Around the City

No Council.
Owing to the absence of several of the commissioners the city council did not meet yesterday.

Will be Over \$20,000.

Latest reports indicate that the Patriotic Auction receipts will be over rather than under \$20,000—a splendid result.

Noisy Boys.

About 7:30 last evening Policeman Jas. Merrick was called to the corner of City Road and Stanley street to disperse a crowd of disorderly boys.

Obstruction Removed.

The concrete in Main street, which blocked one track of the street railway has been removed and the roadway is now ready for the placing of sleepers to support the rails. It is expected that the rails will be replaced and the car service to Indiantown resumed within a few days.

Carleton Band Ready.

The members of the Carleton Cornet Band are hourly awaiting orders to report in Sussex for duty with the 88th Battalion. The band has been accepted for service and it is expected that orders for going to Sussex will be received some time today. It is generally believed that the band will be in Sussex for Sunday.

War Souvenir.

An interesting war souvenir is on exhibition in the window of W. Searle's shoe store on Main street. It is a Flemish prayer book, which was picked up on the field at Ypres by Corporal H. Bonneville, of Main street. It was found on May 2nd, just after the Canadian troops had advanced a piece after a heavy engagement.

A Prominent Divine.

There arrived on the Atlantic express yesterday morning Rev. John Morrison, of Sarnia, Ont. Rev. Mr. Morrison is a prominent minister of the London Conference of the Methodist Church and a lecturer of note. He will be the guest of Rev. W. H. Barracough and will doubtless be heard in some of the city churches before leaving St. John.

Art Club Executive.

The St. John Art Club held an executive meeting yesterday afternoon to arrange plans for the annual meeting which is to take place this evening. It was expected that the president, W. S. Fisher, would be present, but as he is away from the city he will be unable to attend, so William Brodie will preside. The election of officers will be held at this meeting. Refreshments will be served, and a full attendance is expected.

"Bud" Tippetts Given an Office.

As an evidence that those who are injured in their country's service will not be forgotten when the memory of their brave deeds passes into history, comes the news that "Bud" Tippetts, of Fairville, who was wounded in the fighting in Flanders, has been appointed to the Customs service. The many friends of the returned soldier will be glad to hear that he has been so promptly taken care of.

What Are You Doing?

The Committee on Defence and Resources is making good progress with the work here. The members have been instrumental in securing many recruits for overseas duty, and have a list of about sixty men who have signified their willingness to join the local militia. A number of subscriptions for the various funds have been received by Colonel Wedderburn, and turned over to the proper authorities. The registration of those willing to do something for the Empire is not meeting with the success expected. The business men have not responded as freely as the committee had hoped and they feel that all who are desirous of helping in any way should communicate with them, so that the lists can be properly classified.

ONE HUNDRED APPLICATIONS FOR POSITIONS IN RANKS OF THE NEW SIEGE BATTERY

Seven Men Secured Here Yesterday for the 88th Battalion—Recruits Coming in from All Parts of the Province—More Meetings Tonight.

YESTERDAY'S HONOR ROLL.

Frank Walsh, St. John.
Frank Doucet, Bathurst.
Hugh Steeves, Miramichi.
Edmund H. Scott, Dorchester.
J. W. Stackhouse, St. John.
H. Armstrong, St. John.
Edward Clarke, England.

Seven men were secured yesterday at the local recruiting office for the 88th Battalion and in Sussex seventy-six new men have signed on for this unit. There has been a great response to the call for men for this battalion and there is every indication that the ranks will soon be filled. Many young men have signified their intention of enlisting in the heavy siege battery and to date more than one hundred applications have been received for this unit. Nineteen names were handed into the recruiting office here yesterday for this battery and it is estimated that the full complement of 218 men will be recruited in short order.

At the meeting in the recruiting rooms last night there was a large audience. R. E. Armstrong, secretary of the Board of Trade, presided. John Keefe, Lieut. F. del. Clements and Private D. Walter Shaw delivered short addresses and a musical programme was carried out. Vocal selections were furnished by Walter Pidgeon, Robert Carson and G. H. Mayes. Messrs. Johnson and Shaw performed on the mouth organ, while Roscoe Bond officiated at the piano. The speeches were short and businesslike. The audience gave a respectful hearing and at times became very enthusiastic. Recruits who passed up-stairs for examination while the meeting was in progress, were all given a hearty cheer.

John Keefe told the young men of

the seriousness of the situation and said that if it was not for the British navy the German flag would be flying over all the coast cities in Canada. He pointed out that it was the duty of every Canadian to give his services to the motherland, and in some small way pay back the debt of gratitude we owe Great Britain.

