

The MODEL SCUFFLER!

LIGHT, STRONG. **Quickly Adjusted**

We aim to make an implement which will adjust itself to all the varying conditions of soil in the quickest possible manner, and with the least manipulation. We accomplish this by our new patented **SHANK FASTENER OR CLAMP**. The change is made by loosening one nut half a turn, by which operation the point can be shifted to any conceivable position. This Scuffler is, what many of our customers have already called it, "A WORLD BEATER." It is strong, durable, and of the best material and workmanship. If your local agent does not supply you, write direct to the estate of

T. T. GOLEMAN, Seaford, Ont.

The March of Progress

THE WORTMAN & WARD MANUFACTURING CO.'S SPADE HARROW

The Best Pulverizer! The Best Cultivator! And The Best Harrow Ever Made.

THE WORTMAN & WARD MFG. CO., LONDON, ONTARIO.

This is it.

Cottolene is clean, delicate, wholesome, appetizing and economical. It is so good that it is taking the place of all other shortenings. Be sure and get the genuine. Sold in one, three and five pound tins with the trade mark—steer's head in cotton-plant wreath—on every package.

Made only by **THE N. K. FAIRBANK COMPANY,** Wellington and Ann Sts., MONTREAL.

ADVERTISE IN THE FARMER'S ADVOCATE.

AS IN YOUTH Ayer's Hair Vigor CORDIALLY INDORSED.

RESTORES Natural Growth OF THE HAIR —WHEN— ALL OTHER Dressings FAIL.

"I can cordially indorse Ayer's Hair Vigor, as one of the best preparations for the hair. When I began using Ayer's Hair Vigor, all the front part of my head—about half of it—was bald. The use of only two bottles restored a natural growth, which still continues as in my youth. I tried several other dressings, but they all failed. Ayer's Hair Vigor is the best."—Mrs. J. C. PREUSSER, Converse, Texas.

AYER'S HAIR VIGOR PREPARED BY **Dr. J. C. AYER & CO., LOWELL, MASS.**

To Smokers

To meet the wishes of their customers The Geo. E. Tuckett & Son Co., Ltd., Hamilton, Ont., have placed upon the market

A Combination Plug of

"T & B" SMOKING TOBACCO.

This supplies a long-felt want, giving the customer one 20-cent plug, or a 10-cent piece, or a 5-cent piece of the famous "T & B" brand of pure Virginia Tobacco.

The tin tag "T & B" is on every piece.

RUSSEL'S CORN CURE

A safe, sure and effectual remedy for the removal of all Corns and Warts.

It removes those troublesome excrescences without pain or inconvenience, and without the use of the knife. There is no corn or wart that it will not cure, if the directions are strictly followed. Full directions around each bottle.

PRICE, 25 CENTS, POST-PAID. **T. R. MORROW, Chemist & Druggist,** 426 Cordova St., & Mt. Pleasant, VANCOUVER, B. C.

400—Helderleigh Fruit Farms Nurseries—400 (Four Hundred Acres in Extent.) Established 1882.

There is no place in Canada where the season is longer than here. Hence we get trees brought to the fullest maturity, capable of withstanding the severest cold. Having one hundred acres in fruit, from which cuttings, buds, scions, etc., are taken, I can safely guarantee the purity of my stock to be equal, if not superior, to any other nursery. The soil is specially adapted to produce vigorous, hardy trees, a grand lot of which are now growing and for sale. All the leading sorts of both old and new varieties deemed worthy of propagation. Catalogues free on application. Agents wanted in every township.

SEED OATS We have a quantity of the celebrated French Joannette Black Oats for sale. This variety has headed the list for four years at the Provincial and last year at the Dominion Experimental Farms; also for two years in tests made by the Experimental Union.

THE BOW PARK CO. (Ltd.), BRANTFORD, 5-4-0m ONTARIO.

STOCK GOSSIP.

In writing to advertisers please mention the Farmer's Advocate.

Mr. J. C. Snell, Edmonton, Ontario, writes:—"Our sales of Berkshires during the last month have been very satisfactory, and include shipments to Maine, Kentucky, Michigan, Prince Edward Island, Quebec, Manitoba, and British Columbia, besides a large number in Ontario. We have yet a few really good young boars and sows of October and November litters, and our spring litters, the get of three first-class imp. boars, are very fine and promising. Berkshires are constantly making new friends and holding their old friends, while those who have faltered and gone after strange breeds are coming back again. They could not stay away."

SPRUCK GROVE STOCK FARM.

