

GOOD THINGS COMING
TO THEATRES OF
ST. JOHN

THE MOST POPULAR MAN
AT THE OPERA HOUSE

If you were to ask the theatre goers who have been crowding the Opera House since the present week's vaudeville programme opened, who was the most popular man in town they would probably say "Jack Dempsey," the dancing tramp. It seems as though the audience cannot get enough of him. He is a wonderful dancer and laugh maker and is well worth seeing, for he will make you forget all your troubles and give you a real good time. There are four other good acts on the programme, including Norton and Nobles, in choice bits from musical comedy, with some delightful society dancing steps; The Rances in a fast moving pantomime sketch, with funny animals to please the children and the big fellows too; Conley and Chick in songs and stories of a humorous nature; The Edwards Trio in musical selections; and the opening chapter of a new serial photo drama, "The Woman in the Web." Evenings at 7.30 and 9; afternoons at 2.30.

The exchange of tickets sale is still going on at the Opera House ticket office and all tickets sold will be duly honored on Dec. 12th.

VAUDEVILLE LAST
TIMES GEM TONIGHT

AMERICAN CONTROL

Constantinople, Nov. 25.—(By the Associated Press)—American control of the Turkish gendarmerie and police is being urged by a group of nine newspapers—seven Turkish and two French—in Constantinople. The group also advocates American supervision of the educational system and the separation of church and state. A deputation will request permission to present the programme to President Wilson during his visit to Paris.

A COLD SCHOOL ROOM.
The girls in one room in the High School building wore their coats with collars turned up this morning. Some of them were debilitated as a result of colds or influenza, and should not be subjected to so low a temperature. It is said to be very difficult to heat this room.

A TRIBUTE
To All Canadian Soldiers Who Died in
Europe, 1914-1918.

(Rev. George Scott.)
Let others sing of ancient worth,
The heroes of the Trojan war,
Or the stern troops of Hamlet.
My theme far other men than these
The fabled demigods of song,
Born of the mist of Orient ease
To live awhile in classic tongue.

Ising of men who gladly went,
Not lightly as in wanton mood,
Filled with a Berserk merriment,
They welcomed death all unshrinking;
Who by their dying hurried the foe
Deep down into hell's darkest night;
Whose memories shall ever glow
In deathless scrolls of living light.

Oh Canada, protect them well
From coward smirch all unfilled,
Still let the hoary grandeur tell
Their epic to the toddling child.
They are not ours; their names shall ring
Far down the corridors of time;
Homer's unborn praise shall sing
And tell their deeds in deathless rhyme.

They are not ours; for freedom's cause
They stood within the deadly breach,
With men of other creeds and laws,
With men of other birth and speech;
They are not ours; oh let the land
On which their infant feet have trod
From mountain peak to ocean strand,
Ever be staunch to freedom's God.

They are not ours; the human race
Has welcomed them with high acclaim,
To each one giving well-won praise
Within the deathless halls of fame.
They are not ours; though alien hands
Shall rear the headstone on their grave,
Their lives have riveted the bands
Shall save the world they died to save.

LARGE CROWDS
VISIT OAK HALL
CLOTHING SALE

Their Wholesale Warehouse,
101-107 Germain Street, is
Used For the Purpose.

The O'Donnell sale of men's and boys' clothing being conducted by Oak Hall at their wholesale warehouse, 101 Germain street, certainly handled record crowds yesterday and at times this spacious building was taxed to the limit of its capacity. There is, of course, a reason for all this. The public realizes that an Oak Hall sale is genuine in every way, and this sale is no exception. They realize that the prices at which the merchandise is marked gives everybody an equal opportunity to procure wearing apparel at less than makers' present day quotations. Therefore they have made the most of their opportunity. As this stock is moving very rapidly, there remains only a short time in which to profit by such an exceptional opportunity, so that it will be to everybody's advantage to visit this sale without delay.

PLANS FOR VISIT OF
GOVERNOR GENERAL

His Worship Mayor Hayes has submitted to the secretary of His Excellency the Duke of Devonshire, governor-general, a tentative programme for the vice-regal visit to this city on Wednesday next. There is a possibility that the plans now drawn up may be changed somewhat, but in the main it is expected His Excellency will be honored as follows:
Arrival in special vice-regal train at 9 a.m.
Visit to hospitals, war-work institutions, military quarters and places of special interest during the forenoon.
The lunch hour function so far seems to be a lunch-reception under the auspices of the Canadian Club. This may be held in Bond's.
During the afternoon, starting in the vicinity of four o'clock, it is proposed to hold a public reception and platform meeting, possibly in Imperial Theatre, utilizing the large stage and boxes for the sociabilities of the occasion. At this meeting His Excellency will doubtless address the public at large.
Arrangements were tentatively entered into this forenoon whereby these arrangements can be carried out if required. The "Keep to the Right" company's wardrobe and scenery will be set to one side during the afternoon and the stage settings placed by double crews after six p.m. to be ready for the curtain at 8.15.
In the evening it is proposed to tender the governor-general a suite and state dinner.
His Excellency leaves St. John Thursday at six a.m., going east.

