ANOTHER INDUSTRY. Eddy Company May Start Match Factory.

Milltown, Feb. 9.—(Special)—Representatives of The E. B. Eddy Company have been recently looking over the property available for the establishment of a match factory. They were well satisfied with one site, it is understood, and will probably locate if prices can be arranged. Mr. A. Munnall and family are absent on a fortnight's holiday, with relatives in the United States. Owing to the prevalence of grippe and the bad weather the Masonic hall held here this week by Judge Forbes was not so fully attended as is usual on such occasions. But the judge was in good form and by his distinguished courtesy, his urbanity of manner, and his moral earnestness stirred up new enthusiasm in the great cause. Mayor Frank Muehle was by acclamation placed in the civic chair for another term. Mr. Isaiah Smith, an old and respected resident of Pomery Ridge, was buried yesterday. Mr. Smith suffered greatly from heart trouble up to the time of his death. Dr. J. M. Deacon has been in the country for some time, resting. His many friends were glad to see him drive into town one day this week and hope that he may speedily recruit. A peasant parlor gathering took place last evening at Mrs. J. B. Sutherland's. Young and old enjoyed music, games and refreshments.

WOODSTOCK NEWS. The Driving Park Leased—Exhibit on Proposed—Sporting Events.

Woodstock, Feb. 10.—The writ for the local election in this county has been issued; nomination 19th, election 26th inst. The probabilities are that there will be no contest and that Stephen B. Appleby, K. C., is one of the best known men in the county and the Liberal representative at Ottawa from '78 to '82. The Agricultural Society Saturday afternoon leased the driving park to H. G. Gallagher for five years. A committee was appointed to wait upon the local government regarding a grant toward a proposed school in town late in the next summer. In the roller rink Saturday evening Deany Gale, of this town, easily defeated Norman Slaps, of Hamilton, in a mile race. Harry McLean, one of our delayed South Africa soldiers, who arrived in Halifax last week, has not got here yet. Arrangements had been made to give him a royal welcome home late in the next summer. The St. Stephen and Woodstock teams will meet in a hockey match here Wednesday evening. The prizes in the children's carnival at the ice rink Saturday were won by Miss Edith Dalling and Charlie Jones.

UNION PRINTERS WIN. First Point Gained in Fight for Equal Pay for Men and Women.

Boston, Feb. 11.—Typographical Union No. 19 has won its first point in the fight for equal pay for men and women employed in composing rooms. Hereafter the state printing office will pay its male and female compositors equal wages. The friends of the union women employed in composing rooms, stipulate that men and women shall be paid equal wages for a working day of nine hours.

FOR 48 HOURS

Passengers Who Arrived from the West Sunday.

CANADIAN SNOWS

Proved Too Much for the Trains—A Party of Seventeen, Who Were Coming to Take Passage on the Lake Champlain, Tell About Their Experiences. A party of travellers on the C. P. R. reached St. John yesterday, on their way from Montreal here, experienced a 48 hours imprisonment in the snow banks between Brownville and Long Pond, Me. Arriving in Montreal together from widely divergent points, the party left Montreal Sunday morning, and were prospective Lake Champlain passengers. When near Brownville, the train became so badly impeded with the snow that the locomotive found it impossible to force through and had to halt. Snow ploughs attempted to clear the route, but for five hours could not keep to the track. The novelty of the situation added a relief to the passenger's dilemma, but as the locomotive and the train did not move, the majority began to entertain disagreeable thoughts of the future. Fortunately there was sufficient food and fuel for their immediate requirement and the train officials acted with courtesy and kindness. Finally, late on Saturday, assistance reached them and yesterday morning the first section of the belated train arrived in this city, followed by the second at 12:30. Seventeen passengers were to board the Lake Champlain and they were disappointed, but it is thought they will proceed to Portland, Me., and take steamship there Sunday morning. Reports indicate that Sals dispatches of his prisoners either by burying them up to the neck and then cutting off the heads, or by leading them out into the public park and torturing them by cutting off strips of flesh with a bolo. A week ago last Friday night, says the writer, a gang of latrones came into the town and assassinated a native who was friendly to the Filipinos, but who was suspected of having given information to the authorities. The man's skull was split completely in two with a bolo. The soldiers were in time to catch one of the robbers and he confessed. A few days later they were seen in the town, and a public hanging is expected within a few days. These bolos are terrible weapons, says the writer, and they are the only kind that the American soldier is afraid of. If one ever hits a man it will either kill him instantly or mark him for life. Referring to the natives in general, the writer says: "Coming right down to it these natives are no good. You cannot trust any of them and whenever one goes out after dark he takes a revolver or a rifle as in any clump of bushes or bamboo is likely to secret assassins."

