

A FARMER'S HARD LUCK.

MEETS WITH AN ACCIDENT FOLLOWED BY PAINFUL RESULTS.

Mr. N. B. Hughson tells a Story of Years of Suffering and How he found Release—The Circumstances Familiar to all his Neighbors.

From the Chatham Banner.

A Chatham Banner reporter while on news-gathering rounds a few days ago dropped into the well-known drug store of Messrs. Pilkey & Co., and overheard scraps of conversation between customers, in which the words "Pink Pills" and the name "Hughson" were frequently repeated. With a reporter's instinct for a good news article, he asked for some particulars, and was told that if he called upon Mr. Hughson he would probably get a story well worth giving publicity. Mr. Hughson does a snug feed and sale stable business on Harvey street and thither the reporter repaired, and was somewhat surprised to find the very antipodes of an invalid. Mr. Hughson is a man of medium height, about fifty years of age, born with a good constitution, and who, until some three years ago only knew the meaning of the word sickness from the dictionary.

Mr. Hughson is a stationary engineer by trade, and a good one, but some six years ago getting tired of that calling quitted it and rented a farm in Harwich. While returning from town one day on top of a load, one of his horses stumbled, and Mr. Hughson was pitched head fore most to the hard, frozen roadway. When he got home and the blood was wiped away his external injuries seemed trifling, but the grave trouble was inside, and took the form of a violent and almost constant headache. A week later he went into the bush to cut wood, and felt at every stroke as if his head would burst. He worked for half an hour and then went home, and for eight weeks his right side was wholly paralyzed and his speech gone. After a time this wore off and he was able to go about the house, though he could not walk. All this time he was attended by a physician, whose treatment, however, seemed of but little avail. In the following June he had a second stroke and was not out of bed for seven weeks and was left very weak. The belief that he was doomed to be a burden on those near and dear to him, that he was unable to take his place as a bread-winner, added mental to his physical anguish. But relief was coming, and in a form he had not expected. He saw Dr. Williams' Pink Pills advertised and asked his physician about them. The latter said he had not much faith in these remedies, but they would do no harm, and Mr. Hughson got a supply which he began taking according to directions. At the outset his wife was also opposed to them, but before he had taken them long she noticed an improvement in his condition, and then was quite as strong in urging him to continue their use, and even took them with good results herself for heart weakness following la grippe. Continuing the use of the pills, Mr. Hughson found his terrible headaches leaving him and his strength returning, and soon found he could do light work on the farm near his house. He still continued using the Pink Pills until he had taken fourteen boxes, and found himself fully restored to his old-time strength. Mr. Hughson's old neighbors in Harwich never expected to see him on his feet again, and are astounded at his recovery, so much so that the fame of Dr. Williams' Pink Pills has spread far and near throughout the township, and are the standard remedy in many households. Mr. Hughson can be seen by any of our citizens and will only too gladly verify the foregoing statements.

The reporter then called upon Messrs. Pilkey & Co., at the Central Drug Store. They do not, they informed him, make a practice of booming any proprietary medicine, so that the lead taken by Dr. Williams' Pink Pills is not due to persistent puffing but to irresistible merit, and on all sides their customers speak of them in terms of warmest praise.

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of la grippe, diseases depending on humors in the blood, such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale

and sallow complexions and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature.

Bear in mind Dr. Williams' Pink Pills are never sold in bulk or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Ask your dealers for Dr. Williams' Pink Pills for Pale People and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y., at 50 cents a box, or six boxes for \$2.50. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

WHAT IS

ROBSON'S HAIR RESTORER

It is a most valuable preparation, restoring to gray hair its natural color, making it soft and glossy and giving it an incomparable lustre. ROBSON'S HAIR RESTORER is far superior to ordinary hair dyes, for it does not stain the skin and is most easily applied. One of its most remarkable qualities is the property it possesses of preventing the falling out of the hair, promoting its growth and preserving its vitality. — Numerous and very flattering testimonials from well known PHYSICIANS and other citizens of good standing testify to the marvelous efficacy of ROBSON'S HAIR RESTORER. Lack of space allows us to reproduce only the two following:

Testimony of Dr. D. Marsolais,
Lavaltrie.

I have used several bottles of Robson's Hair Restorer, and I cannot do otherwise than highly praise the merits of this excellent preparation. Owing to its use, the hair preserves its original color and in addition acquires an incomparable pliancy and lustre. What pleases me most in this Restorer is a smooth, oleaginous substance, eminently calculated to impart nourishment to the hair, preserve its vigor, and stimulate its growth, a substance which replaces the water used by the manufacturers of the greater part of the Restorers of the day from an economical point of view. This is a proof that the manufacturer of Robson's Restorer is above all anxious to produce an article of real value, regardless of the expense necessary to attain this end. It is with pleasure that I recommend Robson's Restorer in preference to all other preparations of that nature.

D. MARSOLAIS, M. D.
Lavaltrie, December 28th, 1898.

Testimony of Dr. G. Desrosiers,
St. Felix de Valois.

I know several persons who have for some years used Robson's Hair Restorer and are very well satisfied with this preparation, which preserves the original color of the hair, as it was in youth, makes it surpassingly soft and glossy, and stimulates at the same time its growth. Knowing the principle ingredients of Robson's Restorer, I understand perfectly why this preparation is so superior to other similar preparations. In fact the substance to which I allude is known to exercise in a high degree an emollient and softening influence on the hair. It is also highly nutritive for the hair, adapted to promote its growth, and to greatly prolong its vitality. I therefore confidently recommend the use of Robson's Hair Restorer to those persons whose hair is prematurely gray and who wish to remove this sign of approaching old age.
