AEROPLANES DIRECT ARTILLERY FIRE

The use of the Belgians made of aeroplanes is shown by the correspondent of the "Nieuwe Rotterdamse Courant," who writes on August 10 from the extreme south of Holland:—
"Standing on the frontier, I could see the German encampment 600 yards away. Belgian aeroplanes reconnoitred and returned. Immediately the guns opened fire, finding the encampment with the first round. The Germans retreated hurriedly."

At dinner she had a doctor on either hand, one of whom remarked that they were well served, since they had a duck between them. "Yes," she broke in—her wit is of that sort that comes in flashes—"and I am between two ducks!" Then silence followed.

London's Beauty W

Weekly Selections from 1 Experts Writing for the E Simple and Effective

By OGA AXEMIEL, Special Correspondent

Each week in this department I will send clipping from the London papers, to keep you informed on the latest and best advice of the experts. Owing to the persistent demand most papers and periodicals are now devoting much space to the subject of beauty culture. Many serious considerations of beauty culture, and the latest and best advice of the experts, are being published. Any and all of these, obtained from Canadian chemists or druggists, so I am told. Look out for next week. I shall endeavor to keep right up to date.

Some Hair "Experts"

Don't wet the hair frequently. Don't clip. If you have no climatic waves, don't let the hair grow out. Don't let the hair grow out. Don't let the hair grow out.

THE RHEUMATISM CURE

Do women who are annoyed by dragging down hair growths a method of making the most of their good looks do not give more attention to their hair than men. Striking gently with a soft carboxyl of good salicylic acid, and only enough water to make a paste, and apply it to the hair. The result is an immediate relief. The hair grows out. The hair grows out. The hair grows out.

Book For Men, Free

8,000 Words, 80 Illustrations

TO MY READERS:
Of little illustrated advice book described below, which I gladly send free to all men who fill in the coupon. I beg to say that it represents the very BEST information of a private nature which I am able to offer you as a result of over 25 years observation and study of my subject, during which time I have personally interviewed many thousands of men, young and elderly, single and married, rich and poor, who have come to me in confidence with their confessions of debility, lost nerve force and falling strength. It is, reader, this vast and unusual opportunity which has enabled me to compile this very popular and valuable little free book (over a million of which have been sent everywhere to men who wrote me for them), and in a manner to reflect the exact living, breathing experiences and needs of real men who sought information as to the newer ways of self treatment without the use of drugs.

Remember, this book of over 8,000 words and 80 illustrations will come to you by return mail in reply to your request, and in a perfectly plain, sealed envelope, for it is no one's business but your own what the envelope contains.
