COUNCIL DEALS WITH ESTIMATES

EXPENDITURE SHOWS DECIDED INCREASE

Many Extraordinary Items Are Provided for-Consideration Incomplete.

After being considered for weeks in committee the civic estimates for the The matter was eventually settled by an increase in the estimated expenditure, as compared with last year, of down. \$73,549.70, the total for this year being the vote for the police department brought forth a number of objections brought forth a number of objections. \$661,873.86, as compared with \$588,323.40 a year ago. Last year's council, however, exceeded their estimates by nearly \$20,000, so that if the present board keep within their figures, something that Mayor Hall says he is determined shall be done, the difference between the two years will be only a little over the two years will be only a little over sent an increase of about 11 per cent over last year. How this is to be met, over last year. How this is to be met, was costing too much. The appropriaby increasing the assessment or raising the tax rate or both, is a problem that the future will have to solve. The fixshow a sufficient increase in the value up again before their consideration in of property to meet the year's ex-

a couple of instances there have been changes that make comparison difficult at first glance. For example, last year Municipal courses the couple of the cou \$167,700.66, while this year it is only Education \$157,001.86. There is, however, this year Board of harged to waterworks on account of ebentures the sum of \$25,064, which was included in the general fund last year. There is therefore an increase in total amount to be provided meet the city's debt charges of \$14,being included, was \$51,000, while this year it is \$68,464, an increase of \$17,464. Subtracting the amount charged to decrease of \$7,600. This is due to the fact that, on account of the putting in of the new distribution system, it is not necessary to charge so much to construction account.

The chief increases in round figures. Salaries, \$1,000; buildings and sur-

veys, \$10,000; education, \$22,000; city institutions, including \$5.000 for the aged women's home and \$10,000 for the new exhibition buildings, \$20,000; hoard of health, \$7,000; sewer rentals and sewers tax fund, \$1,500; police department, \$7. about \$2,000 less than last year. The grant to the Tourist Association is \$4,-000 this year as against \$7,500 last year, is made in the police department esti-mates for the salary of a public prosefrom members of the council. Provision in salary should date from January 1st. In moving the introduction of the by-law containing the estimates, Ald. Cameron said it would likely be found that there would be many mistakes found in the schedule owing to the haste with which they had been got out. There were also some questions to be settled, among them, whether the ncreases in salary granted should date from the present or from the first of the year. Last year the increases had een granted only from the date of the passing of the estimates, but in all ormer years it had run from January 1st. For himself he had no objection to

The matter of the increases was disussed at some length, and it was decided to deal with each on its merits ncrease went through as it read in the

board was the first and practically the only item discussed at any length. As the estimates were presented the parks board money was appropriated in the estimates for certain purposes, the amount for each being stated. Ald. Cameron asked whether this should not

Mayor Hall explained that the parks board had asked for between \$12,000 and \$13,000 practically in a lump sum. This was all the board was required to

go to Beacon Hill." Ald. Mable echoed this sentiment. Ald. Pauline said that in view of recent occurrences he thought the coun-cil should go on record at an early dates to the exact powers of the parks board, and in this connection he thought the by-law appointing that oody badly required amendment. He thought that as the council was responsible to the people they should be in a position to control the expenditure people's money. He wanted to say, however, that he fully appreciated the good work the board was doing. The discussion went on for some time, in the course of which it was pointed out that the council had al-

park, and that work was already going on there.

a joke. The council had given the parks | Compulsory sewer connection board all the powers it possessed, and had done so with its eyes open, and the work of the board has since justifled their action. He thought all this tain on .. place.

Ald. Hali- You ought to be ashamed say that you delegated your powers to a body of men such as the parks board, who know nothing about how to spend money."

Ald. Fullerton-"If the city spent all its money as well as the parks board has done it we could then begin to

Ald. Hall said that he was not obecting to the amount to be voted, but was afraid the North Ward park would not get its share. He would, however, look to the mayor and Ald. Cameron and Henderson to see to it that the North Ward was being properly treat-
