WANTS JEFFRIES AS THE REFEREE

Edgren's Choice for the Big Fight.

Edgren, stakeholder and final arbitrator of all disputes between Jack Dempsey and Georges Carpentier and Tex Rickard, promoter, favors the selection of James J. Jeffries, former world's champion, as referee of the championship contest.

Edgren made this announcement after another conference with Jack Kearns, manager of Dempsey, on the referee situation over which a controversy is raging because of the desire of the Dempsey boxing commission to appoint a New Jersey referee.

Batling Glee, the Memphis 185 pounder who waited for eight days for an opportunity to take a few punches at Dempsey, probably is sadder but wiser today. Glee faced the champion for the first time yesterday and was on the floor three times during their two rounds, and also lost two teeth.

Manhasset, N. J., June 13.—The story that Georges Carpentier lost his fortune during the war and consented to fight Dempsey as a means of replenishing his bank account has been branded here as "idle talk."

One of the challenger's most intimate friends said today that Carpentier wants the public to know that he is fighting Dempsey for glory. "Few persons, this man said, know that Carpentier has money enough to permit his retirement from the ring now and keep him and his family in luxury for life."

NEW MOVE FOR IRISH PEACE?

London Has Rumors of Government Move.

Delegation May Seek Meeting With Representatives of North and South—Gen. Smuts, Viscount Grey and Earl of Derby Mentioned.

London, June 13.—Adjournment of the debate in the House of Lords yesterday after weighty arguments by Lord Buxton and Viscount Bryce in favor of amending the home rule act and entering into negotiations with the moderate Sinn Feiners, together with the announcement that the government would reply on Thursday, brought out new peace rumors yesterday.

Suggestions are also made that advantage should be taken of the presence of the dominion premiers in London to make renewed efforts to reach a settlement of the Irish difficulties.

The idea generally favored is that some prominent man like Jan Smuts, premier of the Union of South Africa, Viscount Grey and the Earl of Derby should be designated by the government to meet a delegation representing the northern and southern Irish parliamentarians and endeavor to negotiate an acceptable compromise.

Although nothing definite can be learned there is an impression that the government is about to make some new attempt in this direction.

A Battle Near Cork.

Cork, June 13.—Twenty-five auxiliary policemen beat off a force of 300 Sinn Feiners after a fierce fight at Rath-coole last night, when four lorries were destroyed. Three road mines were destroyed, and the attacking party fired upon the policemen from trenches and walls. They were forced to retire, however, losing one known killed and many wounded. It is believed that three of the attacking party met death during the fighting. The crown forces lost two killed and four wounded. Reinforcements were rushed to the scene and were searching the countryside early today.

OUT OF WORK, LITTLE TO EAT

Worker Were Unable to Get Their Pay Because of Financial Stringency.

Kingston, Ja., June 13.—A serious uprising among the laborers on the Paracola estate in Cuba is reported in advices received here. In the riots which broke out when the laborers were unable to obtain their wages one of the rioters was killed and four others were wounded.

The situation in Cuba brought on by the closing down of sugar estates on account of the financial stringency is said to be serious.

VOTE TO ACCEPT.

But Spinners Refuse to Sign till Agreement Goes to Districts.

Manchester, England, June 13.—The Manchester spinners' association, representing all branches of the cotton industry, voted to accept the employers' offer for a settlement of the cotton strike, a hitch occurred when the spinners delegates refused to sign the agreement until it had been approved by their members in various districts. Meantime the mills will remain closed.

Confesses to Kaber Murder

Cola Says He Helped to Do It.

Buffalo, N. Y., June 13.—Salvatore Cola, arrested yesterday at Eden, near here, confessed, according to District Attorney Guy B. Moore, that he was one of the two men who killed Daniel Kaber of Lakewood, Ohio, publisher, in the summer of 1919. According to the district attorney, Cola said that he held Kaber in bed while Victorio Pisselli, a companion, stabbed the man to death. This arrest of Cola followed information given a local probation officer who learned that the man was staying at the farm of Joseph Glitz, a relative, at Eden. Cola was found hiding under a barn. He did not resist arrest.

Mr. Moore refused to make public Cola's alleged confession, but he gave out what he termed as summary of the essential facts in it. This in part, was as follows:

"When Cola and Pisselli entered Kaber's room he was slightly aroused, but Cola said he held him while the other man cut him up with a knife. Kaber struggled with him and Cola's partner in the crime cut several times again. Kaber may have tried to shout, but his mouth was muffled by Cola's hand. They left him dead in bed before they left the room.

Cola did not receive the money and the money was muffled by Cola's hand. They left him dead in bed before they left the room.

REMOVAL OF THE EMBARGO WILL BENEFIT BRITISH

London Daily News Champions Cause of Canada in the Matter of Cattle.

London, June 13.—(By Canadian Press)—Proceedings before the Royal Commission enquiring into the embargo on Canadian store cattle are being watched with much interest not only by home beef producers and the trade generally, but by the consumer.

Daily News in a recent article displayed on the front page attributes the cause of high prices to the limited supply of home-killed meat and the control of killings by the trade. It said in part as follows:

"When the British government removes the embargo against the landing of Canadian store cattle and re-opens the Deptford cattle market for the reception and slaughter of cattle and sheep from all exporting countries the home consumer will get cheaper meat.

