Scotch knit wool Underwear, 50c. each. An Exhibition Ticket with each
sale of \$3.00 and over.

J. N. HARVEY, Clothing and
Furnishings,
199 to 207 Union St.

EVERYTHING IS READY FOR THE GRAND OPENING TONIGHT

Exhibition Grounds Presented
a Busy Scene This Morn-
ing--Booths are Especially
Attractive--Machinery Hall
an Interesting Corner.

The St. John Exhibition will open
tonight. The many exhibitors have
been actively at work, and the build-
ings and grounds are in excellent
shape. It was claimed by many who
were on the grounds this morning that
the exhibition this year is, judging
from experience, by far the greatest
show that has ever been seen east of
Toronto.

The initial ceremonies will take
place in the large amusement hall this
evening at eight o'clock. Lieut.-Gov.
Snowball will declare the exhibition
formally opened, after addresses have
been delivered by A. G. Skinner, who
will welcome the visitors, His Wor-
ship Mayor Sears, Hon. H. R. Em-
merson, Hon. L. J. Tweedie, Hon. Dr.
Fugatey, Hon. F. Harris, J. B.
Hazen, M. P., and Dr. Daniel, M. P.
Harry McClellan, one of New York's
leading gynecologists, will render several
selections during the entertainment.
This will, no doubt, have the effect of
drawing a large crowd, as Mr. Mc-
Clellan's singing is greatly admired
in this city.

This morning the exhibition build-
ings were the scene of great activity,
as all were at work with one object
in view, to be ready for tonight.

The machinery hall was nearly all
in readiness this morning. In this
building the leading attraction will be
the motor boat show, in which class
there are many entries.

In the main building it is noticed
that many of the exhibitors have en-
larged their booths and are endeavor-
ing to make much finer exhibits than
they have succeeded in doing in pre-
vious years. The effect of a prize
the best decorated booth has had the
desired effect, and nearly every
booth is making a try for the
prize. The result is that the booths
are novel and attractive. A telephone
system drew a lot of attention
from those who visited the buildings
this morning. This booth or central
office has been especially well fitted
out, and besides affording great con-
venience it is really one of the most
attractive spots in the whole building.

Superintendent Leonard, who has
so successfully carried on the work of
housing the visitors during past years,
is again in charge of the Lodging
Bureau, where a complete list of
boarding houses is kept, and where
visitors to the city can be accommo-
dated without searching around for rooms.
Any person wishing to engage rooms
in advance for their trip, or to them-
selves, can find the most suitable loca-
tions in the city by paying a visit to
the Lodging Bureau, which is situated
in the Canada Permanent Loan and
Mortgage Co. Building, Prince William
street.

The "Pike," which is a new attrac-
tion this year, is also well worth the
price of admission. The main building
is brightly illuminated. The main
showing on both sides of the ave-
nue. Lights have been installed in
great numbers, so that the scene will
be brightly illuminated.

Up to noon today F. G. Spencer had
received no definite word from the
manager of Ferrer's leopards and
panthers, the great Coney Island act
that he intends substituting for the
Barlow elephants which broke loose
in Virginia last week, but the confirma-
tion of the act he wired him to come
at once. If the plan carries the leop-
ards and panthers should be here Mon-
day noon. This act is the greatest
attraction at Coney Island and is
part of the great Bostock's animal
show. A handsome sum has to be
guaranteed to bring it. As to the other
features, the Cockatoo Circus is on
hand, the Wormwood monkey and dog
show will arrive at noon today, and
Dida came by boat from Boston yester-
day.

Residents of Duke street complain
of a crowd of rough boys who hang
about that locality and ring door bells,
etc. The other evening a window in
a house owned by a Mrs. Secord was
broken by a stone thrown by one of
the boys.

During the week six marriages have
been recorded. There were fifteen
births, eight of the infants being fe-
males.

**WANT CAPT. WALSH FOR
MONTREAL HARBOUR BOARD**
Shipping Men Send a Delegation to Ottawa
Pointing Out That He Would
Fit the Bill.

Representatives of the shipping in-
dustries of Montreal have been urg-
ing the appointment of Commodore J.
T. Walsh, superintendent of the Cana-
dian Pacific Atlantic service, to the
Montreal Harbour Commission. A de-
legation went to Ottawa recently,
waited upon the Premier and the Min-
ister of Marine, and pointed out that
he is eminently qualified to look after
their particular interests.