Extremists, Negligible.
Berlin, Monday, Nov. 25.—(By the Associated Press)—Reports of tests of strength between the Conservative elements and the Independent Bolshevik Socialists in various places in Germany continue to indicate that as far as mere numbers go, the extremists are almost negligible.

Y. W. C. A. DRIVE STARTS TOMORROW

Everything is now in readiness for tomorrow's big Y. W. C. A. effort, and the ladies are most anxious of raising their comparatively small request in big time. The Sears' building, corner King street, which has been secured for a home, will be furnished and set going with the funds raised tomorrow, and no more practical form of Christmas giving could be devised than to give generously to the fund. The work has got to start very soon, so time is valuable. The winter port business is being added to the duties of the new boarding house, and ships are arriving early.

HENDERSON'S LOW RENT CLOTHING STORES FIRE SALE WILL CONTINUE THIS WEEK

In addition to the men's overcoats and suits that have been slightly damaged by water falling through the ceiling, we have put on sale an extra quantity of men's suits and overcoats to clear at prices lower than wholesale.
We claim that our regular clothing values in this low rent clothes shop are lower in price than elsewhere, no matter under what condition they are being sold. Several people on Saturday last complimented this store on the values given at the prices we are asking; in fact they informed us that we had them all beaten from \$15 to \$30. Remember we are located at 104 King street, in the low rent section. That's how we sell good clothes lower.

Dr. Barnhill's New Duties.

Dr. A. P. Barnhill, who has been appointed to the board of directors which will administer the whole system of Canadian government railways, including the Canadian Northern system, the Transcontinental and the Intercolonial, left last evening for Montreal to meet the other members of the board. It is understood the directors are to come at once to the maritime provinces on a tour of inspection and that they will visit St. John after going over the railway lines under their jurisdiction in Nova Scotia. They are expected to reach St. John next week.

You Can Do Better Work

Many a man has found that he makes fewer mistakes, does better work and more of it, and feels more fit at the end of the day since he began wearing glasses.

The reason is simple. Properly fitted glasses give him clearer vision without the eye strain that causes headaches, nervousness, tired, aching eyes—of course he can do better work. You can, too, if you let Sharpe's optometrist take care of your eyes.

Boy Released on Suspended Sentence—Another Lad Given a Second Chance—Soldier Released

A boy was before the court this morning charged with attempting to break into Colwell's store in Germain street. Mr. Colwell said that he was working in his office in the store last evening about eight o'clock when he heard a key working in the door. He rushed to the door and saw a boy running up Germain street. He afterwards caught the boy in Charlotte street and demanded the key which he had been using in his door. The same boy was before the court about one year ago, charged with breaking into McMillan's store and stealing twenty-five keys. All the keys were returned at that time with the exception of one and the one that was missing proved to be the key that the boy was using in Colwell's store. The boy, after being warned, was allowed to go on suspended sentence. Another boy was before the magistrate charged with being found in an alley last evening off Brussels street and not being able to give a satisfactory account of himself. About one week ago Mrs. Corey's store was broken into from this alley and the police were on the lookout. The magistrate gave the boy another chance.

SOUTH AFRICAN
MINISTER SATISFIED
WITH THE CONFERENCE

Cape Town, South Africa, Nov. 26.—(Canadian Press despatch from Reuters' Limited)—Hon. Mr. Burton, South African minister of railways, on his return from England was given a luncheon by the mayor of this city.

Referring to the work of the Imperial conference, he said he did not know of a single step that had been taken which was capable of being misinterpreted as injurious to South Africa. The representatives of the dominions had in the war cabinet on a footing of absolute equality with the British.

Santiago, Chile, Nov. 25.—The Chilean government has decided to withdraw its consuls in Peru in order to avoid unwelcome incidents which might take place in case of outbreaks in Peru against Chile. MANY PRISONERS DEAD
FROM STARVATION AND
EXPOSURE IN GERMANY

London, Nov. 26.—(British Wireless Service)—Many shocking stories of their treatment are told by British prisoners who have reached England from many. Unfortunately Britishers who arrived at Friedrichsfelde, Prussia, after hostilities ceased had a hard lot. They had been taken prisoner shortly before or during the British advance and were compelled to work behind the line, being driven from place to place "like some kind of beasts."