He said there would only be two kinds of men in this country after the war. Those who took part and those who did not. He pictured the reception the returning heroes would receive and the feeling of shame that would be the portion of the slacker.

Private Shaw told of the difficulties he has experienced in his efforts to get to the front, and expressed the hope that he would soon be over with the rest of the boys, who are doing their bit. Private Shaw, who served through the South African campaign, and is the proud possessor of the Queen's Medal, with six bars, indicating that the wearer had taken part in that number of engagements, spoke interestingly of his experiences in South Africa. He extended an invitation to those present to get out of civilian attire and put on the khaki.

Lieut. F. del. Clements took a very optimistic view of the situation in regard to the recruiting problem. He told of his trip through Queens and Sunbury counties where he met with a large measure of success in securing men. He thought the young men were beginning to wake up to the extreme gravity of the situation, and he expressed the opinion that the response to the call for men would be answered freely just as soon as the necessity for men was fully realized.

The meeting closed with cheers for the King, the new recruits and those who were rejected medically unfit.

THE PREMIER WILL SPEAK IN THE IMPERIAL

Sir Robert L. Borden will address Patriotic gathering Tuesday night.

Arrangements are being completed for the reception of Sir Robert L. Borden, who will address a patriotic meeting in the Imperial Theatre, Tuesday evening.

A telegram from Sir Robert, yesterday, in which he accepted the invitation to come here, was received by Judge Forbes. The message was as follows:

"Thanks for invitation. It would be both a pleasure and an honor to address the people of St. John on the great question which you suggest on Tuesday evening, October 19."

ANXIOUS FOR PLACE ON THE FIRING LINE

Former member of Imperial theatre staff writes from France.

Henry Young, of the local police force, received a letter yesterday from his brother, W. L. Young, who is a driver with the Divisional Ammunition Column of the Second Canadian Division. Driver Young was, before enlisting in St. John, a member of the Imperial Theatre staff. He writes from some place in France and states that like all of the St. John boys he is in excellent health and is enjoying every inch of a soldier's life.

The letter is dated September 25th and he said that a couple of days previous to that he had been up to the firing line and from what he saw he has an idea what he may expect when the division in which he is a member gets in close holds with the Germans. Driver Young says that all the boys are anxious to get a crack at the Germans and will not be happy until they receive the word to advance to the firing line. He wishes to be remembered to all his friends in St. John.

RAILS PLACED AT APPROACH TO NEW BRIDGE

Street Railway service across Bridge soon—Rails being placed in position.

Work on the street railway approach to the new bridge at the Falls is well under way. Already the rails have been placed in position from the end of the bridge to the watchman's house, and it is expected that a few days more will see the completion of the rails and the inauguration of the street car service across the bridge to Douglas Avenue.

The rails and sleepers for the connecting of the rails on the bridge with the system of West St. John are on the ground and a large crew of men is at work getting things in shape. As soon as the rails are in place it is expected that the street cars will run across the bridge to a point just west of the C.P.R. tracks, thus making a short transfer. As soon as the diamond crossing arrives it will be installed and then the city and West End services will be continuous.

In anticipation of the increased traffic the street railway company has placed double tracks at Tilson's Corner, thus making the West Side system double tracked throughout.

WILL INVESTIGATE HERRING FISHERIES

Hon. Mr. Hazen has arranged to secure full particulars of habits of fish.

The Minister of Marine and Fisheries has asked the superintendent of fisheries at Norway to investigate the herring fishery of the Bay of Fundy, with a view to discovering the ocean haunts of the herring that do not come in on the shores. The fishermen have many theories respecting the herring which frequent the Atlantic coast and which furnish the supply of sardines which are found in such large quantities in the Passamaquoddy district and along the northern shore of the Bay of Fundy as far as St. John. It has been contended that these young fish come from the larger schools which have their spawning grounds at the southern end of Grand Manan Island, and that the herring which are found along the eastern shore of New Brunswick and in the Gulf of St. Lawrence are spawned at the Magdalen Islands. Outside of these two groups of fish there has always been an idea among the fishermen that somewhere in the adjacent waters of the Atlantic ocean immense schools of large herring existed, and that it was from these ocean schools that our coastal waters were supplied. The result of the present investigation will be awaited with a good deal of interest. The herring fishery is one of the most valuable assets of the Maritime Provinces. In the last fiscal year, the herring catch in New Brunswick amounted to 197,297 cwt., while the sardine catch amounted to 141,384 barrels.

PROPERTY TRANSFERS RECENTLY REPORTED.

St. John County.
P. S. Applegate to C. H. Lennox et al, \$1, property at Simonds.
Charles B. and A. J. Archibald to J. E. Anderson, \$1, property on Guilford St., Carleton.
