## [English]

**Mr. Deans:** Madam Speaker, I rise on a point of order to ask whether the House might consider unanimous consent to allow the vote which has just been taken to apply to the next three votes, since I believe that the Official Opposition and the New Democratic Party will be voting the same way in the next three votes as they have in the one just preceding.

**Madam Speaker:** Does the House give its unanimous consent to allow the vote which has just been taken to apply to the next three votes?

**Mr. Nielsen:** If that is the case, with the New Democratic Party voting the same way as we are voting, that is acceptable.

**Some hon. Members:** Hear, hear!

**Madam Speaker:** Therefore, the vote which has just been taken applies to Votes 6, 7 and 8, I believe. I will check.

The next question is as follows—

**Mr. Deans:** I rise on a point of order, Madam Speaker. I am sorry, but I understood that it would apply to votes Nos. 7, 8 and 9. I thought we had just voted on No. 6, or, in other words, up to Vote No. 30, in the amount of \$245,758,000 under the Department of Energy, Mines and Resources.

**Madam Speaker:** We have just voted on No. 5 in the amount of \$113,944,000. That would apply. This page was marked "six" and this one is "seven". Therefore, it applies to Nos. 7, 8 and 9.
