LIBERAL CONVENTION

FOUR HUNDRED IN SESSION AT CALGARY.

OFFICERS ELECTED AND OTHER BUSINESS DONE.

(Special to The Daily News)
Calgary, Oct. 23.—The convention of Alberta liberals held here today was the largest and most successful ever held in Alberta. Each constituency had the right to send twenty delegates who could vote, and all liberals were welcome. The result was three hundred liberals from outside came and to this number one hundred Calgary lib-

was organized to name committees and thort addresses were given by premier Rutherford, president of the associaion, Dr. McIntyre, senator Roy, W. H. Cushing and P. D. Bowden of Prince Edward Island legislature. At the afternoon session the nomi-

nating committee reforted and the ollowing were nominated: Hon. president, sir Wilfrid Laurier, Hon. esidents, Hon, Frank Oliver and Hon. acombe; vice president R. A. Walker, High River; secretary, S. L. Jones, Calgary. The organizing committee fixed the following dates for conventions in the ridings: Edmonton, Dec. 10th; Strathcona, Dec. 11; Wetaskiwin, Dec. 20; Calgary, Nov. 22; Medicine Hat, Nov. 24; Vegreville, Dec. 5; Red Deer, Dec. 8; McLeod. Nov. 28.

ROSSLAND MINER QUITS

LACK OF PATRONAGE IS CAUSE GIVEN OUT.

PAPER WILL STILL COME OUT AS A WEEKLY.

Rossland, Oct. 22. - The Rossland Miner, the oldest daily in the interior of British Columbia, suspended publication today because of lack of patronfor eleven years, and has a plant large enough for a city many times its size. William K. Esling, the publisher of the paper, said today that the Miner will issued as a weekly, but the daily plant will be shipped to some other point, which offers inducements commensurate with its size.

ROSSLAND FATALITY.

Two Men Injured at Le Roi Mine-One is Dead.

Rossland, Oct. 22.-Edward Lambley and James T. MacLean were loading lumber on a truck in the saw mill room at the Le Roi mine shops this morning at 10.20 o'clock. The planks were from 14 to 18 feet in length and three inches thick. While lifting a plank from the skidway the next row of planks, six feet in height, topi ver striking both men. Lambley was borne to the ground and sustained a fractured skull. MacLean was cut over his breast injured both eyes and his breast injured. Lambley died half an hour after the accident from effects of hemorrha the brain. The deceased was 22 years old and a native of England.

(Special to The Daily News)
Vancouver, Oct. 21.—George Stone
and Tom Walker, two comrades of Bill
Miner, in New Westminster penitentiary, made a dash for liberty on Saturday night and in their attempt severely wounded guard Imlah. The men were working in the stone quarry when Stone dealt the guard a heavy blow on the back of the head with a hammer, felling him to the floor where Walker attacked him further. The pair, followed by the others, made a pair, followed by the others, hade a break over the fence. Assistant warden Stewart came suddenly on the scene and fired at the fleeing men, bringing them to a stand. With the assistance of another convict they were captured

and are now in solitary confinement.

A. Pottinger has been appointed supreme court registrar at Vancouver, vice A. E. Beck, whose resignation was oday accepted by the provincial au

thorities.

K. Morikewa, Japanese consul at Vancouver, has applied to the home government for recall and will be replaced in December W. L. MacKenzie King this morning

constituted a commission on the adjudication of the claims of the local Japanese for damages in the recent riot. Sworn testimony in all cases was demanded and the court will hold daily sessions until all are heard. Mr. King stated that the Japanes ammigration problem was considered a vital one by the Ottawa government, who were fully alive to the importance of the question. The ministers were giving the problem most careful attention and it was realized that the situa-

Vancouver, Oct. 21.-A desperate attempt to break jail was made at the penitentiary in New Westminster late on Saturday afternoon. The ringleaders were George Stone and L. W. Walker, former close companions of the no-torious Bill Miner. Chief instructor Imlah narrowly escaped being murder-ed, and will have to remain in bed many days on account of his injuries Shortly after 4 o'clock Stone approach ed Mr. Imlah from behind, and dealt him a fearful blow on the head with a hammer. Imlah fell prostrate to the floor and Walker, who had been standing near, attacked the prostrate man, and dealt him several blows with a of scantling. Imlah turned over tried to crawl away, but was practically helpless. The two convicts, followed by the others, then made a ssistant warden Stewart appeared and held them up with his drawn revolver. The desperate men were cowed, especially when another convict named came to the assistance of the

Stone and Walker were overpowered, and have been placed in solitary con-finement. Mr. Imlah was severely in-jured but his life is now in no danger.

