How Clothes-Pins are Made. A writer in an American contemporary

thus describes a clothes-pin factory :- The

of Assembly process of making the pins is a very interesting one. The wood used is mainly white birch and beech. The logs are cut and hauled to the shores of the lake or streams emptying into it, whence they are process of making the pins is a very interstreams emptying into it, whence they are floated down to the mill. As fast as re- Mr. Speaker and Gentlemen of the House of Assembly windlass and chain, worked by steam

New Brunswick Legislature.

FREDERICTON, April 12.—The Legislature was opened at three o'clock with much pomp and military display. Capt. Cropley commanded one of the finest guards of honor ever seen here, and His Honor was attended by a brilliant staff, which included Lt. Col. Taylor, D. A. G., Capt. Street, D. A. G., Col. Marsh, Major Staples, Captains Cropley, Barker and

Loggie, and Lieutenants Hazen, Perkins

and Russell; also Adjutant McLean of St.

John Fusileers. Sunbury sent Sheriff Sterling and Coroner Brown. There was a large gathering of spectators, including

many ladies. Major Beckwith commanded the artillery, who fired the customary salute. The following is the Lieutenant

Mr. President and Honorable Gentlemen of the Legislative Council:

Mr. Speaker and Gentlemen of the House

windlass and chain, worked by steam power, and sawed into lengths of sixteen or twenty two inches, the former to be made into pins, and the latter into boards for the boxes required in packing. The fixed year will be submitted to you, accompanied by a detailed statement of the control of the submitted to you, accompanied by a detailed statement of the submitted to you, accompanied by a detailed statement of the submitted to you, accompanied by a detailed statement of the submitted to you, accompanied by a detailed statement of the submitted to you, accompanied by a detailed statement of the submitted to you, accompanied by a detailed statement of the submitted to you, accompanied by a detailed statement of the submitted to you, account of the revenue and expenditure of the past fiscal year will be laid before you with the estimates for the current year. An account of the revenue and expe sixteen inch lengths are next sawed into boards of the required thickness by a single machine, then into strips of the Mr. President and Honorable Gentlemen of

proper size by a gang of twelve circular saws, and finally into five inch lengths by

the Legislative Council:

Mr. Speaker and Gentlemen of the House of Assembly: been cut up into blocks about five inches long and three-fourths of an inch square.
Falling as they leave the saws on to an elevator belt, they are consideration to the measure of the me

elevator belt, they are carried into an upper story, and returning to the first floor, are deposited in troughs, whence they are fed to the turning lathes, of the Executive Government, and of the administration of the Law, in so they are fed to the turning lathes, of which they are several, each being capable of turning eighty pins per minute. They are then passed to the slotting machines, in which a peculiar arrangement of knives in which a peculiar arrangement of knives liberated in a circular saw gives the slot

the proper flange, after which they are automatically carried by elevator belts to the drying bins on the second floor, where they are subjected to a higher temperature generated by steam pipes, until thoroughly generated by steam pipes, until thoroughly the statement will introduce a measure upon this subject of vesting all Legislative powers in one Chamber has in recent years occupied the attention of the Legislative and the country, without any decisive action being taken in regard thereto. My

Channing's Sarsaparilla is prepared, as one of the best possible combinations to constitute an effectual remedy, for the effectual remedy. For the effectual remedy, for the effectual remedy, for the early of 100 blood flower that can be easily to its great value in the treatment of all Strumous and Cachectic affections, as Glandular Endagements, and Cachectic affections, as Glandular Endagements, and several as a reliable preparation for general use reparation for general use a blood purities, for the extraordinary all iterative properties of the "Double Iodities," and of none that can be more highly recommended as safe, certain and reliable, and the extraordinary all iterative properties of the "Double Iodities," and of none that can be more highly recommended as safe, certain and reliable, and that every confidence that such a remedy for general use, taking the place of the many worthless nos them any worthless nos them any worthless nos them any worthless nos the many wort being thus immediately beneath the ceiling of the floor above, are readily fill-ble object.

The cons

ed through scuttles from the drying bins on the second floor, and as easily emptied upon the counter below, where they are sorted into first and second grades and packed in boxes of five gross each. The sorting and packing are done by girls; 250 boxes are packed per day.

The conservation of our forests, in accordance with the best methods, is a matter of the greatest importance, and matter of the greatest importance, and protection of the interval, in accordance with the best methods, is a matter of the greatest importance, and sorting and packing are done by girls; 250 boxes are packed per day. The protection of the inland fisheries the rights of riparian proprietors, and the collection and diffusion of information in regard to the mineral resources of the

(New York Letter.)
Most of the wealthy society ladies, says Province are matters of public interest, which are receiving the attention of my a New York letter writer, have hitherto contented themselves with half-livery for their coachman and footman, with a white vest and swallow-tail coat for the butler; the this wild the wild the wild the wild the wild the wild the standard pominion character, will afford another opportunity of the wild another opportunity of th their coachman and footman, with a white but this winter a more elaborate costume | making known the resources and capability has been introduced. Hundreds of pairs of Parisian top boots have been imported for coachmen and footmen, who have heretofore worn their boots inside their trousers, and Mrs. William K. Vanderbilt W. Vander has taken the lead in putting her servants into full European costume—breeches, year when private business must soon into full European costume-breeches, silk stockings, ample vest, and long full silk stockings, ample vest, and long rull coat of the shad-stomached variety, and a little linen picket under each ear. The many colors of the French flunkey are superseded by a uniform claret, broken only by white silk stockings. I have never

seen such a heraldic frenzy as prevails The members of the Assembly having here now. Carriage doors have suddenly blossomed out in bright colors—red and | Feder introduced, pro forma, a bill entitled blue and green-lions rampant, eagles an act to incorporate the New Brunswick flippant and field argent with wattled

gules and all sorts of cottises and quarterngs. Several old industries have sprung Mr. Burchill then moved the address in nto new life, founded on this revival of reply to the Speech. After reading the the rage for escutcheons. On Monday reply, he said he regretted that some gencalled on a noted livery tailor on Fift' tleman more competent had not been asavenue who does the heavy business of signed the task of moving the address. the city. "Americans are rushing into livery as never before," he said. His always extended a certain amount of for He knew, however, that the House had English eye twinkled as he added: "I bearance to members speaking for the first fear they are losing their solid democratic principles. Men who have declared for years that they wouldn't have any of this 'd—d nonsense' are dragged here by their ambitious wives to get James and Thomas put in livery and the finances, which he had been advised had put in livery and the family crest engraved on the brass buttons. New Yorkers who have made their million dollars by dealing in potatoes, brass goods or oleomargarine, come here to find out how to dress their servants and what their family crest is. The father of the family knows that his father was a poor farmer in New Hampshire or a stage-driver down there would be to correct the more there would be to correct the such was as-certained and laid before the House, it would prove of a satisfactory character. He dealt briefly with the fourth and fifth paragraphs. Heretofore the expenditure in this direction the more than the same of the s in New Hampshire or a stage-curver down in New Jersey, and that is all he knows about it. So I fix them out with a crest.

There was a man named Chirt who want:

There was a man named Chirt who want: There was a man named Chirt who wanted a coat-of-arms. I couldn't find any such name, so I sent to England, where they equipped him with the coat-of-arms reference to the section touching on the of Chirp. It will answer just as well, and I am sure that Chirp is a livelier and that more new settlers did not go on our lands. Large numbers of persons were leaving the Province and settling out west Disease in Barn Yard Stock This was to be regretted and ought to be Cannot possibly obtain where HARVELL'S remedied if possible.