THE TERRIBLE BOLO.

Native's Skull Split in Two—Horrible Torture of Prisoners.

Boston, Feb. 9.—A letter received today from a member of Company H, signal corps doing service at Jaro, Iloilo, contains several interesting statements concerning the situation. The letter is dated Dec. 23. The writer says that there are two big leaders, whom the American soldiers are after. One, General Delgado, is a gentleman who treats all American captives as prisoners of war. The other, Quintan Sals, is known as a friend who has a number of murders of American soldiers to his credit, for which a big reward for his head has been offered. GAGETOWN NEWS.

Presentation to Rev. I. N. and Mrs. Parker—Cheese Factory May Be Started.

Gagetown, Feb. 11.—The farmers' institute meeting under the management of the N. B. department of agriculture, was held in the Temperance hall Wednesday evening. Hon. L. P. Harris, commissioner of agriculture, presided. The meeting, speaking of the need of progressive work in farming. He was followed by Mr. Harvey Mitchell, dairy superintendent, who advised the desirability of starting either a cheese or butter factory in the district. Mr. Thos. J. Dillon, of Prince Edward Island, spoke on the feeding and care of dairy stock. The meeting was well attended, considering the unfavorable weather and state of the roads. All present were interested in the subjects, and all dealt with by the speakers. The prospect of starting a cheese factory seems favorable. The friends of Rev. I. N. and Mrs. Parker met at the Methodist parsonage Tuesday evening and presented them with \$45 as a slight recognition of the esteem in which they are held and of their faithful service in church work. Owing to the recent storms and the high winds of several days the roads are so drifted that the mails are coming in late and irregularly.

TRURO OBJECTS TO AGRICULTURAL COLLEGE LOCATING IN ANNAPOLIS VALLEY.

Complaints Regarding Dr. Pugsley's Expression on Situation of the Institution—Moving a Church—Truro Curlers Stepping High.

Truro, N. S., Feb. 9.—Sport on the ice has met with great favor in Truro this winter. The new rink erected last winter by W. P. MacKay, son of Senator MacKay, is the largest rink east of Montreal—the sheet of ice being entirely clear without a single post. The band is in regular attendance and there have been about 20 hockey matches there already this season. The curlers have a separate rink and the curling game has been a favorite here for many years. The old fathers of curling are now taking back seats and giving place to the younger players who have trained up to meet the most skilled players of the provinces. In former years Truro always had a select few who were invariably chosen to retain the honor of Truro in the maritime provinces. Truro has not suffered an adverse score more than twice in years. The first fancy dress carnival of the season was held in the new Metropolitan rink last night with an attendance of over 500 and about 200 skaters in costume. The home of John Paris, our most respectable colored citizen, was destroyed by fire a few days ago. The loss is without insurance. Dr. S. L. Walker, for the last two years the successful champion of Annapolis Bay, has resigned. He was presented with an address by officers of the church and by the members of the choir. Accompanying the letter was a handsome retaining chair. The doctor is now in charge of the choir of the Church of the Immaculate Conception. In a contest among the local curlers for a rink medal the following rink was successful: John Hallett (skip), Dr. M. K. Langille, R. S. Boyd, E. W. Hamilton. A prominent grocer of this town is to wed a member of the Victoria Order of Nurses at Stellarton on Monday. A Yankee gentleman will come to Truro and claim as his bride one of the most prominent young ladies of the town on the 26th inst. Two full bloom pines were picked on January 24, in the garden of Mrs. C. L. Davison at Portauquois. Street-walking girls have become very bold recently and the policemen of this town have been advised to take stringent measures to put an end to this kind of a nuisance. The crusade was begun on Wednesday by locking a colored girl in jail about midnight. She was before the police court the following day. This is the first arrest of the kind made here. Policemen will march the arrested. On the morning of the 6th inst., the death of Mrs. Margaret Rutherford occurred at Newswick. Mrs. Rutherford had passed 50 years and left two daughters and one son to mourn their loss. Mr. Hugh Kerr, formerly of St. John, N. B., now with the Bradford company, at Truro, was presented by the firm with a handsome gold watch and chain last week. Mr. Kerr is a valued employe and greatly appreciated the kind and thoughtful gift. A new Presbyterian church has just been completed at Lower St. John's street. One, General Delgado, is a gentleman who treats all American captives as prisoners of war. The other, Quintan Sals, is known as a friend who has a number of murders of American soldiers to his credit, for which a big reward for his head has been offered. Reports indicate that Sals dispatches of his prisoners either by burying them up to the neck and then cutting off the heads, or by leading them out into the public park and torturing them by cutting off strips of flesh with a bolo. A week ago last Friday night, says the writer, a gang of latrones came into the town and assassinated a native who was friendly to the Filipinos, but who was suspected of having given information to the authorities. The man's skull was split completely in two with a bolo. The soldiers were in time to catch one of the robbers and he confessed. A few days later they were seen in the town, and a public hanging is expected within a few days. These bolos are terrible weapons, says the writer, and they are the only kind that the American soldier is afraid of. If one ever hits a man it will either kill him instantly or mark him for life. Referring to the natives in general, the writer says: "Coming right down to it these natives are no good. You cannot trust any of them and whenever one goes out after dark he takes a revolver or a rifle as in any clump of bushes or bamboo is likely to secret assassins."