**BATHER'S PRACTICAL JOKE
NEARLY CAUSED TRAGEDY.**
Young People Saw What They Thought
Was a Dead Body and Collapsed.

HAMBURG, Sept. 1.—A couple of
lovers who had gone for a row on the
Alter-Hamburg's charming lake—and
had chosen one of the most secluded
spots, with overhanging trees, to rest
and dream away the happy hours in
the moonlight, were the victims of a
cruel jest the other evening.

Out of the dark water there appar-
ed a white object, which floated slow-
ly toward the boat. "Look, a dead
body!" exclaimed the young lady in
terror, and her sweetheart at once
sawed the boat and made an effort to
escape the uncanny thing.

Suddenly the body rose half out of
the water, and a man's face was seen.
"Give me your boat," and at the same
time a hand was stretched out to
seize it. This was too much for the
youth, who sprang out of the boat
into the water, screaming loudly for
help.

This brought several other boats to
the scene, and the couple were rescued,
but the bathers who had played this
cruel hoax had vanished.

**ABSENT MINDED ABOUT
MAILING LETTERS**
Many People Forget to Put the Addresses
On or to Pay Postage.

LONDON, Sept. 1.—The annual report
of the Postmaster-General shows that
absent-mindedness is a common fault
of humanity. The report shows that
there were altogether just 4,599 letters
posted last year without any address
whatsoever, and their contents included
nearly \$50,000 in various forms of re-
spondence. Perhaps even more amazing
than sheer forgetfulness of this kind is
the carelessness of people who have
actually taken the trouble to register
their letters and have then posted them
with an insufficient address. There were
230,000 cases of this sort last year, and
the amount of money involved was
\$3,350,000. The number of insufficiently-
addressed letters with valuable con-
tents showed an increase of 4,000 on the
previous year, and the value of the
property thus entrusted to the mercy
of the postoffice by the careless public in-
creased by no less than \$165,000.

The volume report that a stone retain-
ing wall on Prince William street is in
a dangerous condition.

**EXTRA POLICEMEN FOR
EXHIBITION WEEK**
Magistrate Ritchie this morning issued
twenty-eight special policemen to do
duty during the coming week. Those
selected were: Andrew Chisholm, Wm.
Pike, Ed. Wheaton, Alex. Boyne, A.
Branscombe, Hugh Sloan, Joseph Wall,
Fred Belyea, George Moore, Charles
Long, John Egan, George Boyce, Wm.
Evans, Thos. Bain, Michael Creilly, T.
Sharkey, Beth McLeod, Fred Northrup,
James Ferrie, John Ewingham, Robert
Connolly, E. F. Tibbett, Stanley Debow,
Fred Chisholm, John Woods, Samuel
Baxter, Frank Carnell and Arthur
Murray.

YIELD OF WHEAT.
(Special to the Star.)
MONTREAL, Ont., Sept. 1.—Wheat
cutting is about finished in Saskatche-
wan, and the average yield in Regina
district is over thirty bushels to the
acre.

Experiments in growing Turkey red
winter wheat in Swan River Valley
resulted very successfully.

BRITISH LABOR ABOUT TO CONFER.

Trades' Union Congress to
Meet in Liverpool on
September 3rd.

House of Lords to be Scored—Novel
Subjects to be Considered During
Session.

LIVERPOOL, Aug. 31.—Representa-
tives of the organized labor of Great
Britain will assemble here September
3rd for the 32nd annual trades union
congress, and will continue in session
for five days. The wonderful success
of the candidatures of organized labor at
the national elections, and the number
of problems for which solution must
be sought along political lines, that are
to come before the congress, give spe-
cial importance to the session. The ad-
vance programme contains 27 sections,
and the subjects run from the deeply
serious to the highly novel. A proposal
interesting to Americans favors "the
passage in Great Britain of a home-
stead Act, such as exists in the United
States, exempting a reasonable amount
of household goods from seizure. The
doctors will protest against the pas-
sage of "theological Acts in the place
of educational measures," and the gas
workers will seek the passage of res-
olutions covering the following seven
proposals:

1. "The State maintenance of school
children.
2. "Scientific physical education,
with medical inspection and records
of the physical development of all
children attending the State schools;
and skilled medical attendance for any
children requiring same.
3. "The complete dissolution of
reformers 1 and 2 from Poor Law ad-
ministration.
4. "A national system of education,
under full popular control, free and
secular from the primary school to the
university.
5. "That secondary and technical
education be an essential part of every
child's education.
6. "That the best intellectual and
technical training be provided for the
teachers of the children of the people.
7. "That the best of education shall
be met by grants from the Imperial
exchequer, and by the restoration of
misappropriated educational endow-
ments."

