

Buy the Strongest Manure Spreader The "Success."

You never saw a "SUCCESS" Manure Spreader with the sides of the box bulging out, or the sills separated and sagging. They are more strongly built than other manure spreaders. Made of WHOLE UNSPLICED TIMBER and firmly braced, so that there is not a single weak spot in the whole machine. Indeed, so strongly constructed is the "SUCCESS" that it will stand the heaviest kind of strain without weakening. Bumping along uneven ground with a heavy load does not injure "SUCCESS" in the slightest. CENTER SILLS are continuous—not weakened by splicing as in most machines—but strengthened with heavy steel braces, so that the frame is exceptionally rigid and strong. Besides being the strongest machine, it is also the simplest. Consists of less parts than any other; easier to set up, easier to operate, less to get out of order. The "SUCCESS" will prove a profitable investment—not an annoying expense. Complete detailed information given in our Free Illustrated Catalogue. Write for it to-day.

THE PARIS PLOW COMPANY, LIMITED
Paris, Ont., and Winnipeg, Man.

Most economical and durable roof covering known. Easy to put on; requires no tools but a hatchet or a hammer. With ordinary care will outlast any other kind. Thousands of satisfied customers everywhere have proven its virtues. Suitable for covering any building. Also best for ceiling and siding. Fire-proof and water-proof. Cheaper and more lasting than shingles. Will not stain rain-water. Makes your building cooler in summer and warmer in winter. Absolutely perfect, brand new. \$1.75 is our price for our No. 15 grade of Flat Semi-Hardened steel roofing and siding, each sheet 24 ins. wide and 34 ins. long. For further particulars apply to **T. A. COX, Box 71, Brantford, Ont.**

Take my Poultry-for-Profit Outfit Without Spending a Cent of Cash

Tell me to ship you a **PEERLESS** Incubator and a **BROODER**, and you take three years to pay for them in

You never saw an Incubator so certain to hatch strong chicks—nor a Brooder so sure to raise them

You can start raising poultry for profit without spending a cent for the important part of your outfit.

Simply tell me to ship you a **PEERLESS** Incubator and a **Peerless** Brooder—you need them both to start right.

Promise to pay for them in three years' time—that's all I ask you to do.

I will tell you exactly what to do to make a success of poultry raising. I will work with you as your expert

advisor, if you want advice. I will see you through—show you just how to make most money quickest.

I will even find you a good high-paying buyer for all the poultry you want to raise.

And I will put a Ten-Year **GUARANTEE** behind the incubator and the brooder—an absolute, plain-English guarantee that puts ALL the risk on me, where it belongs.

I can afford to, because I know for sure you can make money if you go at it right,—and then I will sell you more incubators and more brooders—

So I can afford to give you a ten-year guarantee—and three years' time to pay for the outfit in.

It will earn its whole cost and plenty besides in the very first year, if you will do your part—and it's no hard part, either.

I know every incubator that's sold on this continent. I don't hesitate to say that the **Peerless** has them all beaten a mile as the foundation for a poultry-for-profit enterprise.

Unless I can prove that to you beforehand I won't be able to sell you a **Peerless**. What I ask you to do is just to let me submit the

proof for you to examine.

You do your own thinking, I know. Read my free book—it's called "When Poultry Pays"—and think over what it says. Then make up your mind about my offer to start you raising poultry right—

Remember that the risk is on me. The incubator and the brooder will easily earn you much more than their cost long before you pay me for them.

Suppose you send for the free book anyway—and send now. That commits you to nothing and costs you nothing

To save time and freight Western orders will be shipped from our Winnipeg warehouse; but all letters ought to be sent to Pembroke

OUR MODEL INCUBATORS AND BROODERS

Are the only panacea for failure past, present and future. Just take a few minutes and read the following two of many hundreds of unsolicited testimonials from our satisfied customers:

Bayham, Ont., Jan. 31, 1907.
After using Model Incubator for one year Mrs. Mitchell writes us: "I would not be without my Incubator for the price of two if I could not get another of the Model Incubators."

Yours truly, **MRS W. MITCHELL.**
Orangedale, N. S., Feb. 11, 1907.
Sirs,—No trouble to run your Model Incubator, as I was away from home for 11 hours each day and machine run itself, temperature of cellar changing 26 degrees in 12 hours; temperature of machine did not change in the least only the last days showed an upward tendency of half to one degree. Ran machine at 103, hatched 143 chicks from 178 eggs. There was only one chick dead in the shell in the lot. Dead germs of about 8 days in the rest. Eggs were very dark-shelled, making safe testing very difficult.