The riot claims submitted to Ottawa by the Japanese number 56, and aggregate over \$13,000. Damage to property is estimated at \$2,405, and consequential ernment will probably settle the var-tous claims as soon as they have been revised by Mr. King. Later, the city o doubt be asked to adjust ac-with Ottawa. Mr. King, at least on this trip, will not deal with the claims of the Chinese residents. The adjustment of this matter, so for as now being dealt with by the British foreign office.

ADDRESS BY GALLIHER

ENJOYABLE FEATURE OF LIBERAL MEETING

CONSTITUENCY IN GOOD SHAPE FOR NEXT CAMPAIGN.

The regular monthly meeting of the Nelson Liberal Association last evening proved unusually interesting, owing to the presence of "Big Bill" Galliher, who favored the meeting with an enjoyable address. Otherwise the meeting was devoted to routine ness, E. Ferguson reporting on behalf of the delegates to the recent provincial liberal convention.

It was decided to invite Hon. Wm.

Templeman, minister of inland revenue, to address a public meeting in this city on his way from Victoria to Citawa and in the event of his being able to Macdonald, leader of the provincial liberal party, to be one of the speakers

at this meeting.

In the course of his address to the meeting, W. A. Galliher, M.P. told of see its way to grant the concession. Ald important sections of his big constituency. He has recently met the liberal associations and party friends in Revelstoke, Golden, Fernie and Cranbrook. At Revelstoke he was able to meet the men within the railway belt and the settlers on these lands and to discuss the proposed new regulations governing the settlement of timber lands. He found the lumbermen prepared to consider in a reasonable spirit changes proposed by the minister of the interior looking to the settlement of timber lands under conditions more favorable

settlers than have heretofore pre-The settlers also regarded favthe proposed changes and a good anding upon a vexatious quesas arrived at. At Golden Mr. r discussed the same matter with satisfactory results. At Fernie, alliher encountered a very pleasant sarprise. He was royally enter-tained by an enthusiastic and numer-ous Young Men's Liberal Association, as bright and energetic a body of young political workers as he had ever met. The young liberals of Fernie are out to redeem the constituency provincially

pared to put up a winning fight when the next opportunity arises. At Cran-brook, Mr. Galliher met with the reception that characterizes the liberals of that place. Cranbrook is a well-organized stronghold of liberalism. The boys are always in fighting trim and always ready to welcome the party standard bearers. Mr. Galliher does not anticipate a dominion general elec-tion before the late fall of next year at the earliest, but his few words of advice to be ready for the fray, were heartily applauded and will be acted

For future monthly meetings of the Nelson Liberal Association special programs will be prepared, that work being entrusted to Dr. Arthur, E. Ferguon and H. E. Douglas.

Liberals are requisted to note carefully that the regular monthly meetings of the Association are to be held hereafter on the third Monday in every month in Miners' Union hall, the next reeting to take place on Monday, lovember 18th.

POWER PLANT TROUBLE METING OF THE CITY COUNCIL LAST

NIGHT CITY WATER FLUME TO GO UNRE-

PAIRED FOR PRESENT (From Tuesday's Daily)

The city council meeting last night was shorter duration than ordinarily, the chief matters discussed being the situation of the city's water supply and the con-

dition of the city power plant.

There were present the mayor and all the aldermen. After the reading of the minutes of the previous meeting the report of the finance committe, involving the exenditure of \$1500, was read and adopted. The board of works recommended the ex-penditure of \$200 on the Whitewater flume but could not recommend the expenditure of \$230 for taking the sewer on Baker street to lot 9, block 4, where an income of

34 a year was the total derivable.

The city engineer explained that the Whitewater flume, supplying Cottonwood lake was broken in three places so that no the lake. If a fire occurred the whole flume, if dry, would burn. As it was, with water in the flume, recent fire had burned down the flume, which was four feet wide

and two feet deep. The repairs also included the dam on Cottonwood lake.

In the discussion which followed it was asserted that there was no likelihood of a shortage of water in the winter and that the dam had only been put in for power purposes, which were now filled by the electric plant. Hence the repairs were not recommended and the report was filed.

