### NEW ISLAND BRIDGE BILL AMENDED IN LEGISLATURE

FEDERATION, Feb. 15.—The House met at 3 o'clock. The following bills were read a third time and passed: Respecting Education of the Blind, To Incorporate the Twin Tree Mines Railway Company, respecting Deaf and Dumb Children, and To Amend the Municipalities Act.

Mr. Munroe presented a report for the committee on municipalities. Mr. Dickson for a committee on agriculture and Mr. McLeod for standing rules committees.

Mr. Munroe presented petitions of the Municipality of Carleton in favor of their bill and of Woodstock for a bill to provide for water purification. Mr. Hart introduced a bill to amend the act incorporating the Canadian Terminal Railway Company. Mr. Maxwell a bill to consolidate acts relating to the assessment of rates and taxes in St. John, Mr. Spry to incorporate the International Power Company and an act authorizing the town of St. Stephen to provide water works.

The House in committee considered the Probate Courts Act. Mr. Byrne moved the reconsideration of section four so as to provide that estates not exceeding five hundred dollars be exempted from paying fees.

Mr. Munroe presented a bill to amend the act incorporating the Canadian Terminal Railway Company. Mr. Maxwell a bill to consolidate acts relating to the assessment of rates and taxes in St. John, Mr. Spry to incorporate the International Power Company and an act authorizing the town of St. Stephen to provide water works.

The House in committee considered the Probate Courts Act. Mr. Byrne moved the reconsideration of section four so as to provide that estates not exceeding five hundred dollars be exempted from paying fees.

cluded that reductions provided for in the bill were all the fund would stand. The government did not wish to make any profit on this fund and it found practical next year to make further reductions it would be done.

Mr. Byrne's motion was lost and the bill agreed to.

A bill relating to immigrant children was considered in committee.

Hon. Mr. McLeod explained that the instance of Middlemore House and the bill provides that any such institution settling immigrant children in the province shall have the guardianship of males until 21 years of age, and of females until 21, unless sooner married, and the institution may transfer such guardianship rights to any persons willing to receive the children. A penalty of \$40 is provided for any person who induces such child to leave the employ of persons with whom the institution has placed him, and provision is made for the institution securing possession of the child placed under undesirable conditions.—The bill was agreed to.

Mr. Tweeddale obtained leave of absence for Mr. Burrows to attend to the bill.

The House went into committee, Mr. Tweeddale in the chair, to consider bills to authorize the city of St. John to build a bridge across the harbor and to provide for initial expenses of survey, etc.; to authorize Restigouche county to issue bonds for \$10,000 at a rate not exceeding 5 per cent, to provide for smallpox indigentness; to enable the government to issue debentures to aid in establishing industries or for improvement of the town.—The two bills were agreed to with amendments.

There was some discussion upon the St. John bridge bill, Hon. Mr. Hazen stating that provision had been made to properly protect the people whose property may be required for approaches to the bridge, and he did not at all approve of allowing the bill to provide for taking tolls from other than railway or street railway traffic.

Mr. Wilson thought the bill might stand till next week, when a St. John delegation would be here and progress was reported.

Hon. Mr. Grimmer gave notice of motion to suspend the rules of the house to permit the introduction of a bill relating to the town of Saint Stephen.

On motion of Mr. Hatheway, the order of the house in regard to the Saint John bridge bill was rescinded and the bill again considered in committee. It was then amended so that traffic, tolls and charges over it should only refer to railways and street railways.—Progress was then reported on the bill and it stood for further consideration in committee on Thursday.

House went into committee, Mr. Spry in the chair, to consider the bill respecting protection of game. When the section was under discussion which provides that no inkeeper shall have on bill of fare or serve his guests with any game or birds during close season, Mr. Copp objected that it was drastic legislation for the House to say that a man could not send to Nova Scotia or other places where game was legally sold and purchase same and serve it to his guests at any time.

Hon. Mr. Grimmer said that the House had to legislate for New Brunswick and not for Nova Scotia or elsewhere. The proper course to pursue in the case cited by the honorable member for Westmorland would be for the proprietor to get a permit to bring game into the province. The section was agreed to and progress reported. House adjourned at six o'clock.

GAULS VS. ROMANS AT THE NICKEL TODAY.

Something substantial in the line of an historical picture will be shown at the Nickel today and for the children Saturday in the story of "Vercingetorix." Gauls of the Roman Empire, the chief of the Arverni tribe who so many times defeated the great armies of Julius Caesar, only to fall at last a prey to Caesar's cruelty. The picture is colored and over 300 people are used in the battle scenes, which are marvels of spectacular dramatics. There will be three other new films—"The Infant Tyrant," "The Four John Men of Dobbinville," "Auntie's Cat," all of them delicious comedies. Miss Edwards and Mr. Courtland will sing their new concert numbers and the Nickel's Festival Orchestra of twelve members will render an entirely new bill, including the magnificent overture to Dornik's "Lucresia Berga," as arranged by Thomas Tobani. The talking pictures will have a new member as well, in that the show is to be new almost throughout.
