

198
Paris 24 Dec^r 1822

To the Hon. J. Robinson

Sir having noticed
in a York Paper an advertisement requesting
all occupants or those having claims on the
Indian Lands lately surveyed by Lewis Burwell
to lay their claims before the Hon. Col. Gervis
we therefore, the undersigned, having claims on
the said Lands by 21 year leases having made
improvements and being in possession do now
again make application to your Honor that
you would be pleased to lay before the Hon.
Col. G. our former petition which was
addressed to you in May last that we may
know the result as soon as possible for we are
still making improvements in hopes of being
able to purchase on favorable terms hoping
that our situations will be considered and not
suffer our labor to be sacrificed to greedy spec-
ulators as there are some looking with a jealous
eye determined to take advantage of our impro-
vements
