Ottawa, December 2, 1919.

Gentlemen,-

The Department is anxious to secure two single desks, No. 1, for the use of the Cape Croker Indian Day School to complete the seating equipment there. The desks at present in this school were supplied by John E. Snider, Waterloo, in 1903, and the Department would like the desks now required to be of the same style as those in the school.

I have to request that you will be good enough to state whether you can supply these desks, and, if so, the price charged.

Your obedient servant,

Asst. Deputy and Secretary.
