TUESDAY, AUGUST 13, 1907.

"TRULY GOOD" JOURNALISM.

There are evidently some well-intentioned people who think that the tone and usefulness of the daily papers might be greatly improved if they devoted more attention to the commonplace of life and less to the "news."

The complaint is heard that when a man or a woman goes wrong in a community the fact is spread out on the front page under a heading that cannot fail to attract, even from the thousands of men and women who do right day after day. Not long ago the Woodstock Sentinel Review says it was furnished with certain edifying examples of what a newspaper ought to be, to be a perfect mirror of the community in which it is published.

The intentions of these people are all right, no doubt, but they forget that it is the business of newspapers to print news, and the fact that the majority of men are honest, and nearly all women good is no news. It is fortunately such a commonplace that it is taken for granted.

Besides, it is very questionable if the ideal newspaper, as some people conceive it, would be very satisfactory in the end. Imagine what the publication of such items as these would mean: "John Smith went to an excursion yesterday and returned home sober." "William Jones, manager of the People's Loan Co., is to be congratulated on the fact that he has not yet been arrested for fraud." "Mrs. E. Perkins Smith-Jones gave a very smart tea yesterday afternoon, and although there was a very large attendance of ladies of the best set, nobody's character was hopelessly destroyed."

"Mr. Ephraim Brown, the well known church member and Sunday school superintendent, has not, so far as the public knows, gone wrong yet."

A newspaper might be filled every day with such statements of fact, but would it be any improvement on the ordinary sample of modern journalism?

SAYINGS OF JOHN D. ROCKEFELLER.

From the Cosmopolitan Magazine.

"Don't be afraid of work. The sturdy, hard-working men make our country great. And don't reach forward too eagerly. One of the great evils of the day is the anxiety of young men to get to the front too rapidly. Lasting successes are those which are carefully, even painfully, built up. Life is not a gamble, and desirable success cannot be won by the turn of a card. Be satisfied with small results at first."

Mother Wounded By Baby

Swinging a stick at his play, the little son of Mrs. L. Webster, 519 Seigneur Street, Montreal, struck his mother a blow over the eye, inflicting a nasty gash. Inflammation followed, and the wound looked very ugly, when a box of Zam-Buk was obtained. "The pain was soothed almost instantly the balm was put on," says Mrs. Webster, "and healing commenced. In four or five days the wound was closed, the inflammation gone, and there was only a faint red line showing where the gash had been. Even this mark is now gone. Zam-Buk is such a wonderful healer it should be in every home where there are children."

Zam-Buk is made from concentrated herbal essences, and suits the tenderest skin. Cures eruptions, heat spots, ulcers, ringworms, scabs, piles, chafed places, sore feet. It takes the pain from a sting or burn, cools sunburn patches, and makes red, rough skin smooth and velvety. Excellent for children's tender skin.

All stores and druggists, fifty cents a box, or Zam-Buk Co., Toronto, for price. Three for dollar twenty-five.

EASY TO RETAIN HEALTH.

Most important of all is proper attention to the bowels. Avoid constipation, it's the health-killer of today. Harsh, gripping medicine is ruinous—beware of it. Best results follow a truly vegetable remedy, like Dr. Hamilton's Pills of Mandarins and Bismuth, which not only relieve constipation in one night, but cure the cause of the trouble and prevent its return. No distress or inconvenience attends the use of Dr. Hamilton's Pills, which are world famous for their mildness and efficiency. Sold everywhere, 25c. per box.

WILL INCLUDE CHATHAM

Ottawa, Aug. 10.—It is understood that Mr. R. L. Bordeh. M. P., leader of the Dominion Opposition, will address a public meeting in London, also in Chatham and possibly at other Western Ontario points somewhere about the middle of September.