IN WALL STREET

New York, Nov. 26.—Pressure against rail was resumed at the opening of today's stock market, Southern Pacific proving the only conspicuous exception to the lower trend. Metals and utilities also showed further reactionary tendencies, but shippings and oils were strong, motors also coming forward. Before the end of the first half hour initial losses were largely cancelled, rails rallying briskly. Liberty's fourth 4-1/4's continued to ease, however, falling to the new minimum of 87.30.

LABOR EXECUTIVE
MEETING IN OTTAWA

Ottawa, Nov. 26.—The executive officers of the Dominion Trades and Labor Congress are in session at the capital today as a preliminary to the annual conference with the Dominion government, which takes place tomorrow morning. At the preliminary the resolutions adopted at the meeting of the congress at Quebec will be presented to Sir Thomas White, acting prime minister; Senator Aikman Robertson, minister of labor, and other members of the government. In view of the circumstances that the war has been brought to a close, the probabilities are that the representatives of labor will make some additional representations relating to the necessity for prompt action in dealing with new conditions created by the cessation of hostilities. Among the requests to be made of the government will be remonstrances for giving old age pensions, larger pensions for soldiers, etc.

A strong delegation of the labor forces will be present tomorrow, practically all the members of the executive being here. It will be the first of the annual interviews with the government since the election of Tom Moore to the presidency of the Trades and Labor Council.

THREE ALARMS TODAY

The North End firemen were called out shortly after twelve o'clock today to extinguish a small grass fire in a field off Victoria street. Some persons fearing that it would spread and catch fire to one of the nearby houses, sent in a call from 121 at the corner of Victoria and Elgin streets.

Shortly after one o'clock an alarm was rung in from box 148, situated at the corner of Sherif street and Straight Shore, to extinguish a fire which broke out in an attic of a large wooden tenement house.

The fire broke out around the water pipe. When the fire apparatus arrived the fire was practically extinguished before it had made any headway.

An alarm was rung in from box 412 shortly after one o'clock this afternoon for a night fire in a house in Forest street. The fire broke out around the water pipe. When the fire apparatus arrived the fire was practically extinguished before it had made any headway.

Stole What They Wanted.
Inspector O'Sullivan learned from the bandits yesterday their methods of securing provisions, principally meat. They stole what they wanted. This is borne out by Carmel and St. Germain, who now accuse Gervais of having with them killed a two year old steer belonging to a farmer about three miles from the Gervais farm.

Threat of Murder.

Having shot down the animal, Gervais, Carmel and St. Germain went to the home of Peter Desnoeux, father of the young man who witnessed the murder of McKay, and compelled Desnoeux at the point of a gun to load the animal in his wagon and drive it to the Gervais farm. According to the story told the police today, Gervais nearly carried out his threat of shooting. When Desnoeux refused, the gun was leveled and Desnoeux yelled at Gervais: "Man, do you not see my wife is with me; surely you would not shoot me!"

With an oath Gervais said he would wipe out the whole family in ten minutes if Desnoeux did not comply with the demand just made. Desnoeux complied in a hurry.

Others Under Suspicion.

More sensational testimony is expected to develop in this case. Suspicious are now attached to three more men who may be arrested within a short time, if the information in the hands of the police proves correct.

Prince Albert, Sask., Nov. 25.—At least one man who was believed to have been murdered by the Steep Creek bandits is safe. His name is Sugar, an Austrian and that several Peruvian commercial houses have been wrecked in Pisagua.

Charges of murder are today being prepared against Germain and Carmel, the bandits captured in the straw stack at Young's Farm.

The remains of James McKay have not yet been found. The men, St. Germain and Carmel, admit having shot James McKay at Steep Creek and tied the body to a plank when they put it in the river. They say they had arranged to shoot any stranger who came to the place as they were draft evaders and suspected every one whom they did not know.

Formal Charges.
Gervais was today formally charged with the murder of James McKay and the other two with the murder of McKay and Horsley.

Took His Money.
Quebec, Nov. 26.—"There is a lone shack some where on Dr. Gervais' farm near Steep Creek," said young Defond of Shawinigan Falls, today, when interviewed by the Canadian Press on the recent developments in the famous bandit case of Saskatchewan. "You tell the police to look into this shack, to search it thoroughly. They might find a lot of things, drugs, etc. All this stuff was bought by Gervais with my money. He made me give him five hundred dollars I had saved, and which I had loaned to my brother, Notary Defond of Shawinigan. Gervais so influenced me that I wired my brother with the result that he had to send me all this money. I never got it back from Gervais, and I fear that it is now gone."