"This is the reply of several trade authorities to the outcry against dear meat prices. Each of them also emphasized the fact that the country could not hope to get cheaper meat until the government took that course.

"Inquiries by a Daily News representative show that the country is in the grip of economic forces—the inevitable aftermath of war—which automatically work to keep up prices against the consumer.

"Subsidy causes may be to blame to some extent, but the main cause is the dearth of home-killed meat, a problem that could be remedied to a great extent by importation of live cattle.

"Our herds and flocks have suffered a heavy depletion, especially since the war, and we are now depending on imports for almost seventy per cent of our meat supplies.

"Coincident with the decline in home herds and flocks—due partly to the excessive slaughter of calves—there has been an increasing demand for fresh killed meat and chilled meat of good quality.

"Supplies of chilled beef—the next best in quality to home-killed—are of necessity limited to immediate market requirements, because the meat must be put into retail sale within a few days of unloading from the ships.

"Home-killed meats, for which there is the greatest competition, are retailed on the average at almost double the war prices.

"As supplies are limited, senders are able to maintain their prices by reduced killings whenever there is a fall in the market rates.

"The price of home-killed meat, therefore, dominates the meat trade prices.

"But, given greater supplies by the removal of the embargo on Canadian store cattle—in other words, free trade in live cattle for fattening in this country—prices of both home-killed and imported meats would automatically slump to a lower level."

MRS. SANFORD IS AGAIN CHIEF

President of National Council of Women.

Calgary, June 13.—The National Council of Women elected Mrs. W. E. Sanford vice-president yesterday.

The vice-presidents are Mrs. Willoughby Cummings, Lady Gibson, Mrs. Adam Scott, Hon. Mrs. Rice Smith, Lady Taylor, Dr. Ritchie England and Mrs. Arthur Murphy.

The report of Mrs. R. C. Edwards on marriage laws in Canada was the subject of a lively discussion yesterday. She outlined briefly the different laws on this subject, existing in the various provinces and quoted figures showing the different age limits for the validity of marriage.

There is a uniform limit of 14 years for boys but the limit for girls vary from 12 years in Quebec to sixteen in British Columbia, Prince Edward Island, New Brunswick, Nova Scotia and Saskatchewan require only the consent of the parents to establish the legality of a marriage when the contracting parties are minors.

A vigorous protest was registered by many members against the Alberta law which legalizes marriage of the girl of 14 when it is for the purpose of legitimizing her child.

The council adopted a resolution expressing its disapproval of the inequality between the sexes in respect to the marriage and divorce laws. Some members were especially incensed at the law which permits a man to marry his deceased wife's sister, which prohibits a woman from marrying her deceased husband's brother.

The council expressed itself in accord with pronouncements made by some churches in criticism of women's attire of the present day, said to be "extreme."

A resolution was also passed urging concerted action throughout Canada to relieve the "inadequate housing situation in the larger centres of population."

WHERE FRAUD IS SUSPECTED

Government to Probe Report of Irregularities in Matter of Exchange.

Ottawa, June 13.—(Canadian Press)—An independent audit of the books of those departments which are involved in irregularities whereby the government has been defrauded of thousands of dollars in exchange, has been decided on, and G. T. Clarkson, of Clarkson, Gordon and Dilworth, Toronto, has been engaged to make the audit.

The announcement was made by Sir George E. Foster, acting prime minister, at the close of a cabinet sitting this afternoon. It is understood that the auditor will start work on the books of the militia and other departments next week.

At present certain officials of the militia department are under arrest charged with assisting in the frauds whereby the government is said to have lost an appreciable sum of money. In some quarters the amount lost is said to be less than \$10,000.

Ernest A. Robinson and Arthur E. Hill, of Ottawa, who were charged with obtaining money from the department of militia and defence with intent to defraud, were acquitted by a jury some few days ago.

The two boys were working alone in a room, assorting cotton waste. Vesina, the victim, had a knife which he used to cut the waste. The first indication of the tragedy was when Tariff rushed from the room, stating that Vesina had stabbed himself. Vesina was found dying on the floor unconscious, with blood flowing from a wound in his left breast. He died within ten minutes, without regaining consciousness.

An appeal for organized labor to keep up its fight to free Thomas Mooney and Warren K. Billings, convicted in connection with the San Francisco Preparedness Day bomb plot, was made by John Lewis, brother of Thomas.

Interest in whether John Lewis, president of the United Mine Workers, would oppose President Samuel Gompers for re-election continued at high pitch. Lewis continued to maintain silence, but it was learned that he had established headquarters at a local hotel, where representatives of the mine workers from all sections of the country were gathering. Lewis boomers were active canvassing the various delegations.

It is said that a magistrate may be chief coroner, with several assistants. The elimination of coroner's inquests before a successor to the late Chief Coroner Arthur Jukes Johnson of this city is appointed, according to an intimation from Attorney-General Raney, and it is doubtful if a successor will be appointed. Changes will probably be made in the act at the next session of the legislature.
