ENTHUSIASTIC AMERICANS

A Party of Chicago capitalists passed through Winnipeg last week, after a tour for the selection of lands for a colony in the Canadian northwest. One of them said: "Five years ago you could not talk Canadian lands to American farmers without being laughed at; to-day when a farmer hears of any one who has visited the productive lands of Western Canada he hastens to interview him. We are planning on bringing in 1,000 settlers before the fall, and intend to return with our first party in three weeks."

Another, who has dealt in western lands in the States for years, said: "I have examined western lands in the United States for the past twenty years both in the south and west, and I have never in all my experience examined land that gave brighter prospects of productive qualities than this territory which I have now very carefully examined. This country is capable of producing wheat for the next forty years to come, and a quality of wheat that cannot be equalled in any other part of the American continent. The phosphorus soil which is so necessary in order to produce the No. 1, hard covers this entire western country over which we have travelled, and if the railroads leading into this district would make it an object for farmers to come up and look at the country available, in a few short years there would be but little unoccupied fertile land north of the boundary."

It is fair to assume, in view of such statements as these, that the splendid Canadian agricultural exhibit at the World's Fair, and the methods adopted by the Canadian commissioner to emphasize its importance will produce far-reaching results. In the vast crowds who will visit the fair between this and the end of November will be many to whom the advantages offered by Canada will appeal with great attractiveness and force.—Ex.

SEEING THINGS

The Nova Scotia lobstermen, whose traps are located at South Side Clark's Harbor, report a sea monster in the vicinity. Description tallies somewhat with the one recently exploited in the local press as having made its appearance in the legislature.—Fishing Gazette.

An Old Man

Joseph Sewell of Pokemouche Died May 26th Aged 104 years.

The oldest resident of the Province, Mr. Joseph Sewell of Pokemouche died at the home of his son on Wednesday May 25th at the advanced age of 104 years.

Mr. Sewell was one of the pioneers of the north shore and was strong and vigorous man. In April last he celebrated his 104th birthday which time he was in good health, able to be about the house as usual. He could read without glasses and retained all his faculties up to the day of his death.

The funeral which was largely attended took place on the 27th at 9 o'clock. His Lordship Bishop Barry assisted in the services after which the body was interred in the R. C. burying grounds Pokemouche.

The deceased gentleman was a

native of Newcastle on the Tyne, Brampton, Cumberland, England. He was universally respected throughout the community where he was widely known.

Obituary

JOHN S. MALCOLM.
The remains of John Smith Malcolm, who died on Monday at his parents' residence, 443 Hestley avenue, will be taken east on Friday's train to Campbellton, New Brunswick, for interment. The parents, brother and sister will accompany the remains. Service will be held at Armstrong's & Edwards' parlors at 12.30, the Rev. McIntyre officiating. The Orange order will be in attendance.

The above is clipped from the Vancouver Daily World of the 19th May.

It will be remembered that a little over six months ago Jas. Malcolm and family left Restigonche for Vancouver. They were getting along nicely in their new home when death entered the family circle.

Deceased was a young man highly thought of by those who knew him. He was 25 years of age.

The remains reached Campbellton Thursday evening accompanied by Mr. and Mrs. James Malcolm and son and daughter, and were taken to the residence of deceased's brother-in-law R. T. Campbell of Maple Green. The funeral took place on Sunday, the Rev. Dr. Carr conducting the services at the house and at the grave, members of St. Andrew's choir assisting in the singing. Interment was in the Rural Cemetery.

The pallbearers were Messrs Wm Innes, Archibald Innes, Robt. Wright, Norman Campbell, Sanford Fleming and Barclay Gerrard.

Three sisters of the deceased came home to attend the funeral. The floral tributes were beautifully expressive of the esteem in which the deceased was held by his relatives and friends, among which were a wreath bearing the word "Brother" from his brothers and sisters, one from the Hastings Shingle Mfg Co., Vancouver bouquet from Mr. and Mrs. Peterson, Vancouver; circle from Loyal Orange Lodge of B. C., wreath from Mr. and Mrs. Chas McDonald.

Mr James Andrew died at Mariette Wis. on the 21st. The deceased was born in Rilmarnock Scotland in 1826. He came to Ont with his parents when he was two years of age. He lived in this town till 1852 when he removed to Bathurst, while there he was engaged in shipbuilding. In 1859 he went to live in Mariette Wis., where he remained till the time of his death. He married Mary Miller daughter of Capt. Miller of Bathurst. He had eight children. A widow and six children survive him. He was a member of the Presbyterian Church, very unassuming in his manner, strictly upright in his business transactions and held in high esteem by all who knew him.

Fire at Doaktown

Swim's Planing Mill Destroyed
Also two Canada Eastern R. R. Buildings

Doaktown, June 1.—H. & F. D. Swim's planing mill and the Canada Eastern station house and freight shed were completely destroyed here by fire early this morning. The fire started back of the planing mill shortly before 2 o'clock. A large quantity of house material ready for delivery, and besides all the machinery. The fire swept across the railway tracks to the station house directly opposite and thence to the freight shed, both of which buildings were quickly consumed. James Hendry, station agent, who occupied the upper story of the station building as a dwelling, got most of his furniture out, but everything else was destroyed. The freight shed was full of freight for local merchants, most of which had been allowed at their request to remain in the shed as a convenient warehouse. Otto Hilderbrand lost over \$600 worth. The Canada Eastern's loss on station and freight shed is mostly covered by insurance.

Messrs Swim put their loss at fifteen thousand dollars no insurance.
