## NEW SCHOOLS AT EDMONTON BAPTIST CONVENTION OPENS

DEPUTY MINISTER OF EDUCATION OF ALBERTA SPEAKS OF PROGRESS

From Tuesday Morning's Leader. The morning session of the Baptist convention was taken up with the report of the deputy minister of education of Alberta. The report was a most interesting one, and was given by the deputy minister, Mr. D. L. McKenzie, in a most able and comprehensive manner. He spoke of the progress of the educational movement in his province, and of the work of the department of education in the two sister provinces. He said that the department was now being organized at the rate of one a day. He expected that Alberta alone would require during the next few years at least 400 new teachers per annum. Teachers were now coming in numbers from the east and in the vast majority of cases they gave entire satisfaction. There was, however, a serious difficulty in the way of the department, and that was the fact that many of the teachers were unacquainted with the provincial school plan and with the work of the department. That could only be altered by an efficient staff of inspectors. Teachers were actually offered to pay for the building himself, but owing to the fact that the land was not surveyed the matter was not carried out. All over the province the schools were looking forward to receiving the new readers next year and there was no doubt that the new books were a stimulus to educational enthusiasm in Alberta. The readers, of course, will be the same as those used in Saskatchewan and the competition which has been inaugurated to secure for them a suitable name will be entered with all keenness in both provinces. Other school books, history and geography books, etc. are also to be revised and brought up to date. Asked with regard to the Alberta University, Mr. McKenzie said they hoped to make a definite step in that direction next year. Mr. McKenzie leaves tonight for Edmonton to resume his departmental duties.

## LARGE INCREASE IN SCHOOL ESTIMATES

EXPENDITURE FOR 1907-8 WILL TOTAL \$150,336—TEACHERS' SALARIES INCREASED. The Regina Public School Board announces an estimated expenditure for the year 1907-8 of \$150,336 and total receipts of \$93,012, leaving a balance to be supplied by the city council of \$57,324. Compared with last year this is an increase of some \$31,000 in the council grant. The greater part of the increased expenditure goes to pay for school sites, but it is satisfactory to note that about \$7,500 of the increased estimate goes to the "school teachers in the shape of increased salaries.

SEVERE CASES OF NERVOUS DESTRUCTION WITH WHICH DOCTORS COULD DO NOTHING CURED BY Chase's Nerve Food

William Graham, Atwood, Ont., writes: "My wife had been ill for some time with nervous prostration, and had two of the best doctors called but neither of them did her any good. She gradually became worse and worse, could not sleep or eat and at last my system gave way entirely. I had to go to bed. The doctor said I had nervous prostration, and he declared me for several weeks, I did not get any better. Then began the use of Dr. Chase's Nerve Food, and by the time I had used six boxes I was completely cured. People remarked how well she was, and I said, 'Yes, and Chase's Nerve Food did it.'"

## POURED OIL ON STOVE

Three Persons Seriously Injured by The Old Fool Trick. TORONTO, June 21.—Three persons were seriously injured this morning and two of them may die. Mrs. Mills who lives at Sutton Place, was pouring coal oil on the stove because it was not burning quickly enough. In a minute there was an explosion and her clothes caught fire. Her screams attracted her seventeen months old baby, who ran to her and tried to help her. He was so terrified that he held his hands over his eyes and hid under the bed. The mother and child may die, but the husband's burns are not serious. Neighbors say that this is the second experience that Mrs. Mills has had with coal oil and a lighted stove.
