

"A little neglect may breed great mischief; for want of a Nail the Shoe was lost; for want of a Shoe the Horse was lost; for want of a Horse the Rider was lost—being overtaken by the enemy—all for want of Care about a Horse Shoe Nail."
Benjamin Franklin, 1758.

The Merchant who buys or the Farmer who uses the "C" brand Horse Nails is getting the best, and "Made in Canada." Don't buy Horse Nails because they are lower priced than the "C" brand. The best article always commands the best price; that's why our price is a little higher than any others. But—and this is important—don't forget the fact, that you only use on the average, about one-third of a pound of nails to shoe a horse, and, therefore, other brands of nails, which might cost you 25 cents a box less, **only reduce the cost one-third of one cent.**

When you consider all that Horse Nails have to stand, you must surely conclude that "the Best are the Cheapest," that's the experience of the world. Profit by others' experience and buy the Best Horse Nails.

Take care of the Nails and the shoes will take care of themselves. Buy the "C" brand, men of the Northwest, they are "No. 1 Hard."