A letter was read from H. C. Bullis saying that the draught tube had shifted as it had not been braced as specified in the

original plans. Mayor Gillett said that he had since heard that the draught tube had entirely dropped out. It was absolutely false that the late city engineer had failed to brace the tube. The Allis-Chalmers company's experts had declared that the four feet of concrete in declared that the four reet of concrete in place would hold the draught tube. Moreover holes had been bored in the draught tube to hold it but high water had prevented further work. The draught tube was 14 feet long but one of four or five feet would be sufficient. The company had asked for six months to put in a new governor. That six months had elapsed and there was no word of a new governor. In-stead the company's experts thought that the gates were too stiff and if the gates

were taken out and ground down the pres-ent governor would work. It was time for the council to insist upon the company carrying out their contract, and he recom-mended the sending of a telegram to the company insisting upon the immediate and ishing of their contract. This course was adopted by the council on the explanation inished by the Association and should reach, the Secretary not later than November are already for required. laid down to the shipyard the city engineer

was instructed to run the connections to the street line. Mr. Lawrence recommended the placing of three hydrants, one at the hpyards, one near the school and one at the junction of Chatham street and Nelson avenue, the latter being the most populous portion of Fairvew. on foot in Fairview to get up a fire bri-

Ald. Selous thought that the hydrant at the shipyard should be looked after by the shipvard itself.

The matter was laid over for consultation wth the gold commissioner.

Ald. Rose reported that the city electric light pole was situated so close to the Gra-nite tramway that loaded buckets taking up supplies to the mine were dashed against it. The matter was referred to the

lectrical engineer for report. J. F. McLeod applied for permission to have a candy stand on the corner of Ward and Baker streets but the council did not Annable said that he objected to even the 20,000 club having its building on the street, Ald. Hume coinciding, the mayor saying that the 20,000 club might denate its build-

ing to the city next year.

Ald. McMorris complained of the lack of light on Vernon street west of Stanley and also that brush was overhanging the sidewalk in various parts of the city. The city engineer explaned that instructions had been given for the clearing up of these sidewalks.

Aid. Rose complained of the lack of light west of the Home hospital

The council then adjourned until Oct. 28 to consider the applications for the po-sition of electrical engineer and to pass the monthly payroll.

ST. EUGENE ARBITRATION.

Commission Adjourns Until Thursday— Evidence Taken. The arbitration at Moyle between the St. Eugene miners and the Consolidated M. and S. company has been adjourned until Thursday morning next, owing to the three arbitrators having pressing engagements

During the initial session it looked as if

and to make a good showing in the coming dominion campaign.

Friction that existed in the liberal ranks at the last provincial campaign has been smoothed away and the liberal series of Fernie are now all in line prepared to put up a winning fight when ment by consent is not unlikely in the end.
About 35 muckers who are now getting \$3.25 are asking for an increase to \$3.50 of ten per cent; engineers want an increase of 50 cents a day and mill men want a raise the scale being paid at Phoenix and this is what the employees of the company are contending for. The meetings are held in McGregor hall and are open to the public So far every available seat is occupied dur

NO NOMINATIONS MADE

GRAND FORKS ELECTORS PASSED TIP

TWO SUSPICIOUS CHARACTERS PUT

(Special to The Daily News) Grand Forks, Oct. 23-Never in the history of Grand Forks was an election called and allowed to pass without any nominaficer J. A. McCallum announced that no nomination papers had been handed in for the office of alderman for the east ward of this city. The citizens all allowed the the city council to appoint some per to fill the vacancy, as provided by law. Yesterday chief of police Savage arrest-ed two suspicious looking individuals who are supposed to have been the men who tried to assault two ladies on the Fou street bridge a couple of nights ago. The men will be dealt with in the police court

NORTH WEST FRUITMEN

INTERNATIONAL ASSOCIATION MEET IN VANCOUVER. THE DATE WILL BE DECEMBER 4th.

5th AND 6th. The 15th Annual International Conven

tion of the North-West Fruit Growers' As-sociation will be held in the city hall, Vancouver, on December 4, 5 and 6 next. In addition to the ordinary programme of the convention, there will be a com-petitive fruit display, and medals will be awarded as follows: Class 1.—For the best five boxes of app

'(5 varieties): First prize, Gold Medal, value \$100; second prize, Gold and Silver 'Medal, value \$50; third prize, the "Birks" Silver Medal, value \$25.00.

