A SUGGESTION. Now that the new permanent pavement has been finished in Germain street, there is much adverse comment on the unsightly billboard that occupies the vacant lot on the corner of Princess and Germain streets. It is felt that some steps should be taken to have this board removed, and a neatly painted fence put up in its place, or it would be better still if a building was erected thereon.

COMPANIES MAKING MOVING PICTURES FORM A MERGER

St. John Will Now Be on a Par With the Large American Cities in Subjects Supplied

A merger of film producing companies in Canada will go into effect next week and by it it is claimed there will be an improvement in the class of films sent to the motion picture houses in St. John and elsewhere. Heretofore the business has been conducted by two competing companies, the Kinetograph Company and the Klens Ophtical Company through Canadian branch houses in Montreal and sub-branches in St. John and other places. The former company had its office in the Oddfellows' Building and the latter in Prince William street. After next week the two concerns will be merged under the name of the Kinetograph Company, with the office in the Oddfellows' building. One result of the merger will be to do away with the competitive rates heretofore existing and to give the local picture houses a film service of all the best class of licensed films from the best makers in the United States and foreign countries, thus putting the local theatres on the same footing as the large American cities. The film subjects from this time forward will likely take in a much wider range as all the better class companies will be represented in the merger.

BEEF WRAPPED IN A HORSE BLANKET

Protest Against Manner of Handling Meat—An Incident of the Street

The need of a stricter enforcement of the laws relating to the inspection and sale of food and food products in St. John is advocated by a prominent citizen, who called the attention of the Times to an incident he witnessed on Thursday afternoon.

A grocery team was seen going up Dock street with two hind quarters of beef wrapped in a horse blanket. "Why should we not have tuberculosis," he asks, "when such practices are of frequent occurrence." This citizen pointed out that there are in the city at the present time, four inspectors of food and food products and he felt they should see that such a state of affairs is not allowed to continue. He would not eat meat treated as he saw this was, for a great deal of money, but people who did not see the manner in which the meat was handled would buy it and would not know but what they were getting something that was all right.

ROBBERED AND FINED

Sussex Man Has Reason to Remember Yesterday's Visit to St. John

According to the story which he tells, William Buchanan, who came to the city yesterday from Sussex, will have reason to remember his visit, and it is not thought that it will be with any marked feeling of joy. He says he stopped off on his way to the coast, had a few drinks, and after being relieved of a silver watch and \$5 by three colored men on a wharf in Lower Cove, was arrested. He spent the night in Central police station, and this morning was fined \$12 or two months in jail on charges of drunkenness and profanity. He paid the fine of \$4 for drunkenness and the other penalty was allowed to stand against him. He was to resume his journey this morning.

The robbery, he says, occurred about 1 o'clock this morning, near the Ballant wharf, where, he said, he had been escorted by the three men on the excuse that they were taking him somewhere else.

GOLDEN WEDDING

Happy Anniversary of Mr. and Mrs. Wm. Carleton Tomorrow

In the Cathedral of the Immaculate Conception on November 20, 1860, a pretty nuptial event took place when the late Rev. John Quinn united in marriage William Carleton and Bridget O'Connor, both of this city. It will be fifty years tomorrow since that happy wedding ceremony was solemnized, and the bride and groom of half a century, Mr. and Mrs. Carleton, of 222 City Road, are receiving hearty congratulations from their many friends about the city. They are esteemed by all acquainted with them, and the Times-Star joins in the expression of popular sentiment that they will see many more years of wedded bliss and prosperity. Ten children blessed them, but all except four have died. With the exception of one son, Wm. T. Carleton, of New York, all the family now alive will once more gather at the old home tomorrow, and help in making the day a pleasant one. The other living are two sons, Hon. John L. Carleton, of Woodstock, and Rev. C. P. Carleton, of Peterville; and one daughter, Mrs. John Connor, of Boston.

Have You Tried STOVE INK?

Stove ink is not a polish, stove ink is for making the red covers and centers of your stove black. Stove ink will not always keep your covers black no more than black-lead will always keep your covers polished, but by using stove ink on your covers or on any part of your stove, that has heat enough to make the iron red or burn off the black-lead. Stove ink will keep that iron black for four or five weeks at a time, and will make your stove polish much brighter, and easier than when you are trying to polish red iron that as soon as you light the fire the polish is gone. Stove ink is put up in bottles and can be applied with a rag, and sells for 25c. a bottle. Use it once and you won't be without it. Besides keeping stove ink we keep the best lines of polish on the market.
