"The Rectory,"

Renfrew, June 22nd, 1931.

To

Right Honorable Arthur Meighen,  
Toronto, Ontario.

Right honorable and dear Sir:-

It was with feelings of great joy that I with a countless host of Canadians read of your appointment to the Hydro Commission. How often your name has been mentioned, and the manifold details of various matters in the past have been discussed by friends, and the hope that some time you would again enter into the arena of public work, is scarcely necessary for me to mention. Now that you have decided to accept the position on the Hydro Commission is a great joy to many, and one feels quite confident that the manifold duties of your office, in company with others on the Commission, is in perfectly safe hands, and the mark of a slight recognition of your valuable services is a source of gladness to your many friends.

Very faithfully yours,

*Res. Cannon*

*(Cannon) H. M. H. Quastmaier*