It is believed that the resolution de-
claring for the secularization of the
schools will be carried by a heavy
majority.

There will be resolutions against
militarism, and welcoming interna-
tional arbitration, and favoring univer-
sal age pensions applying to both sexes
at the age of 60 years, and he said
that the rate of at least five shillings per
week.

There will also be action on the
amendment of the Aliens Act in the
House of Lords, and that august body
will probably be roundly scored. It is
also expected that the Russian resolu-
tion will be considered, and that the
congress will put itself on record in
favor of responsible government in the
disturbed empire.

TRYING TO BREAK THE RECORD FROM LIVERPOOL TO YOKOHAMA

WANTS SMALL TO TRY ONE
OF THE EASTERN LEAGUES

Joe Page Hears That Kid McEachern is
Doing Well—Can Place Some
More Men.

Joe Page, the veteran Canadian base
ball authority and manager, has re-
ceived papers among that Don Mc-
Eachern, of this city, or as he is known
in the States "Kid" McEachern, is
continuing to pitch great ball. In
game early this week the opposing
team got five hits and four runs off
him in the first inning. He then set-
tled down and for the remaining
eight innings was only found for three
safe hits, and did not allow another
man to score. His team won out. Mr.
Page is desirous of having McEachern
play in a few Eastern league games
before he comes home, and wants to
have Small take a week's vacation
with one of the strong Upper Cana-
dian teams. He is always on the alert
for fast youngsters and has placed a
large number on the road to success
with good teams and high salaries. It
was through Mr. Page's engineering
that McEachern and Alert White are
making a success on the diamond.

**AN EARLY MORNING
FIRE ON THE NEPTUNE.**
Roof of the Deckhouse and a Box of Life
Belts Were Destroyed.

At 4:45 o'clock this morning Herbert
Green, night watchman on the "Do-
minion Coal Company's premises, no-
ticed flames issuing from the roof of
the tug Neptune's deck house at
Tumbull's wharf. He ran quickly and
gave the alarm from box 4 on Market
Square, and also awakened two mem-
bers of the tug's crew who were sleep-
ing on board. The fire department
were soon on the scene and had the
fire out in about half an hour. The
fire caught near the boiler and be-
sides destroying a section of the deck
house it burned a number of cork life
belts which were in a box on top of
the house.

The damage is fully covered by in-
surance and will not prevent the tug
from performing her duties about the
harbor. The tug is owned by Wm.
Thompson & Co. and others.

**THE ROBISON OPERA
COMPANY NEXT WEEK**
Mae Kilcayne, an Old St. John Fairytale
Will Be Seen Here.

According to all reports the Robison
Opera Company who play here next
week are a particularly strong organi-
zation. Harry Durham, the leading
comedian, has been a great favorite in
the largest cities for many years, and
last season his playing of the chief
comedy part in the big Metropolitan
success, "Miss Bob White" was most
favorably commended. Miss Mae Kil-
cayne was a great favorite here four
years ago, and since then her improve-
ment as an artist has been phenom-
enal. Last season she was featured in the
Broadway success, "Simple Simon Sim-
ple" and the "Dramatic Mirror," Amer-
ica's leading and most reliable theatri-
cal journal said that her singing was
the best heard in musical comedy on
Broadway for many years. It is hard-
ly necessary to recommend the splen-
did baritone, Frank D. Nelson, to St.
John theatre goers, but it may be said
that he is now better than ever. Last
season Henry W. Savage featured him
in "Woodland," the biggest musical
production ever staged in America, and
in a company of two hundred and fifty
he was the biggest favorite. Alice Flieg
is another of the Savage forces who is
with the Robison Opera Co. She sang
for three seasons in Mr. Savage's grand
opera company, and her voice, one of
marvellous range and sweetness, is her
fortune and will be a delight to our
theatre goers. Rudolph Koch, the tenor
singer, will only have to be heard to
be appreciated, and the other prin-
cipals, Esme Barton, Harry Ebert, Frank
V. French and Harry Nelson, will give
a good account of themselves. Stage
Director French and Musical Director
Fritsch have been busy rehearsing the
company for the past three weeks, and
are getting great results from their
work. The management is to be con-
gratulated in getting together so many
talented people and the Opera House
will without doubt be one of the best
places to contribute to the pleasure of
Exhibition week.

