Right Honourable Arthur Meighen,
Ottawa, Ont.

Dear Mr. Meighen:

- PRIVATE -

I hope you will not think that I am butting into something that is none of my business, but it is only fair that in what I consider this very important matter, I should make this suggestion.

I do not know how intimately or well you may know Honourable J. H. Fisher, but so far as I have any judgment, I consider him one of the wisest politicians in the Senate. His judgment in all cases has proved to me his capacity.

He is very anxious, as I happen to know, that Governor Cockshutt should actively assist you in the campaign this Fall, or next year, and I would suggest that you should act with Fisher, (who would gladly meet you any place that you ask him), and with him arrange how you are going to best bring about the co-operation he desires.

I never spoke to Governor Cockshutt in my life, but judging only from outside evidence, he appears to me to possess many useful attributes, and we need everything and everybody in order to win.

With kind regards.

Yours faithfully,

W. O. Johnston