COMMENDABLE ACTION

The Finance committee of the Board of Education held a meeting Friday afternoon, when matters pertaining to their estimates for the present year were discussed at some length. It is believed that through careful economy and by abandoning certain improvements to the schools which were contemplated for this year, the Board will be able to reduce their estimates by \$3,000, which will enable the Council to keep within the limits of the 28.4-4 mill rate. Many of these improvements to the schools are urgent and almost indispensable, but in view of the extra expense in other municipal departments this year the Board decided to sacrifice a little and bring their estimates down to the lowest possible amount. Their action in this respect will be received with approval and gratification by the ratepayers of the city.

EAT CANDY, QUIT BOOZE

Philadelphia, Aug. 10.—Dr. A. C. Abbott, chief of the Bureau of Health, announced to-day that he believed the appetite for candy and alcohol are fundamentally the same, that by the development of a candy taste people were fortified against a craving for rum, and that in pursuance of his theory, he had been feeding his three children each day on a regular allowance of sweets.

It also has been discovered that within recent years women eat less candy and consume more alcohol. The reverse is true of men, Dr. Abbott, in explaining his theory, said—

"Both sugar and alcohol are carbohydrates with the same organic molecules, differing only in arrangement, and I believe both administered to the same organic craving."

"I have made a careful study of heat producing carbohydrates, and the fact that American men are rapidly developing a taste for sweets I hold to be highly encouraging. Statistics show that within the three years just passed the consumption of chocolate in America has increased more than 500 per cent., which is conclusive evidence to support my theory."

Bank Teller Drowned.

Alliston, Aug. 12.—While out bathing Saturday afternoon Stafford Murphy, one of Alliston's leading citizens, and well-known throughout this district, came to his death by drowning. He was teller of the Alliston branch of the Bank of Montreal.

Murphy had gone swimming after the bank closed at noon, and it is supposed he was either taking a swim or was returned in driving on the shore into a deep pool.

Cool Expert Testifies.

Sydney, N. S., Aug. 12.—Only a tiny audience was present at the Skeel-Cool trial on Saturday afternoon. Arthur McCallum, formerly a chemist in the employ of the Skeel-Cool company, and who at the present time is in the service of the Cool Company, swore that he had made one analysis on ool from No. 6 and found that it contained 6.13 per cent. sulphur and 21 per cent. ash.

Genius is usually eccentric, but only more eccentricity doesn't constitute genius.

THE BASEBALL CRAZE

The baseball fans of this city are becoming very enthusiastic and interested over the games of ball being played in the American and Eastern Leagues. The results of each day's games are received every evening at the Garner House, and full information about them can be obtained. In the American League Detroit stands first, and in the Eastern League Toronto heads the list. The enthusiasts in this city are naturally interested in Detroit and Toronto, and are anxious to watch every move made by them. Detroit is playing great ball, and Chicago and Cleveland are very close after it. In the Eastern League Newark and Buffalo are close after Toronto, but the general opinion is that Toronto will win out. Several of Chatham's citizens will attend the game between Detroit and Philadelphia in Detroit, on Monday. Detroit finishes four games with Philadelphia to-day. A seven game series will be played, and the other three will be played in Detroit.

FOR OUR READERS

To Prove That Hyomel Will Cure Catarrh, Every Reader of The Planet Can Have Special Guarantee

If there is any doubt in your mind as to the power of Hyomel, the mediated air treatment, to cure all catarrhal troubles, the remarkable offer made by G. H. Gunn & Co. should dispel that doubt. They give their personal guarantee with every dollar outfit of Hyomel they sell, to refund the money unless it gives satisfaction. They take all the risk of cure, and no reader of the Planet can afford to suffer longer with catarrh when an offer like this is made.

With every Hyomel outfit is a neat pocket inhaler, and Hyomel breathed through this inhaler, reaches the most remote air-cells of the nose, throat and lungs, destroying all catarrhal germs, and soothing and healing the irritated mucous membrane.

Hyomel really gives you a health-giving climate in your own home, so that when you breathe its mediated air, your nose, throat and lungs will be filled with air like that on the mountains high above the sea level, where grow balsamic trees and plants, which purify the air with their volatile antiseptic fragrance so healing to the respiratory organs.

