

Nova Scotia needs to take a new direction. Gerald Regan has a program for the orderly development of Nova Scotia's economy. He believes that "Economic Development is a science . . . not a lottery". This means planned growth to pro-

vide more jobs and higher wages, more and better housing, improved medical services, and a better standard of living for all Nova Scotians.

Gerald Regan's programs are designed for the 70's.

LIBERAL OCT.13

**REGAN:
THE MAN FOR NOVA SCOTIA.**
