COSTS JUNK MAN \$4
Commissioner McLellan Presses For Fine in Sidewalk Case

Israel Goldberg of Reed's Point, was in the police court this morning charged with obstructing the sidewalk with his wares. Commissioner McLellan said that he had given warning to Goldberg and others in the junk business time and time again but that it had not made them mend their ways. Those in Point street as well as at Reed's Point constantly had their goods littered over the sidewalk and thus proved a nuisance to the public. He suggested that as heavy a penalty as was possible under the law should be imposed.

The magistrate agreed with the commissioner's sentiments and fined Goldberg \$4.

THE LOCAL FISH MARKET

On Friday the day generally observed as sacred to the fish, a little information about different varieties of the piscatorial tribute was published in your issue of today. Four kinds of fish were for sale today—salmon, halibut, haddock and cod. The salmon season has but a week more to run and until then there will be enough to supply the local market; there have been no outside shipments for some weeks. The prices at which salmon sells range from 18 to 28 cents, according to the kind of fish, but just at present are scarce and high, as this is about the last of the season. The average price at present is 18 to 20 cents.

Ok! the local fishermen have been catching some tinker mackerel in the harbor, a fish which has not been caught there before in more than fifteen years. They are small but are of a very choice quality. So far the larger mackerel which are caught near Canso and Halifax have been very scarce. As these fish run in schools the supply varies greatly, with ordinary luck there should be a large number in from now on. What there are of them are selling for 25 and 30 cents each.

This season the fishermen around Canso have been capturing sword fish, but the public have not become used to them as yet and the quantity sold is small. In the States there is a great demand for this fish. There are a few here, but they are brought in from the States, they are bringing twenty-four cents a dozen.

THE TRAINS

Owing to some trouble up the line the Halifax express which is due to arrive in the city at 6:15 a. m. was delayed about an hour and a half today, and came along to the different stations at the time when the morning suburban is due. As a result the express which is a train with one first class coach and a pullman, took all the suburban passengers who usually fill four cars. There was a great crushing and much merriment but the suburbanites reached their work on time, the regular train came in about twenty minutes later with empty cars. The only people put out were the passengers who intended going west on the Boston express; she left on scheduled time and her would-be passengers are touring St. John today and will continue their journey on the Boston train tonight twelve hours later than they had intended.

CARBOLIC IN MISTAKE FOR HER MEDICINE

Given to Mrs. Edward Dunham, But Noticed Quickly and Life is Saved

After having taken carbolic acid by mistake, Mrs. Edward Dunham is slowly recovering at her home in Bellevue avenue. She had been ill for a little while, and her physician had left a prescription which had been filled. A few evenings ago, when it was the hour for taking the medicine, Mrs. Dunham asked a young woman who was in the house to get it for her, pouring the required quantity as called for. It happened that in the place where the medicine bottle was standing there was also a bottle containing carbolic acid, and some of this was poured out in mistake. Mrs. Dunham drank it, but its effects were almost immediately noticed, and the danger realized. Medical aid was summoned and everything possible was done with the result that today the sick woman is somewhat improved and her complete recovery is looked for.

Mott, supreme regent; Frank B. Wickerham and Hon. E. N. Nead of the Supreme Council, Harrisburg, Pa.; Past Grand Regent Kimball, Grand Guide F. E. Wetmore and Grand Regent H. H. James will be present. Tomorrow the visitors will be entertained to a trip up river on the S. S. Majestic. The steamer will leave downtown at ten o'clock returning to the city about six o'clock.

THEY GO HIGHER UP

Moncton Letter Puts Bien And Shankey in Proper Place in Batting List

Interest in the baseball situation in St. John is not confined to local fans alone—there are others outside the city, and proof of this is shown in a letter laid on the desk of the sporting man of the Times this morning in the mail from Moncton. The writer draws attention to the fact that there was a mistake in the batting averages published yesterday. He was right, too, and correction is gladly made.

The writer says in part 'Kindly publish in fairness a correction of their batting averages as published in your issue of today. If you will look at the number of hits made by each you will realize that the averages are 288 and 291, instead of 281 and 222.'

That fellow's a real fan. Wonder how many others at home noticed it? It certainly looks as though he followed the game with interest. The Times is pleased to do justice to two such good and popular players as Bein and Shankey.

ONLY THING BACKWARD IS STREET RAILWAY SERVICE

Former St. John Man, Home After 18 Years, Talks of Improvements

James McDonald, of Saginaw, Mich., accompanied by his niece, is visiting at his old home, 82 Autumn street, after an absence of eighteen years. In speaking to a Times reporter he said that he had heard of the great improvements in St. John, but that what he had already seen in the short time he had been here was beyond his expectations. He came to the city via Boston, arriving here on Monday.

"I see a great improvement in the steamboat service," said Mr. McDonald, and we enjoyed the trip immensely," Mr. McDonald, who is a member of the Knights of St. John, attended a meeting of the lodge since his arrival and renewed many old acquaintances, among them being John Beamish, whom he remembered as a letter carrier of twenty years ago. He was surprised to find him still hale and hearty.

BAPTIST NOTES

Rev. W. Amos, recently from Scotland, expects to spend Sunday on the Wickham field at Shannon and McDonald's Point.
