PEERLESS PERFECTION

The Fence For Real Protection

gives life time service. Is made of the best Open Hearth steel fence wire, all impurities burned out, all the strength and toughness left in. Makes the fence elastic and springy. Will not sag or break under sudden shocks or quick strain changes. Galvanized to prevent rust and the coating will not flake, peel or chip off. One lot covered over the ground and covered ground, without buckling, sagging or breaking. Every joint is locked together with the well-known "Twisted Lock." The heavy chain-link we use prevents sagging and keeps every joint as tight as a new joint. It also covers the ground and covers the ground. It also covers the ground and covers the ground. It also covers the ground and covers the ground.

CANADA'S GRAIN BOARD

The Board of Grain Supervisors, recently appointed by the Dominion government, has wide powers, including the fixing of prices of grain in store. Its duties and powers are outlined in an order-in-council, the provisions of which are given herewith.

No Salaries

"1.—The governor-general in council may appoint a board to be designated 'The board of grain supervisors of Canada,' hereinafter called the board. Such board shall be honorary, and shall consist of not more than twelve (12) members.

"2.—The members of the board shall be paid travelling and living expenses while actually engaged in the duties of the board, but otherwise shall receive no remuneration.

"3.—The board shall make such inquiries and investigations as from time to time it seems necessary to ascertain what supplies of grain are now available or will be available. The board shall ascertain the location and ownership of such grain and what transportation and elevator facilities are available in connection therewith, as well as all conditions connected with the marketing and the market price of the same. For the purpose of any inquiry or investigation held by the board, the board and several members thereof shall have all the power of a commissioner acting under part 1 of the Enquiries Act.

Fix Prices

"4.—The board shall have power from time to time to fix the price at which grain stored in any elevator may be purchased and the conditions as to price, destination, or otherwise under which grain may be removed from such elevator, and may also prescribe what grain shall be sold to millers or milling firms in Canada or elsewhere (hereinafter called 'millers'), and what grain shall be sent to the United Kingdom and the allied powers, and it shall be the duty of the board to issue such orders and take such action as it deems necessary to facilitate at all times the transportation and delivery of grain in excess for domestic requirements to the United Kingdom and allied powers.

"(a) Any price so fixed shall be subject to the approval of the chairman of the board.

Executive Committee

"(b) The board may from time to time appoint an executive committee of not less than three of its members, of whom the chairman shall be one, and may assign to such executive committee any duties or powers within the competence of the board.

"5.—The board shall have power to receive offers for the purchase of grain from millers and from the Wheat Export Company Limited, or from any other person or body corporate, hereinafter referred to as 'overseas purchasers,' representing or acting for the government of the United Kingdom or for any of the allied nations or for any combination of the same, and from time to time to fix the prices at which such grain shall be sold.

May Take Possession of Grain

"6.—The board shall have power to take possession of and sell and deliver to millers or to overseas purchasers at the price so fixed grain stored in any elevator, and to account and pay over to the owners thereof the proceeds of such sale, after deducting all expenses connected with the taking possession, sale and delivery.

"7.—The board shall as far as possible, and having regard to the position and the cost of transportation fix a uniform price throughout Canada for grain of the same kind and quality and grade.

"8.—Notwithstanding anything in the grain act or in the railways act, the board of railway commissioners for Canada shall have power to order any railway company to provide cars and other transportation facilities for handling grain and to transport as directed, grain taken possession of or owned by the board.

"9.—Every person shall truthfully and promptly answer any inquiry made

MAKE YOUR BIKE A MOTORCYCLE

at a small cost, by using our attachable outfit. Fits any bicycle. Easily attached. No special tools required.

"Compared With Others"

Mr. C. F. Williams, 41 Stanley St., Toronto, Ontario, Canada, writes: "I received your attachable outfit of motorcycle and I am, I am, and appreciate the difference between your cycle motor and other cycle motors. I am glad to state that it has been a great success."

Cushman Binder Engines

For All Farm Work

This is the one successful binder engine. Thousands are in use every harvest. Fits any binder. Engine drives sickle and all machinery. Since horses have only to pull machine, two horses will easily handle 8-ft. binder in heavy grain. In a wet harvest Cushman Engine saves the crop, as it keeps sickle going when both wheel slip—it never stops. After harvest Cushman engine does all other work. Very light weight and easy to move around, yet runs more steadily than most heavy engines, because of Thrift Governor and perfect balance. 4 H. P. weighs only 190 lbs.; when stripped for binder only 167 lbs. 8 H. P. only 320 lbs. Forced water cooling system prevents overheating. Equipped with Friction Clutch Pulley.

Alex. Irving, Cummings P. O., Vermilion, Alberta, writes: "I have been using wood with my Cushman lately and it has been working fine, no trouble to start. I am running an 8 inch I. H. C. grinder, which it handles nicely."

I have put in a line shaft and run the churn, washing machine and cream separator. Everyone who sees it thinks it is the only engine."

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Supplying Coal for the Dominion Buildings," will be received at this office until 4:30 p.m. on Tuesday, July 3, 1917, for the supply of coal for the Public Buildings throughout the Dominion.

Combined specification and form of tender can be obtained on application at this office and from the caretakers of the different Dominion Buildings.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so or fail to complete the contract. If the tender be not accepted the cheque will be returned.

By order,
R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, June 2, 1917.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.