You will notice relief and benefit from the first use of Hyomel, and it will not take many days' treatment to convince you that in this remedy you have found a complete and lasting cure for all catarrhal troubles.

SITE IN CANADA.

Reported That Booth Is Coy of Placing a Colony Here.

London, Aug. 10.—According to authoritative persons the Salvation Army commission appointed to enquire into a site for a Salvation Army colony in Canada, says: "Not a word." The solution of the problem is as far off as several years ago. The situation is unaltered, except that the Canadian Government is now eager while Booth is coy.

Fred Johnson, clerk of the central unemployed body for London, informs the Canadian Associated Press that the emigration committee has selected 5,000 persons out of 15,000 applicants, these being unemployed and unskilled laborers and families. In all cases they were most carefully investigated, and these investigations have been so thorough that in many cases applicants have been much troubled by unavoidable delay before they could be accepted. The information received after they arrived in Canada is most encouraging, practically every man obtained work immediately on arrival. The chairman of the committee, Walter Hasell, and Rev. J. C. Morris, have sailed on the Empress of Britain, and intend making enquiries as to the best methods of dealing with the question of emigration in 1908.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHERNEY & CO., Toledo, O.
Sold by all Druggists, 75c.

THE STAGE

ANNOUNCEMENTS.

Supplied to The Planet by Press Agents.

At the Brisco Opera House—

"Peck's Bad Boy" Aug. 15.

THE GREAT ORIGINAL.

"Peck's Bad Boy," the Hilarious Hero Of the Stage.

The fact that the famous farce comedy, "Peck's Bad Boy," is to be presented at The Brisco Opera House, on Wednesday, August 15, suggests the tribute that to Hon. George W. Peck, Ex-Governor of Wisconsin, the creator of the bad boy, as he is now so widely presented in the press and upon the stage, belongs the credit of having been the first to discover and exploit the almost limitless possibilities of humor and genuine, heartful and happiest fun latent in his aggressive make-up. If the boy is father to the man, George Peck is also father to the boy, (why, since his birth in print, now nearly a generation ago, has had so many imitations of the Buster Brown order, but never a rival in originality, or those graphically natural touches or juvenile human eccentricity, which have millions so happily hilarious, whether hidden between the covers of a book or given the centre of theatrical production. The owners of the play in question are alone authorized by Ex-Governor Peck to reproduce his story in the form in which it is now presented, and have done so with a liberality and faithfulness which he most highly commends. In a short, the best and most entertaining story of its kind ever written has been converted into the brightest and most laughable farce-comedy ever put before the public. Such has been the unanimous verdict for the past twenty years, and the many new features introduced this season serve to fully confirm it.

NOTICE TO CREDITORS

In the Matter of Cortland H. Raymond, of the City of Chatham, in the County of Kent, and Province of Ontario, Contractor.

Notice is hereby given that Cortland H. Raymond, of the said City of Chatham, Contractor, heretofore carrying on business as contractor at the said City of Chatham, has made an assignment under R. S. O., 1897, Chapter 137 and its amendments, of all his estate, credits and effects to John R. Gemmill, of the said City of Chatham, Sheriff of the said County of Kent, for the general benefit of his creditors.

A meeting of his creditors will be held at the office of the said assignee, in Harrison Hall, in the said City of Chatham, on Wednesday, the 14th day of August, A.D. 1907, at the hour of two o'clock in the afternoon, to receive a statement of affairs, to appoint inspectors and fix their remuneration, and for the ordering of the affairs of the estate generally.

Creditors are requested to file their claims with the assignee, with the proofs and particulars thereof required by the said Act, on or before the day of such meeting.

And Notice is Further Given that after the 4th day of September, A.D. 1907, the assignee will proceed to distribute the assets of the said debtor amongst the parties entitled thereto, having regard only to the claims of which notice shall then have been given, and that he will not be liable for the assets, or any part thereof, as distributed, to any creditor or persons, whose claims shall not then have had notice.

Dated at Chatham, Ontario, this 3rd day of August, A.D. 1907.
