

The Historical Section provides the supplementary text and coordinates the technical preparation of the volume. The manuscript was typed and formatted by Aline Gélinau. Mr. Yvon Litalien of the Translation Bureau provided the French for most of the footnotes, the captions and the ancillary text. My colleagues in the Communications Services Division, Francine Fournier and Julia Gualtieri, provided editorial guidance. Gail Kirkpatrick Devlin proofread the manuscript, composed the list of persons and refined the layout.

This volume was prepared under some unusual circumstances, and its completion owes much to the vital support of Mary and Katherine Donaghy.
