# Capitol Cylinder Oil

For Steam Traction Engines and Steam Plants

Delivers more power, and makes the engine run better and longer with less wear and tear, because its friction-reducing properties are exactly fitted to the requirements of steam traction engines and steam plants.

- Mica Axle Grease**  
 makes the wheel as nearly frictionless as possible and reduces the wear on axle and box. It ends axle troubles, saves energy in the horse, and when used on axles of traction engines economizes fuel and power.
- Granite Harvester Oil**  
 insures better work from the new machine and lengthens the life of the old. Wherever bearings are loose or boxes worn it takes up the play and acts like a cushion. Changes of weather do not affect it.
- Standard Gas Engine Oil**  
 is the only oil you need. It provides perfect lubrication under high temperatures without appreciable carbon deposits on rings or cylinders, and is equally good for the external bearings.
- Traction Engines, Wagons, Etc.**
- Reapers, Threshers, Plows, Harrows**
- Gasolene and Kerosene Engines**
- Every dealer everywhere. If not at yours, write for descriptive circulars to
