

ENGLISH LETTER.

The Ashante War—The Temporal Power of the Pope—The Old Catholics in Germany—The Financial District Meetings—Examination of Probationers—A Connexional Sabbath School Union.

DEAR MR. EDITOR.—England has another war on hand, and it is difficult to foretell its dimensions or duration. The Abyssinian War at first appeared a comparatively small affair; but it took considerable time, and cost the nations some six millions sterling.

A little while ago the hopes of the Roman Catholics were greatly raised. They supposed that a religious war on the Continent in favor of the re-establishment of the Temporal Power of the Pope, was aghast, and now their hopes are frustrated.

Another subject of uneasiness to the Roman Catholics, is the unmistakable progress and consolidation of the Old Catholic movement in Germany. It is evident that the leaders of this movement have virtually separated themselves from the Pope, and are establishing themselves as an independent Church.

Our Financial District Meetings are over, and arrangements made for the full and regular work of the year. Instead of two or three men in each District appointed in September, to conduct the examinations of the Probationers at the May District Meeting, we have now a secretary appointed, and a time and place for the young men to meet to undergo the customary written examinations, and their papers will then all be forwarded to a central examining Board in London for judgment and valuation.

The question of a Connexional Sabbath School Union was, at the request of the Conference, laid before the District Meetings, and the proposed scheme met with much favor. The details are not fully stated, but they are conceived on a large scale, and worthy of the great institution for the special benefit of which the Union is to be formed.

On using the first bottle my complaint was better, and before the fourth was finished I was completely cured. Please publish for the benefit of others, and oblige.

Editorial Notes, &c. We send Puseh's splendid volume by mail, free, on receipt of two dollars. An interesting letter from a valued correspondent in Montreal came too late for insertion. We regret to learn that scarlet fever is prevailing and proving very fatal in the vicinity of Matilda. Several young persons have died of the disease. At Wallace there are 12 or 13 cases of fever, a disease peculiar to the locality, and which has carried off in past years several residents.

J. P. HAGARTY, of this city, sends us a copy of a new Sunday School text book, 'The River of Life.' This book has been referred to by the American press in terms of eulogy. It is by Henry S. Perkins and William W. Bentley, and published by Oliver Ditson & Co. We had previously noticed an advertisement of this charming work and sent orders for it to Boston.

FRIGHT VERSUS EXPRESS.—We have made a discovery. Avoiding ourselves of our new situation, we took seven parcels of books one day direct to the Railway Depot, and forwarded them as freight. The entire expenses amounted to two dollars and seventy-four cents, from the Book Room to the several places of delivery. On the other hand, if we had sent them by Express, there were charges, we are informed, to the extent of \$2.50. Our readers may draw their own inference. We shall henceforth ship by Rail, except when ordered to the contrary, paying and charging the freight here.

each are given in succession. We have seen but one similar work. The scripture students assistant, and Judge Marshall's is preferable, inasmuch as it gives the entire text where the other affords but numerical references. We cheerfully commend the book to general attention.

OUR DELEGATES TO THE ALLIANCE have returned, excepting Rev. J. Read, who proceeded in the direction of Niagara and Toronto. He contemplates being home next week. Rev. G. Grant speaks in glowing terms of the services in New York. A most blessed effect must be produced, he thinks, by the meeting of the alliance. To himself the occasion will be memorable for its abounding testimony to the life and power of Christianity, and the tendency of the churches toward union and love. There remains but one thing more for Halifax to do in connection with the alliance, namely, to convene the delegates and arrange them on a programme for a mass meeting at an early date. The good obtained ought not to be monopolized by those favoured and favourite gentlemen. They have the talent, and it should be laid under contribution for the general benefit.

PARCELS SENT.—To Windsor by rail, care of Rev. A. N. DesBrisay, parcels for Horton, Canby, Avondale, Kentville, Newport, Hantsport, to the Rev. J. Howie, parcels for Stubbens and Maitland carried as freight by rail and steamer to P. E. Island, care of Rev. F. W. Moore, for Rev. L. S. Johnson, Rev. J. W. Brewer, to Amherst, care of Rev. Robert Tweedy, (to be left till called for) parcel for Hiram Black, Esq., one each for Rev. Wm. McCarty, and Rev. J. Ellis. To Rev. Geo. Harrison by rail, one for self and one for Rev. Horace Peckover. By M. A. Starr, one for Rev. John Pike. To Rev. J. T. Deinstadt, Moncton, parcels for Rev. C. Comben, and Rev. G. W. Fisher. To care of Joshua Turner, Esq., St. John, a box containing parcels for circuits and ministers in St. John District.