Silver Medal, value \$5.00. Class 2.—For the best display of Fresh Fruit (any design of stand not more than 10 feet high and occupying a floor space of not more than 5 feet square): First prise, Gold Medal, value \$100; second prise, Gold and Silver Medal, value \$50; third prize, 'And Silver Medal, value \$0; third pris'
The "Birks" Silver Medal, value \$25.
Class 3.—For the best box of Commerci
Apples. Each exhibitor, or his represent
tive, to have the privilege of address:

the convention and the judges for seven minutes on the merits of his exhibit and the district in which it was grown. First prize, The "Birks" Silver Medal, value \$25; second prize, Bronze Medal, value \$15; third prize, Bronze Medal, value \$10.
All fruit must be grown in the district from which it is sent for exhibition, bu not necessarily all by the exhibitor.
The duty on exhibits from Washington

Oregon, Idaho and Utah, will be paid from the funds of the Association.

All exhibits should be sent, express prepaid, to Maxwell Smith, Secretary, N W. F. G. A., Vancouver, B. C., in tim eto arrive in Vancouver not later than December 2nd. They should also have the name and address of the exhibtor and the Class Number plainly marked on the end of each

25th. No entrance fee required.

All fruit for competition in Classes 1 and 3 must be put up in Canadian gover Standard Apple Boxes, measuring 20 x11 x 16 inches inside. The most suitable material for these packages is clear spruce lumber for similar soft wood, of the following

top and bottom, 1/4 in: and the top and bottom should be put on with cleats.

Exhibitors must provide stands and arrange their own exhibits, in Class 2; and all must be completed before 9 a.m., De-

Any Fruit Grower or Fruit Growers' Association in Oregon, Washington, British Columb'a, Idaho or Utah, may compete for Entry forms may be had on application

to the Secretary.

The membership fee of \$1.00 may be paid to the Secretary between 10 and 11 a.m. December 4th, any person is eligible for membership. A copy of the official report of the convention will be sent to all mem-

The rate over United States lines is oneand-one-third fare, and over the Canadian Pacific railway, one fare for round trip.

"COMING TO ITS OWN"

MPRESSIONS OF THE COUNTRY WEST OF LETHBRIDGE.

. CAVANAUGH TALKS INTEREST INGLY OF A RECENT TRIP.

N. Cavanaugh has just returned fro

a trip into southwestern Alberta and i much impressed with what he saw o nce north 20 chair the country. "In all of the hundred of miles that I covered," said Mr. Cav anaugh, "I saw nothing but good har-vests. The crop, which is now being threshed, is in excellent shape and i running high to the acre. Forty bush els is not at all extraordinary and sor of the farmers report much better fe-sults than this. There is said to have been ten per cent of the chap lost, through frosts but even if this is the case the farmer is still well satisfed inasmuch as he is getting 90 cents for his wheat this season whereas last year he

received only 55 cents. Everybody is talking wheat and when wheat is not spoken of then it is surely oats. Quite a number of people, however, realize something about the coal underlying. "That is one of the great beauties of the country," continued Mr. Cavanaugh. "On the top you grow the wheat and under the crops you burrow for the coul! Lethbridge today is shipping about 1000 tons of coal but within two years that thriving little town will be shipping 5000 tons daily. And this is the condition generally all through this section of the country. From Lethbridge to Frank is 141 miles afid the country between these two points and to the south and to the north of the C. P. R. is one of that in no long period of time is one of that in no long period of time will come to be recognized as one of the very finest coal districts on this side of the Atlantic, Already it is admitted as one of the very best of wheat growing neighborhoods. Righ along the line are strung every little ways a set tlement, some of which, such as Lund breck, Cowley, Pincher, or Macleod, are

breck, Cowley, Pineher, or Macleod, are fast rising into importance. It is not the town population that counts for so much, it is the outlying agricultural people that make up the strength of the southwest of Alberta. When that country comes in to its own, which will be at no distant date many a Kootenalan will be surprised at that which has grown up at his very doors with very

ian will be surprised at that which has grown up at his very doors with very little being said.

"The oil land is not just along the main line. That is more to the south and west and one does not hear much about it. In fact, as I have said, every body talks grain and then coal. But what struck me is the way in which the people speak of British Columbia as if it were situated 'way off—in the moon!' They get their news from Winnipeg, two days old, and don't seem to realize that they are much nearer than that to a thriving civilization. What they do hear interests them very much they do hear interests them very much for, of course, it is in the mines and smelters of the Kootenay and Yale that much of the coal will be marketed, and in another manner they are also inter-ested as many of their number are

coming over to our fruit lands."