GAGETOWN NEWS.

Presentation to Rev. I. N. and Mrs. Parker—Cheese Factory May Be Started.

Gagetown, Feb. 11.—The farmers' institute meeting under the management of the N. B. department of agriculture, was held in the Temperance hall Wednesday evening. Hon. L. P. Harris, commissioner of agriculture, presided. The meeting, speaking of the need of progressive work in farming. He was followed by Mr. Harvey Mitchell, dairy superintendent, who advised the desirability of starting either a cheese or butter factory in the district. Mr. Thos. J. Dillon, of Prince Edward Island, spoke on the feeding and care of dairy stock. The meeting was well attended, considering the unfavorable weather and state of the roads. All present were interested in the subjects, and all dealt with by the speakers. The prospect of starting a cheese factory seems favorable. The friends of Rev. I. N. and Mrs. Parker met at the Methodist parsonage Tuesday evening and presented them with \$45 as a slight recognition of the esteem in which they are held and of their faithful service in church work. Owing to the recent storms and the high winds of several days the roads are so drifted that the mails are coming in late and irregularly.

IRON SAFE CONTAINING \$40,000

STOLEN FROM A RAILWAY PLATFORM.

Tracks in the Snow Were Followed and the Rifled Safe Was Found--Three Men Arrested all Protesting Innocence.

The wagon was driven a mile and a half into the country and there the safe was found. The contents were abstracted. The men there abandoned the safe and went their way on a new track. It was not difficult to trace them; however, this morning John Jackson, John Stovall and Charles Hayes were arrested. All of the men live at Manilla and are well-known. Their reputations heretofore have not been bad. They stoutly protest their innocence but the authorities believe the evidence against at least two of them will prove conclusive. The stolen safe contained in the neighborhood of \$40,000, of this \$12,000 was in cash and the remainder in drafts, checks and various valuables. While the robbery undoubtedly was deliberately planned as the horse and wagon were forced upon a convenient spot, it is not believed that the men knew they were making so rich a haul. They had no means of knowing the contents of the safe only that it was used for carrying valuables. Wiggins—It must be an awful thing to be dead. FOR PLANTS.

It Depends.

To rid plants of the white fly so often seen on them, spray the plants with kerosene emulsion, composed of one pint of kerosene, one-fourth pound of soap and two quarts of hot water. Cut the soap very fine and churn all together until a thorough mixture takes place. To use, dilute 20, 30 or even 50 times with water—the weaker solution to be used for the tender plants.

Behave Yourself, and you will keep somebody else out of mischief.