FATHER DAVIES' JUBILEE was held last week. About three hundred dollars were obtained at the meeting, and more is expected. We will publish next week the substance of Mr. Davies' address, fraught with grateful reflections upon his lengthened and useful career. Several ministers were present at the jubilee. The Bridgetown Monitor thus alludes to the occasion: 'The Rev. Thos. H. Davies' donation meeting, took place on Tuesday afternoon, at Providence Church, St. John, to which a large number of persons were assembled. The Rev. Mr. England was called to the chair, and Minister Tupper, Esq., appointed Secretary and Treasurer. About three hundred dollars were raised at the meeting, and no doubt a larger sum will be collected during the winter. After several speeches by the Rev. gentlemen present, the venerable Father was called upon to give an outline, or synopsis, of his experience and vicissitudes during the fifty years he had been in the ministry; and when his benign countenance, with the old familiar smile, appeared, the assembly was awed into awaiting silence—expecting something rich and rare—and they were not disappointed.'

At the conclusion of the venerable fathers' address—which we need hardly say was listened to with marked attention, he read a Poem entitled, 'The Itinerant.' The substance of it was as follows: 'I have been through the District meetings in June to the several Circuits, and in the number of Subscribers, and the standing of each of the Subscribers books. It would seem that, in some instances, those Lists have not been left by Ministers who have changed Circuits, for their predecessors. We request that where any such defect exists, immediate notice may be sent to us. The new cases for subscribers, which we hope is progressing on every Circuit, cannot be conducted successfully without this information. Several subscribers names have recently been dropped because their subscriptions were long overdue. Should any mistakes have been made, we will promptly correct it on receiving intimation.'

FATHER DAVIES' JUBILEE. Was held in the basement of Providence church, last Tuesday afternoon, but owing to the short notice and the farmers being so very busy engaged in their crops, the meeting was not so largely attended as we expected, but all enjoyed themselves very much in listening to the interesting addresses from seven or eight of the Rev. brethren present, and Father Davies' poem on the toil and hardships of the minister of fifty years ago; and in partaking of the beautiful repast provided by the ladies. The subscriptions received at the meeting were very good, amounting to about three hundred dollars. Minister Tupper, Esq., was appointed Treasurer, and will be glad to receive the smallest subscription from any part of the Conference. Please send them along, remembering that Father Davies has devoted over fifty years to the cause of Christ, and that the Scripture reminds us that it is more blessed to give than to receive, and he that gives a cup of water shall not lose his reward. Importers and Dealers in MESSRS. R. C. MARGESON & Co.—Gentlemen: I have been afflicted with gravel and stone up wards of a year and a half. Tried everything I could hear of for its relief without avail. Saw your advertisement of CALCULIFUGE in the Halifax papers; took three bottles according to directions, and in the short space of four weeks an entire cure. I willingly add my testimony to its value, and heartily recommend it as all that is asked for.

ST. JOHN, N. B., March 26, 1873. MESSRS. R. C. MARGESON & Co.—Gentlemen: Please accept this testimony from one who has been suffering for upwards of five years from Gravel and Stone in the Bladder, and was advised by my friends to try your CALCULIFUGE. I did so, and am happy to say that after using the two bottles I sent me last summer, it entirely cured me. I passed five stones the size of small peas, and upwards of a wine-glassful of smaller ones and gravel, and will send them to you by the first chance. I would advise all that are suffering with the same complaint, to secure your valuable medicine at once, as it has been the sole means of curing me. I will take pleasure in giving all the information I can to all that will call to see me at my house. I remain yours, ANDREW CRAWFORD.

MESSRS. R. C. MARGESON & Co.—Dear Sirs: I was a great sufferer for upwards of eighteen years with that most distressing complaint the Gravel. Tried many kinds of medicine, as well as the services of Doctors, but got only temporary relief at short intervals. I saw your medicine advertised calling CALCULIFUGE, as well as different certificates from those who suffered with the same complaint. Feeling encouraged, I resolved to try it, and after taking three bottles, I found myself nearly cured, and am of the opinion that the fourth bottle will make a final cure. When you give success, I remain yours, JOHN DUMBRACK, SENR. Halifax, July 18, 1873.

ST. JOHN, N. B., March 26, 1873. MESSRS. R. C. MARGESON & Co.—Gentlemen: Please accept this testimony from one who has been suffering for upwards of five years from Gravel and Stone in the Bladder, and was advised by my friends to try your CALCULIFUGE. I did so, and am happy to say that after using the two bottles I sent me last summer, it entirely cured me. I passed five stones the size of small peas, and upwards of a wine-glassful of smaller ones and gravel, and will send them to you by the first chance. I would advise all that are suffering with the same complaint, to secure your valuable medicine at once, as it has been the sole means of curing me. I will take pleasure in giving all the information I can to all that will call to see me at my house. I remain yours, ANDREW CRAWFORD.
