

## Our "Good Clothes" \$15

A special lot of young men's suits of pronounced style in sizes up to 38. In all of these suits the models are out of the ordinary and the patterns are decidedly different. They have that "snappiness" that young men want. The price is special—the suits are actually worth a great deal more.

### \$12 AND \$15 TOPCOATS

There are so many styles to pick from that the only thing to do is to see them all. It is both wise and prudent to buy now—"there's a reason."

### C.P.R. WRECK AT SHARBOT LAKE

Passengers in three Pullman cars of the C.P.R. train from Ottawa had a miraculous escape when at 2.12 Monday morning the three coaches were derailed and upset about a mile east of Sharbot Lake. Only one man was seriously hurt. He was Capt. T. F. Graham, of the Machine Gun Battalion, Hamilton, who was taken to Toronto, for medical treatment. Strangely enough, there was only one woman passenger on the train, Mrs. W. J. Duncan, of Toronto, who had been visiting her sister in Ottawa. The train, No. 33, left Ottawa at 11 o'clock Sunday night. It was running at 45 miles an hour, down-grade the engineer having turned off the steam. A broken rail is supposed to have derailed the Pullmans, which bumped along the ties until they reached the big curve, when they went into the ditch.

One passenger describing his sensation, says that suddenly awakened, he felt as if he were dropping into space. He occupied a lower berth, but when the coach stopped, he was lying on the bottom side of the upper berth. The coach was in darkness and the windows closed, and when the gas began to leak, there was danger of asphyxiation. It took, perhaps, twenty minutes to release the passengers. Conductor A. J. Elliott did good rescue work.

The engine, baggage and mail and day coaches kept to the rails, while one other Pullman car was derailed but not ditched. The passengers were taken to this coach, and another train following took a sound about trip via the Junction and then reached the Pullman for North Toronto, which was attached to the cars on the rails and the passengers reached Toronto at 11 a.m., four hours late.

The part of the train that remained on the rails went to Sharbot Lake, where it connected with another, and arrived in the city at 10.50. Private Rutherford, of Brampton, who was wounded at Ypres, was among the passengers.

#### THREE-LEGGED COLT.

On the farm of Mr. W. A. Asselstine, Asselstine's Hill, three miles southeast of Marlbank, a mare gave birth on Thursday, April 27th, to a three-legged colt, one front leg being missing. The colt is in good health, can run about the field, and can handle itself almost as well as a four-legged colt.—Napanee Express.

Capt. McFee commanding "I" Co. 155th is in town. Lt.-Col. Barragar was in the city yesterday.

#### JOHN STREET JOTS.

There was a good audience at John Street Church Sunday morning when the minister spoke upon the subject of safeguarding the Sabbath. The text was from Isaiah, 58, 13-14. Canada's prosperity has been in part due to the moral character of her people and the institutions fostered. One most important is the Christian Sabbath, which is rightly regarded as a valuable asset because it affords the much needed opportunities of rest, moral improvement, fellowship and social service. It is nevertheless a day imperiled by personal and corporate greed, by the love of pleasure by unbelief and by moral and religious indifference. The minister then proceeded to outline the rise and progress of defensive organization; dwelling particularly upon the enactment of the Dominion Government n "The Lord's Day Act." He eulogized the work of the Lord's Day Alliance and noted the following among the results of the enforcement of the act. It is enforced in all the Provinces; 200,000 men have been set free from seven days' work, in railway construction and operation there is great improvement. Similarly in steamboat operation, working of mines, in the manufacture of iron, steel and cement and throughout the industrial sphere. Remarkable changes have taken place in mining centers like the Yukon or Cobalt; in the closing of the Post Offices in the Western Provinces and in the suspension of American Sunday newspapers. Much still remains to be done in the correction of personal habits and in the strengthening of public sentiment.

Next Sunday is announced for Foreign Missions Day. An experienced Missionary from China will speak in the morning and another from India in the evening, also at the S. S. session in the afternoon.

All the ladies of the congregation are invited to the W.M.S. meeting of Wednesday afternoon, when delegates to Presbyterian and to the Provincial Convention will give their reports.

#### ASSAULT CHARGE DISMISSED

In police court yesterday morning an assault charge in which a soldier and a livery man were concerned was dismissed, both paying the costs. Mr. W. D. M. Shorey appeared for one of the defendants.

#### AUTOS COLLIDED.

Last evening about 8.30 two automobiles, collided at the corner of Bridge and Front streets. Very little damage was done, a broken glass shield and a damaged tool-box being the results.

