

THE TORONTO WORLD  
TUESDAY MORNING, NOV. 23, 1886.

THE WORLD IN HEATFORD.

Mr. E. H. Bothwell has been appointed agent for the Toronto World in Bradford, England. He will deliver the World to subscribers in that city every morning immediately on the arrival of the first train, and return a month.

Amusements This Evening. The Opera House-McClellan's Company. Toronto Opera House-McClellan's Company. The Grand Opera House-McClellan's Company.

That is what the matter is. Alliteration—the American despatch editors—are calling it now. And it does appear as if they had hit on the right guess. Kaulbars and his corps of alleged counsellors have left Bulgaria, but much is certain. Le Nord, the Russian organ at Brussels, says that this departure does not signify Russia's retreat from the country, but simply a rupture of diplomatic relations.

When you visit or leave New York City and stop at the Grand Union Hotel, opposite the Grand Central Depot, you will find a cost of one million dollars, and upwards per day, European tourists in the city, and the Grand Union Hotel, which is the largest hotel in the city, is the largest hotel in the city.

General & Exchange, stock and exchange brokers, 21 King-street east, Toronto. Buy and sell American, English and foreign money, exchange, exchange bank and all other banks, bank companies, etc.

E. C. Butterfield, Real Estate and Insurance Broker, 23 King-street east. 26

TO SMOKERS!

Certain interested parties are diligently circulating a report to the effect that our "Cable" is not as good as it used to be. This brand has been before the public a quarter of a century, and has outlived the thousand and one brands that have been introduced and died out since its introduction. This fact, coupled with the increasing demand for same, should be a sufficient guarantee that the "Cable" has not lost any of its original merit.

Having secured the services of a First-class Printer, we can guarantee every garment a perfect fit and finish in excellent style.

S. DAVIS & SONS, The Largest Clear Manufacturers in Canada.

J. & J. LUGSDIN, MANUFACTURERS, 101 YONGE-ST., TORONTO.

ROGERS' THE HATTERS, 79 YONGE ST.

A POPULAR NAME: ROGERS' THE HATTERS. Known throughout the world as the makers of Fashionable and Moderate Priced CUSTOM MADE HATS.

ROGERS' THE HATTERS, 79 YONGE ST., TORONTO.

The Intercolonial Railway OF CANADA.

The Royal Mail, Passenger and Freight Route between Canada and Great Britain, and direct route between the Lower St. Lawrence and the Gulf of St. Lawrence, and also New Brunswick, Nova Scotia, Prince Edward Island, Cape Breton, Newfoundland, Bermuda and Jamaica.

New and Elegant Buffet Sleeping and Day Cars run on Through Express Trains.

Passengers for Great Britain or the Continent, by leaving Toronto by 8.30 a.m. train Thursday will join outward Mail Steamers at Halifax on Saturday.

Superior Hotel, Warrenton and Dock Accommodation at Halifax for shipment of grain and general merchandise.

Years of experience have proved the Intercolonial in connection with Steamship Lines to and from London, Liverpool and Glasgow to Halifax to be the quickest, lightest route between Canada and Great Britain.

Information as to passenger and freight rates can be had on application to J. B. MOODIE, Western Freight and Passenger Agent, 45 Rensselaer House Block, York-st., Toronto.

J. B. POTTS, Railway Office, Chief Superintendent, Montreal, N.S., November 10th, 1886.

NATIVE WINES PELEE ISLAND. DRY CATAWBA—Mostly resembles the Catawba of Ontario, but with a more delicate and refined wine of Germany.

SWET CATAWBA—Of a champagne flavor. BABELLA—Similar to the Malaga wine of the Canary Islands. A rich dark wine from the original seedling and Catawba grape.

ST. AGRESTINE—A large red wine for common use. CLARET—From the Victoria seedling grape. BURLAWAY, a choice light dinner wine.

C.N. BASTEDO & CO., MANUFACTURERS, 54 YONGE ST., TORONTO.

PERKINS, PHOTOGRAPHER, 203 Yonge-st. (Just S. of Queen-st.)

J. FRASER BRYCE, Photographic Art Studio, 107 KING STREET WEST.

WOOD ENGINERS. J. H. McLELLAN, Engineer, 230 King-st. W. 2nd floor. J. H. McLELLAN, Engineer, 230 King-st. W. 2nd floor.

WANTED—A second-hand pool table in first-class condition must have every thing complete. Apply D. S. M., World office, 21 Adelaide street east. Orders executed promptly.

THE FAMED HICKOK LAMP BURNER. Manufactured by the Hickok Manufacturing Company, 35 and 37 Church-street, New York. For sale by H. HARRISON, 101 King-st., Toronto, Ont. Trade supplied by RICHARD S. LEITCH, Grocers and Glassware, 10 Front-street east, Agent for Manufacturer.

There is given in this article a full and complete description of the greatest invention in a burner for oil lamps that has been made in many years.

There have been many improvements and inventions in the history of the lamp, but never before has such a simple and perfect burner been made. The Hickok burner is undoubtedly the greatest invention in a burner for oil lamps that has been made in many years.

The ordinary lamp has a power of about eight candles, and the largest ordinary burner about twenty-five candles. The Hickok burner, which can be fixed on an ordinary lamp, either metal or glass, gives the illuminating power of sixty candles.

It is not a complicated machine, either, but one of the most simple burners in existence. It is also very handsome and durable. By a simple automatic arrangement, concealed in the body of the burner the light can be turned down and then set to burn with the desirable color which always follows the blowing out of the ordinary lamp. It burns absolutely round which, by giving the same heat all around, it burns away with any degree of freedom, and is also very handsome and durable.

The Hickok burner is undoubtedly the greatest invention in a burner for oil lamps that has been made in many years.