Mr. Rudolph Koch, the tenor with
Robinson Opera Co., who play here
next week, was, during the past two
seasons a leading artist in Conradi's
Grand Opera Co. He possesses a beau-
tiful voice of marvellous range and his
singing in the different operas to be
presented here by the talented com-
pany of which he is now a member will
be a great treat to theatre goers. He
rejoins Conradi's company in a few
weeks so that this will probably be the
last opportunity of hearing him in St.
John.

**MOOSE AND DEER ARE VERY PLentifully
Partridges are Said to
be Scarce.**

Today the season for duck shooting
opens and many of the local sportsmen
are planning trips to the upper waters
of the St. John river and its tribu-
taries. This year the ducks are reported
as being very plentiful, especially on
the meadows along the river and Grand
Lake.

The big game and partridge season
opens on September 15th. This time is
being anxiously awaited by many of
the local sportsmen as well as a large
number of Americans who will come
to the province. Reports received from
the different localities of the province
by the government officers are to the
effect that moose and deer are more
plentiful than ever. The game warden
makes all report that never have the
animals been so numerous.

A large number of American sports-
men have written for information,
stating that it is their intention to visit
the province this fall.

The prospects for the partridge sea-
son do not seem to be any too good
this year, as these birds are reported
as being very scarce throughout the
province.

ANOTHER POSITION.
Miss Martina Hartnett, of West End,
has secured the position of stenog-
rapher for the Bradstreet Co., Portland,
Me., through letters of introduction
from the employment bureau of the
Currie Business Agency, Ltd.

THIS EVENING.
Musicals in Opera House.
Opening ceremonies of exhibition at
amusement hall.

Large watermelons only 3c. each at
Barker's, Princess and Brussels street
stores.

WEATHER.
Fair and Cool.

C. P. R.'s New Flyer, the
Overseas Mail is Now
Speeding Westward From
Quebec—Hope to Make the
Entire Trip in Twenty
Nine Days.

CHALK RIVER, Ont., Aug. 11.—
When the conductor at nine o'clock
(sharp) this morning at Quebec shouted
"all aboard for Hong Kong and in-
tervening points," he gave the cry of
an historic epic. Twenty years ago
the first transatlantic train of the
C. P. R. made history for Canada. The
train today "Overseas Mail," which
beats the record of two decades ago of
two and one-quarter days, adds another
page to the history of the Dominion.
The prediction of twenty years ago
that the Canadian Pacific would make
for a united Canada as well as for the
greater unity of the empire has been
amply fulfilled; the railway with 12,000
miles of line is now, in more ways than
one, the backbone of the Dominion.
It has ships on both oceans, the other
day one carried the Canadian flag
around the world. Its telegraph lines
span this continent and do business
with Europe, Asia, Africa and Aus-
tralia. It conveys British troops from
England across North America to India
and China. It has done more than any
other single agency to develop the
Canadian Northwest which is supply-
ing Britain with bread and her super-
abundant population with comfortable
homes. Its great financial success has
improved the public credit of Canada,
its energies made her a powerful young
nation, where before she was a mere
collection of provinces without a com-
mon aim or a common patriotism. All
this and more has been accomplished
by the C. P. R. in a quarter of a cen-
tury, which in the life of the com-
munity is but as the twinkling of an
eye. In the great future that lies be-
fore us and in the great consolidation
of the empire upon which the mind of
the English race is set, the Canadian
Pacific is destined to play a still more
conspicuous part. Its latest achieve-
ment in the direction of binding Eng-
land to her overseas possessions more
closely together is the transportation of
the China mail from Liverpool by one
of the new Canadian Pacific steamships
to Quebec, then by a special train
across Canada to Vancouver and from
there by another C. P. R. steamship to
Hong Kong, the total distance of 12,000
miles to be traversed in thirty days,
ten days less than the time consumed
by the Suez route. No other route in
the world, steam or rail, or both
combined, is capable of undertaking
still less of performing such a feat by
its own unaided efforts. Nothing like
it has ever been done before simply be-
cause there has never, till now, been an
organization of the resources and all-
embracing capabilities of land and sea
of the C. P. R.

