WATER POWER FOR PULP MILL.

Bainy River Company Have a Force to Begin With.

Toronto, Jan. 22.—The Rainy River Pulp & Paper Co., whose concession was approved by the Government on Tuesday, have secured a water-power on Sand Island River, where they propose locating their mill. This is a few miles north of Mine Centre, and also north of the line of the Canadian Northern Railway. It is in fact in the vicinity of the Golden Star Mine. The water-power has a 16-foot fall and is estimated to be capable of developing 1,800 horse-power. It was originally leased to the Olive Gold Mining Company and the Preston Gold Mining Company, by whom it has been assigned to the present holders.

The full list of men whose names appear as concessionaires is as follows:—Hon. Geo. E. Foster and W. E. Elliott, Toronto; Wm. Blackwood and R. M. Simpson, Winnipeg; and Wm. A. Preston and Louis Hamel, Mine Centre. The general terms of the concession are similar to those embodied in previous pulp contracts.

The powder puff may help to hide the ravages of disease. When the face is disfigured by eruptions, the treatment must go below the surface to the blood, which is corrupt and impure.

Dr. Pierce's Golden Medical Discovery cures disfiguring eruptions which are caused by impure blood. It cures scrofulous sores, erysipelas, boils, pimples, eczema, salt-rheum and other eruptive diseases which impure blood breeds and feeds.

"I was troubled with eczema from the crown of my head to the soles of my feet," writes Mrs. Ella Quick, of Cass City, Tuscola Co., Mich. "Could not walk at times nor wear my shoes. Thought there was no help for me—at least the doctor said there was none. I went to see friends at Christmas time and there heard of the good that Dr. Pierce's Golden Medical Discovery had done for them, and was advised to try it at once. For fear that I might neglect it, my friend sent to the village and got a bottle and made me promise that I would take it. I had been getting worse all the time. I took thirteen bottles of the Golden Medical Discovery and ten vials of Dr. Pierce's Pleasant Pills, and used 'All-Healing Ointment,' which made a complete cure. It was slow but sure. I was taking the medicine about eight months. 'I would say to all who read this, try Dr. Pierce's Golden Medical Discovery before wasting time and money.'"

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pills cleanse the clogged system from accumulated impurities.

TOO GREAT EXPENSE

Not the Reason

It is not because Pyramid Pile Cure is so expensive that many people decline to give it a trial, but because they find it too great a tax on their credulity to believe that the published letters bearing testimony to the merit of this remedy are genuine and bona fide; especially to those who have realized the suffering incident to piles is it incredible that anyone who has been afflicted twenty-five and thirty years with the worst forms of protruding and bleeding piles should be cured by the application of a simple remedy, when their physician has assured them that the only relief is in a surgical operation?

This is rightly viewed with dead by all those afflicted, as it means at the least a great shock to the nervous system, with more than a possibility of utter collapse and death; in the majority of cases, too, there is a return of the complaint, owing to the fact that the cause is not removed.

The proprietors of the Pyramid Pile Cure agree to forfeit one thousand dollars to anyone who will show a single published testimonial to be not genuine and unsolicited; this latter feature is most gratifying, inasmuch as these letters are written solely out of gratitude, and with the hope that those who are afflicted as the writers have been may learn that relief is at hand, at a comparatively trifling expense. Pyramid Pile Cure is for sale by druggists at fifty cents a package, or will be mailed by the makers to any address upon receipt of price.

Mr. Wm. Lichtenwalter, head of the largest printing house in Canton, Ohio, says: "It is with the utmost pleasure and satisfaction that I can say I believe I am cured of protruding and bleeding piles, after suffering more than twenty-five years. I have been in bed for two weeks at a time. I have not suffered in the least for over a year, and I used only three fifty cent boxes of Pyramid Pile Cure."

"I advise every person suffering with this distressing and painful complaint to give this remedy a trial. I have every confidence in it." Write the Pyramid Drug Co., Marshall, Mich., for their book on the causes and cure of piles.

young and old gathered in the Opera House to see the popular comedy "Mixed Pickles." Little Mary Vongunten won the prize—a pair of shoes valued at \$2.00. This evening they will play "The Parisian Princess."

At the recent for County Councilors held at Chatham to-day Vester heads the poll with Haggart next, winning by seven votes instead of one majority over Young at the election on January 6th.

SOUTH BUXTON.

On Saturday last Mr. Wellington Wallace had a sand bee, drawing sand for the basement of his new barn that he intends to erect in the spring. About 14 teams turned out and, needless to say, they were a jolly lot, and all passed off without a mishap. Mr. Wallace is rapidly improving the old McNeil farm.

Mr. John Richardson, of Valetta, purchased a fine young draft horse from Mr. Geo. Foxton for which he paid a very fine price. It pays to raise good stock. Mr. Foxton is rapidly coming to the front in these lines. For convenience, his buildings and waterworks speak out to his credit.

The oil excitement does not abate yet, although all kinds of rumors are afloat, and now a new company is being organized which will, in all probability, be known as the Buxton Oil and Mining Company. This move is being backed by Messrs. Burk and Brady, and they are now backed up by five of Chatham's leading business men, whose names will be given later on; and the Wallace brothers, of Buffalo, who are expected here within ten days with an expert and two machines. They have secured several leases, and three test wells will be put down at once, one on Geo. Wright's farm, one on Silverthorn's farm, and one on the Moore farm, all in the neighborhood of New England.

Mrs. Geo. Cromwell, of Fletcher, is visiting relatives in Lansing, Mich., and will spend a few days in Ann Arbor on her return trip.

Miss Emma Shreeve, of Raleigh Plains, has been re-engaged as teacher in the Rond Eau Harbor school for another term. The section is highly pleased with her.

Mr. Burt Bradshaw, who spent nearly three years in the American army and was all through the Philippine Islands war and was at the fall of Chiriqui Capital, gives some thrilling experiences.
