WE SELL THEM.

MR. MAN---We Can Save You Money on Your CLOTHES.

Some men think that when they spend their money for a Ready-made suit, that they are buying their clothes at the smallest possible cost. They think only of the first cost. They do not consider that if they would spend a few dollars extra and have a suit made for them by a good tailor, that it would wear at least double as long, and from this standpoint alone, they would be saving. And then again, in a tailor made suit along with getting at least double the wear, you get style and good looks that stay, you get comfort and satisfaction that can only be had in a made-to-order suit. Are not these features worth from three to five dollars extra?
