COWICHAN NOTES. LAUP TITE

(Special Correspondence of the Times.) On the 2nd inst., Coro er J. Nofeross held an inquest at Chemainus on the body of Cum Mun Sing, a Chinaman who was killed by an explosion of dynamite" whil drilling rock on the track for the new railway. Two other Chinamen were severely, but not dangerously, hurt. The cause the explosion is a mystery, but no blam could be attached to any one, and the jury brought in a verdict of "accidental death." Mr. Palmer, the manager of the Victoria Lumber & Manufacturing Company's mill. has a number of men at work cutting drains and laying pipes for the purpose of supplying pure water to the townshirt

Mr. Lamont, the contractor, is hard at work on the cinder 'track round' grounds of the Agricultural society at Duncan. He is confident he will have the work completed in time for the which is to be held on the 29th and 30th inst.

The number of buildings going up in took in the situation and approaching the Duncan speaks well for the prosperity young man intimated that he wished to that attractive little town. The demand for houses exceeds the supply.

Further development only more fully de monstrates that the inhabitants of Vancor ver Island need not rush to the frozen North in their search for wealth more the mines in this neighborhood are exploited the more jubilant become faces of the fortunate owners.

Last month provided the most unsatis factory harvest weather that has been khowh here for many years.
