PHOENIX FIRE ASSURANCE COMPANY.

Lombard Street, and Charing Cross, London

[ESTABLISHED IN 1782.]

Insurances against Fire are effected by the Phoenix Company upon all descriptions

of Property in Newfoundland, on the most favourable terms; and the experience of nearly three quarters of a century has manifested to the public the promptitude and liberality with which all losses have been adjusted by them.

Persons insured by this Company do not depend upon restricted funds for the payment of their claims; the Security offered by the Phoenix Office being unlimited, comprising in addition to the large invested Capital of the Company, the whole fortunes of a numerous Proprietary, composed of some of the most opulent gentlemen and merchants in the United Kingdom.

Rates of Premiums and all particulars of Insurance will be made known on application to the undersigned, by whom Policies are issued free of charge.

W. & G. RENDELL,
Agents for Newfoundland.

A MARVELOUS REMEDY FOR A MARVELOUS AGE!

HOLLOWAY'S OINTMENT.

The Grand External Remedy.

By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part.—Disease of the Kidneys, disorders of the Liver, affections of the Heart, Inflammation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

Erysipelas and Rheumatism, Scorbatic Humours.

No remedy has ever done so much for the cure of disease of the Skin, whatever form they may assume, as this Ointment. Scurvy, Sore Heads, Scrofula, or Erysipelas, cannot long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds and Ulcers.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swelling, stiffness or contraction of the joints, even of 20 years standing.

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs, Bad Breasts, Burns, Bunions, Bite of Moschetoes and Sand Flies, Cocco-bay, Chiego-foot, Chilblains, Chapped hands, Corns, (soft) Cancers, Contracted and Stiff Joints, Elephantiasis, Fistulas, Gout, Glandular Swellings, Lumbago, Piles, Rheumatism, Scalds, Sore Nipples, Sore Throat, Skin-diseases, Scurvey, Sore-heads, Tumours, Ulcers, Wounds, Yaw.

Sold at the Establishment of Professor HOLLOWAY, 244 Strand, (near Temple Bar) London, and 80, Maiden Lane, New York; also, by all respectable Druggists and Dealers in Medicines throughout the Civilized World, at the following prices:—1s. 3d., 3s. 3d., and 5s. sterling, each Pot.

Sub-Agents,—John McCarthy, Carbonear; N. & J. Jillard, Harbour Grace; John Stentafoord, Brigds.

Wholesale and Retail by

T. McCONNON, Agent.

N.B.—Directions for the guidance of patients in every disorder are affixed to each Pot.

This Company added about £90,000 to its permanent capital, for the increased protection of its Insurers. This step distinctly shows that the Company has always acted upon the principle enunciated by one of the directors at the last Annual Meeting of the proprietors—that the interests of the assured have a paramount claim on the directors—a claim superior even to that of the shareholders themselves.

From that moment, as might be expected, the Company attained the highest consideration throughout the country, and has retained it ever since. The result is shown in the unexampled fact that its Fire Revenue alone rose in about five years from little more than £30,000 to about £130,000!

A further cause of this rapid growth lies somewhat more below the surface, but is yet of importance. From inquiry we learn that no fire office possessing half the above revenue annually deposits its accounts with the Registrar-general.

The resources and balance-sheet of this great Company are, on the contrary, annually registered, and unmistakable evidence is thus given periodically of its capacity to meet its engagements.—Morning Herald, December 26, 1855.

Indeed, the bonus of the 'Royal' may be pronounced to be larger than any yet declared by the mass of the English offices. Here is an office which yields a fairly earnest and wholesome reversionary bonus of 80 per centum in its Life Branch, and in regard to fire operations, can make this very enviable boast, that it has exceeded the Fire business of all but two of the London Fire offices—viz.: the receipt of nearly £130,000 per year in Fire premiums alone—some of which ancient offices have been in existence for a century!—Equally successful and singular in both departments. Indeed, the Life Department may be said to present results equally as worthy of mention.—Morning Chronicle, November 28, 1855.