The Empress of Ireland arrived at
Quebec this morning at 2:10 o'clock,
making a record trip across the Atlan-
tic of 6 days 7 hrs. 50 min., and on
schedule time the Overseas Mail left at
nine o'clock reaching this point sharp
on time at 8:15. There was no attempt
at speeding the magnificent train but
merely an effort to make the time
which would connect with the Pacific
steamer Empress of China, which would
land the mails in Yokohama in twenty-
nine days from London, nearly a
week less than has previously been
done by any route. While there were a
large number of passengers destined
for the Orient the great majority pre-
ferred lingering in Canada and so while
the idea of landing the mails from Euro-
pe on the Orient in record time is being
more than satisfactorily maintained.
The Empress of Ireland brought over
1,427 passengers, a great majority of
whom went to western Canada by the
Empress special, which left Quebec
within an hour of the Empress' arrival.
The first one started from Quebec yester-
day within an hour of the Empress' ar-
rival.

**AN EARLY MORNING
FIRE ON THE NEPTUNE.**
Roof of the Deckhouse and a Box of Life
Belts Were Destroyed.

At 4:45 o'clock this morning Herbert
Green, night watchman on the "Do-
minion Coal Company's premises, no-
ticed flames issuing from the roof of
the tug Neptune's deck house at
Tumbull's wharf. He ran quickly and
gave the alarm from box 4 on Market
Square, and also awakened two mem-
bers of the tug's crew who were sleep-
ing on board. The fire department
were soon on the scene and had the
fire out in about half an hour. The
fire caught near the boiler and be-
sides destroying a section of the deck
house it burned a number of cork life
belts which were in a box on top of
the house.

The damage is fully covered by in-
surance and will not prevent the tug
from performing her duties about the
harbor. The tug is owned by Wm.
Thompson & Co. and others.

**THE ROBISON OPERA
COMPANY NEXT WEEK**
Mae Kilcayne, an Old St. John Fairytale
Will Be Seen Here.

According to all reports the Robison
Opera Company who play here next
week are a particularly strong organi-
zation. Harry Durham, the leading
comedian, has been a great favorite in
the largest cities for many years, and
last season his playing of the chief
comedy part in the big Metropolitan
success, "Miss Bob White" was most

cipals, Esme Barton, Harry Ebert, Frank
V. French and Harry Nelson, will give
a good account of themselves. Stage
Director French and Musical Director
Fritsch have been busy rehearsing the
company for the past three weeks, and
are getting great results from their
work. The management is to be con-
gratulated in getting together so many
talented people and the Opera House
will without doubt be one of the best
places to contribute to the pleasure of
Exhibition week.

Mr. Rudolph Koch, the tenor with
Robinson Opera Co., who play here
next week, was, during the past two
seasons a leading artist in Conradi's
Grand Opera Co. He possesses a beau-
tiful voice of marvellous range and his
singing in the different operas to be
presented here by the talented com-
pany of which he is now a member will
be a great treat to theatre goers. He
rejoins Conradi's company in a few
weeks so that this will probably be the
last opportunity of hearing him in St.
John.

**MOOSE AND DEER ARE VERY PLentifully
Partridges are Said to
be Scarce.**

Today the season for duck shooting
opens and many of the local sportsmen
are planning trips to the upper waters
of the St. John river and its tribu-
taries. This year the ducks are reported
as being very plentiful, especially on
the meadows along the river and Grand
Lake.

The big game and partridge season
opens on September 15th. This time is
being anxiously awaited by many of
the local sportsmen as well as a large
number of Americans who will come
to the province. Reports received from
the different localities of the province
by the government officers are to the
effect that moose and deer are more
plentiful than ever. The game warden
makes all report that never have the
animals been so numerous.

A large number of American sports-
men have written for information,
stating that it is their intention to visit
the province this fall.

The prospects for the partridge sea-
son do not seem to be any too good
this year, as these birds are reported
as being very scarce throughout the
province.