At Culloden, a few miles south of Ingersoll, is Spruce Grove Stock Farm, where Mr. Isaac Holland is engaged in the dairy business, and the breeding of Tamworth swine. He is using two choice Guernsey bulls on his dairy herd, and as a result he has a number of fine grade Guernseys, which should make excellent dairy cows, as his dairy herd are all first-class milkers, and the Guernseys are noted for their good milking qualities, and being of very docile disposition, and fair sized, smooth cattle, they turn readily into beef whenever desired.—a very advantageous trait. Mr. Holland intends to enlarge his herd of pure-bred Guernseys, as his experience with them has been very satisfactory. The four-year-old bull, May's Roseberry (3423), is a fine model of the breed; he has done himself credit in the show rings, having won first as a calf in Toronto; second in '92, as a yearling; first in his class and sweepstakes for best bull any age in Toronto, in '94. His dam has a record of 22½ lbs. in seven days. The half-sister of this bull, Liza C., and his sire have been famous winners in the leading show yards. Dandy of Oxford (3424), a two-year-old bred by J. A. James, Niles town, Ont., won in '94 second at Toronto and first at Ottawa. The neat sum of \$500 was refused for the dam of this bull, the object being to show her at the Columbian Exposition. As will be seen by Mr. Holland's advertisement in this issue, he will dispose of one of these bulls, as one will be all he will have use for this season. In looking over the Tamworths we noticed Dorridge Ruby 2nd, imported by Grant & Co., Ingersoll; a fine sow and an excellent breeder, her stock being very successful winners, capturing first, second, and third at the Provincial Fat Stock Show, in '93; also first for best three pigs, offspring of one sow. This sow is bred to Rex (177), and will farrow in April; intending purchasers should keep this in view, as she always throws something extra good. Another good sow of Mr. Bell's (of Amber) breeding is due to farrow in May by Dandy of Oxford. Dandy of Oxford heads the herd, a 11-months-old boar, bred from Dorridge Ruby, a good lengthy hog. We also noticed a nice three months' boar from the imp. sow Dorridge Ruby. Mr. Holland has a few young pigs from Tippecanoe (59), (imp.), and his imp. sow, which he will dispose of. Particulars will be furnished on application.

SPRINGBROOK HERD OF YORKSHIRES AND BERKSHIRES.

After a drive of some three miles northward from Woodstock, we arrived at Springbrook Stock Farm, the property of Mr. Wm. Goodger & Son, where may be seen over one hundred head of Improved Large White Yorkshires. We found them in good thriving condition, of good quality, and excellent pedigree, the breeding sows being either imported or the offspring of imported stock, the foundation stock being from such noted English breeders as Sanders Spencer, Walker Jones, and Geo. Chalnoock. At the head of this herd is the boar Morning Light—814—by Dauphin 3rd (53), dam Merry Lass 3rd (943)—a boar of good length, well fleshed back, thick loin, full flanks and hams, and a grand getter. The imp. sows, Holywell Lass and Fashion 2nd, of Mr. Spencer's and Geo. Chalnoock's breeding, are excellent representatives of the breed, and have proved themselves of much value to their owners as breeders. These sows are due to farrow in April, by Morning Light. Among the younger sows are many excellent individuals, which are bred direct from imported stock, and due to farrow in April and May. The Improved Large Yorkshire, without a doubt, answers the requirements of the pork packers in every respect, being light in the head, neck, and shoulders, with good heart girth, well-fleshed backs, thick loin, great length and heavy hams. They are, moreover, rapid growers and fatten readily. It is a well recognized fact that the cross of the Yorkshires on any of the shorter, thicker breeds, make a most profitable hog for the feeders' pens. In the towns and cities there is an increasing and persistent demand for lean ham and bacon, for which they are ready to pay a higher price. The following from one of the largest pork-packing establishments might be interesting: "The number of Improved Large Yorkshire boars that have circulated through the country the last two years has very largely and favorably worked in the direction indicated, and among the hogs that we now take in at our packing-house are from one-third to one-half white, and without doubt are half-bred Yorkshires; and we can affirm that this cross has produced the best ideal of a bacon hog." Messrs. Goodger & Son are also breeding a good class of Berkshires. They are prepared to supply a first-class article, either in Berkshires or Yorkshires of any age, at very reasonable prices. We were informed that orders were always promptly attended to, and everything guaranteed to be as described.

NOTICES.

USED WITH GOOD SUCCESS.

Westerlo, N. Y., June 27, 1894.

The Lawrence-Williams Co., Cleveland, Ohio:

I received your letter of the 19th. Enclosed please find draft for six bottles of Gombault's Cautic Balsam. I have used several bottles of Cautic Balsam with good success in every instance.

Wm. BURCH.

HOW TO GET "SUNLIGHT" BOOKS.