"But you may say," concluded Mr.
Cavanaugh wearily," that southwest
Alberta is not having bad times." CERTIFICATE OF REGISTRATION OF

AN EXTRA PROVINCIAL COMPANY "Companies Act, 1897"
I HEREBY CERTIFY that the "Mor Bell Mining and Smelting Company" has this day been registered as an Extra-Pro vincial Company under the Companies Act, 1897, to carry out or effect all or any of

75. the objects of the Company to which the legislative authority of the Legislature of British Columbia extends.

4 The head office of the company is situated to the company it is situated to the company it is situated to the company The head office of the capital stock of the company is two hundred and fifty thousand dollars, divided into one million shares of twenty-five cents each.

The head office of the company in this

province is situate at the City of Creston, and O. J. Wigen, a fruit and produce ranch-er, whose address is the City of Creston. B.C. is the attorney for the company.

The time of the existence of the company is forty-nine years from the 15th of Janu

The company is specially limited under Section 56 of the said Act and no liability beyond the amount actually paid upon shares or stock in the company by the sub-scribers thereto of holders thereof shall at-tach to such subscriber or holder. GIVEN under my hand and seal of of-

tice at Victoria, Province of British Columbia, this 12th day of August, 1907.

Registrar of Joint Steck Companies.

The objects for which the Company has been established and registered are restricted to according managing designing. ricted to acquiring, managing, develop-working and selling mines, mineral cla and mining properties, and the winning getting, treating, refining and marketing of mineral therefrom.

NOTICE TO DELINQUENT CO-OWNER

To James Livingstone, or any other person or persons to whom he may have transferred his interest in the Alberta Mineral cliam, situated on the First North Fork of Lemon Creek, in the Sloosa City Mining Division of West Kootenay district, and recorded in the Mining Recorder's office at Sloosa B.C. order's office at Slocan, B.C.

You, and each of you, are hereby notified that I have expended the sum of four hundred and ten dollars (\$40.00) in labou and recording fees upon the above named mineral claim in order to hold the same under the provisions of Sec. 24 of the Mineral Act; and that if, within 90 days from the date of this notice, you fail or refus to contribute your proportion of the afore said expenditure, which is two number and five dollars (\$205.00) for the four years ending the 12th day of July, 1907, together with all costs of advertising, your inter est in the said claim will become vested in the undersigned, under Sec, 4 of the Mineral Act, Amendment Act, 1900. Dated at Slocan, B.C., this 15th day o J. T. BEAUCHESNE.

LAND NOTICES

OF WEST KOOTENAY TAKE NOTICE that I , Charles W. Busk agent for Lucy A. Davys, intend to apply or permission to purchase 40 acres of land bounded as follows: Comme a post adjoining the N.W. corner of Lot 791, G 1, West Kootenay district, thence south along the western boundary of Lot 791, 20 chains; thence west, along the

orthern boundary of Lot 790, 20 chains chains to point of commencement.

LUCY A. DAVYS.

CHARLES W. BUSK, Agent

August 5, 1907.

NOTICE is hereby given that 60 days after date we intend to apply to the Hon. the Chief Commissioner of Lands and Works for permission to purchase the following described lands in West Kootenay district: Commencing at a post planted at about 500 feet west of the Scerro Verde mineral claim, and marked "southeast corner pest," thence 1-4 mile to the northeast corner post; thence one mile to

the northwest corner post; thence 1-4 mile to the southwest corner post, and thence i mile to the southeast corner, or place of commencement, containing 169 acres, more or less.

MARTHA DAVIS CHAS. E. WILSON

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY, B.C.
TAKE NOTICE that we, D. Dye and B. Harrop, of Harrop, B.C., occupation, carpenter and store keeper, intend to apply for permission to purchase the cellowing described land:
Commencing at a post planted 12 feet

ncing at a post planted 12 feet Commencing at a post planted 12 feet distant from B. Webster's northeast cor-ner post (lot \$22), thence south 20 chains; thence east 20 chains; thence north 20 chains; thence west 20 chains, to point of commencement, and containing 40 acres,

NELSON LAND DISTRICT. DISTRIC OF WEST KOOTENAY
