see a snappy nine lining contest. In the South End League this evening the St. John Baptist team will meet the Sugar Refiners. The deciding game for the Intermediate League championship will be played this evening between the St. Luke's and the Canucks on the Nash-week diamond. The Thistles of the Y.M.C.I. Junior League will play the St. Rose's Juniors.

LOCAL NEWS

Eight little girls by their own efforts raised \$8 for the St. Vincent's Infant Home. The girls were Lorna Urquhart, Helen Palmer, Dorothy O'Connor, Gertrude O'Connor, Dolly Wright, Barbara Kelly, Sylvia Hamm and Lena Urquhart. Committees having in charge arrangements for the Veterans' picnic next Monday met last evening and decided that the picnic should be held at the Nash-week diamond. The food for the picnic will be served on wooden plates and the actual serving of these 20,000 people should not take more than an hour and a half, and everything moves like clockwork. William L. Peak of Hopedale Mill, Albert County, was quite severely hurt on Thursday last when he was thrown from a mowing machine while working in the hay field. At the annual Rotary Club picnic on Fred A. Dykeman's grounds at Onondaga, on next Friday, Rotary governors and secretaries from Moncton, St. Stephen, Fredericton, Sydney, Miramichi, Yarmouth and St. John's, Nfld., are expected to meet with district Governor Spangler here on Friday and will be extended an invitation to attend the picnic.

IN PRAISE OF WHISTLERS

Artists Cannot Give Excuse: "I Left My Music Home." New York, Aug. 14.—Alfred Miriam Heller, who has a studio for the instruction of whistlers in Reading, Pa., declares that while whistling is undoubtedly one of the most primitive forms of musical expression, there is also an art of whistling which belongs to the class of higher musical accomplishments. Heller, who is much in love with his work, has the distinction of having had his "whistle" trained in the only school for professional whistlers in the world—the California School of Artistic Whistling, Los Angeles—and wants to help other whistlers to develop this unique gift. "It is perfectly possible to have a chorus of trained whistlers that is certainly as lovely, if not lovelier, than the ordinary choral work," said Miss Heller. "Out in Los Angeles we had a group of forty whistling voices, and the results we got were remarkable and very beautiful. The chorus of whistlers was immensely popular, not specially because it was so novel, but because the music was genuinely worth while and people liked it. "Nor is whistling good just to listen to. It must be made a part of a healthful exercise that it without parallel for lung development. In addition, the person who whistles never has to make the old and time-worn excuse of the pianist or player of other instruments, 'I am sorry, but I have left my music at home.' Nor has the whistler ever to worry about colds, flu, or any other ailment that affects the vocal cords used in the production of a whistling tone. Last, but not least, whistling possesses an instructive expression that is no trouble, that is never left at home by mistake, and that doesn't depend on correct temperature of the room or any other variable medium."

FINES FOR PARK LITTERERS

New York Magistrates Agree on \$5 With Jail for Second Offenders. New York, Aug. 14.—A warning to all persons who litter the parks with papers or other refuse that fines of \$5 each for first offenders and jail sentences for second offenders would be in the future has been given out by Magistrate William A. Sweetser in Yorkville. Magistrate Sweetser said that between 400 and 500 cases of violation of the park ordinances had been heard in Yorkville Court since the beginning of summer, each offender having been fined \$1 or \$2. He said that all the Magistrates of the city had agreed on the higher fines and on jail sentences for second offenders. Bamboo holds the record among plants for quick growth.
