Mr. Wm. Kirby,
Niagara-on-the-Lake, Ont.

Dear Mr. Kirby:

I just received yours of 24th
July forwarded back to us here from Ottawa.

Certainly there is nothing
I can do to assist anyone to a position in the Registra-
tion organisation or in any other Government work. My
recommendation would probably do harm.

Have stated in the House, and say
again, that I can see no value in this big Registration job.
It will cost many millions and be a source of delay rather
than of real action.

Yours very truly,

AJ/E.