#### PORT HOPE LIQUOR CASE APPEALED.

Prosecution Was Interested in the Sale of the Liquor. The appeal case of the American Hotel, Port Hope, was heard Tuesday by His Honor Judge Roger. It will be remembered that a few weeks ago the proprietor of the American Hotel was convicted for selling a bottle of ale, to be carried off the premises. The man who purchased the bottle had been arrested the night before on a charge of vagrancy. According to his story Night Constable McAvoys told him that he would be sent down for six months. If, however, he would purchase a bottle of ale at the American Hotel and hand it over, he, McAvoys, would get him off. His story yesterday varied a little to the one at the hearing before Magistrate White. Yesterday he said he had a glass of whiskey in the American Hotel and about five minutes afterwards purchased the ale. His first story was, he was served with the ale immediately after he purchased the whiskey.

Another new part of the evidence was that after he had purchased the ale he sat down in the office, although he knew that Constable McAvoys was waiting for him outside the front door. He gave the impression at the first hearing that he came out of the front door of the hotel and met McAvoys, but on Tuesday he stated that he went through the long hall, out of the back door and came to Walton street through the lane. He had every confidence that Mr. McAvoys would get him off on the vagrancy charge, and it was for this reason he had purchased the ale.

He had no ill will against the proprietor of the American Hotel, but this was the hotel the constable asked him to visit. Constable McAvoys stated that he made no such promise to the prisoner. He asked the prisoner to go to the American Hotel for the bottle and he followed and waited outside, but there was no promise that he would get him off on the charge of vagrancy. In summing up the evidence, Judge Roger pointed out that the weak part of the prosecution was the fact that the man engaged by the police to do this work was an interested party. In cases of this kind the hotelman was always interested, but the prosecution, as a rule disinterested. Here, however, the man who gave the information had a charge hanging over him and His Honor Judge Roger thought it rather poor policy for the police to make a selection of this kind. His Honor reserved judgment.

Mr. D. H. Chisholm appeared for the hotel proprietor and Mr. W. F. Kerr for the town.—Port Hope Guide.

Col. Hemming, Lt.-Col. Brown and Major Wilson of Headquarters Staff Kingston were in town yesterday.

### Be Pretty! Turn Gray Hair Dark

Try Grandmother's old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

#### NEW COMFORTS FOR TORONTO OTTAWA TRAVELLERS.

In conformance with their customary progressive policy, the Canadian Northern Railway has now added Library-Observation-Compartment Cars to the superior standard sleeping car equipment already operated on their night trains between Toronto and Ottawa.

These new cars are of the very latest, wide vestibule type, containing one drawing room and four compartments; each electrically lighted and cooled. Heating arrangements permit the regulation of the heat in the individual compartment independently of the body of the car. Other commendable features are the umbrella stand, ladies' curling irons, toilet service and specially arranged lights. In the library observation section there is a writing desk with dainty stationery; comfortable lounging chairs invite repose, and the specially adjustable lights over each shoulder of the chairs prove to be an acceptable innovation to the passenger desiring to read the daily newspapers, periodicals etc., which are at his disposal.

The buffet facilities embodied in these cars completes a service which will soon earn for them the reputation they deserve as "The Aristocrats of Canadian Sleeping Cars." Each compartment contains two berths; drawing room has three. Tickets and reservation may be obtained from J. A. Patterson, City Agent, or E. M. Fisk, Station Agent. m8-ft.

#### BOYS DID RAMBLE.

Walked to Shannonville and Fired Came Home Again.

Two boys Jack McCuaig and Lloyd Clare of the Station Road left Sunday for Sunday School and up to yesterday had not returned home. Last night P.C. Deshane and P.C. Ellis found the lads. They were walking on Church Street afraid to go home. The juvenile explorers came to the station and waited for their parents, who later took them home. Both admitted having walked to Shannonville where they were to stay at the Clare boy's grandmother's. When the quiet travellers arrived, no one was home. The pair slept in a barn all night and walked home yesterday. They would not admit being tired. They still had 15 cents between them.

#### WEARY WILLIES IN

Two "Weary Willies" were sheltered at the police domicile last night. Tramps are rare these days, most of them being along railroad tracks, hedges or in the depths of the woods with the birds.

#### DRIVE OF LOGS.

Mr. G. B. Airhart, who is bringing down a drive of logs for the Pearce Co's mill, Marmoras has reached Fair's bridge. He has made record time for the distance he has come, considering the number of men employed.

Miller's Worm Powders were devised to promptly relieve children who suffer from the ravages of worms. It is a simple preparation warranted to destroy stomachic and intestinal worms without shock or injury to the most sensitive system. They act thoroughly and painlessly, and though in some cases they may cause vomiting that is an indication of their powerful action and not of any nauseating property.
