Mrs. Wm. McBeau is visiting in To-  
ronto.  
The Misses Washington are visiting  
friends near Manchester.  
Mr. J. B. Kaiser, assistant master of  
Goderich High school, has recently passed  
an examination at Toronto University,  
thus securing a first-class certificate,  
grade B.

**EXPLANATORY.**—Owing to pressure up-  
on our columns this week, a large  
amount of interesting matter is unavoid-  
ably crowded out. The pressure is now  
about over, and THE SIGNAL will assume  
its normal condition next week.

Messrs. E. Harvey and W. J. Arm-  
strong, in the morning, and Dr. Ure and  
Mr. W. Moore, in the evening, conducted  
the services in North-st. and Victoria-st.  
Methodist churches, during the absence  
of their respective pastors at Conference.  
A new advertisement from Mr. E.  
Downing was mislaid this week, and we  
only remember that he claims to have  
the largest and best assortment of goods  
in his line in town. Call at the store  
and see if the claim is not a solid fact.

**KNOX CHURCH S. S.**—The teachers  
and scholars of Knox Church Sabbath  
School will occupy the body of the  
church on Sabbath forenoon, next when  
Rev. J. A. Anderson will preach a  
special sermon on the occasion.

Mr. W. T. Yates was in town Wednes-  
day last. Will says he left the "new  
boy," who came to his home on Friday  
last, to take care of the business in  
Wingham during his absence. His  
friends are congratulating him upon his  
new assistant.

Boys! now is the time to purchase  
your bicycles for the races on the lot of  
July. Geo. W. Thomson's store is head-  
quarters for pianos, organs, sewing mach-  
ines, bicycles, violins, mouth organs,  
flutes, wagner lamps, needles, oils and  
repairs.

Mr. Elliott, of Dakota, brought thirty  
brochures to town on Wednesday last by  
the United Empire. It looks strange to  
import horses from the States to Huron  
county, but the idea is an experimental  
one by Mr. Elliott, who believes that a  
market can be got for the cheap ponies  
when heavy horses would not be pur-  
chased.

Knox Church Mission Band will hold  
their annual entertainment on Friday,  
June 21st. A sale of aprons and other  
useful articles made by members of the  
Band will be carried on from 2 p. m. to  
6 p. m. in the school-room of the church.  
For the evening a good program has been  
prepared, to begin at 7:30 o'clock.  
Refreshments will be served during the  
evening. Tickets 15 cents.

IT COSTS NOTHING.—Persons who  
have a birth to register need not hold  
back because it costs something and ex-  
penses at that time are already heavy  
enough. What with the doctors, nurses,  
for the patient, telegrams to friends, and  
other concurrent expenditures the aver-  
age man generally finds his pocket-  
book nearly empty without in-  
curring any charge for merely having  
the dear little tootie-wootie's name on  
the city clerk's list of arrivals, unions  
and departures. A young man tendered  
the clerk, of a neighboring place, \$2 for  
putting down the particulars about the  
stranger up at his house, and was sur-  
prised to find that no charge was made.  
Clerks of municipalities have no right to  
make any charge for these registrations.

**JAPAN TO GODERICH EYES.**—Mr. E.  
Oldham, M. A., ex-Principal of the Cana-  
dian Methodist College, of Japan, will  
lecture in the Grand Opera House, on  
the evening of Tuesday, June 18. Dur-  
ing the lecture Mr. Oldham will appear in  
different costumes, illustrating the dress  
and customs of the Japanese. Wooden  
boots, bells, swords, farmers' straw rain  
coats, tables, chopsticks, earrings, be-  
longing to the cave-dwellers of the  
Kurilla islands, and many other things  
will be shown for the purpose of illus-  
trating the lecture. The lecture is of a  
most interesting and entertaining char-  
acter, and the fact that it is given by an  
old Goderich boy, who has spent years in  
the "Sunrise Land," should fill the  
large hall with an intelligent and appre-  
ciative audience. Lecture to begin at 8  
o'clock. Tickets 25c. children 10c.

**FIRST OF JULY CELEBRATION.**—The  
celebration in Goderich on July 1st  
promises to be an attractive series of  
events, and the matter is being pushed  
energetically forward by the committee.  
The launch of the large vessel at present  
under construction by Messrs. Williams  
and Marten, promises to be quite an  
attraction. Then there will be the de-  
dication of the public fountains on the  
Court House Square, which will prove to  
be an interesting event. A base-ball  
match between Goderich and Exeter  
clubs, and a lacrosse tournament in which  
Goderich, Clinton, Seaford and Wingham  
will compete, and a series of amate-  
ur games on the Agricultural Park will  
give pleasure to lovers of outside  
sports. In addition to the above the  
services of several dashing acrobats and  
trapeze performance have been secured,  
and the celebrated Duberry Band of  
Clinton, have been engaged for the day  
to furnish music. In the evening the  
finest and most brilliant display of fire-  
works ever exhibited in Huron County  
will be displayed under the special direc-  
tion of Prof. Hand, of Hamilton. No  
efforts have been spared to draw attrac-  
tions to please everybody. Special train  
arrangements have also been made for  
the day, of which particulars will be  
given later on.

## THE TOWN COUNCIL.

A regular meeting of the Town Council  
was held last Friday evening, all the mem-  
bers present except councillor Smith.  
Minutes of last regular and special  
meetings were read and confirmed.

**COMMUNICATIONS.**  
From Bellance Electric Light Co., re-  
balance of their account and changes pro-  
posed in plant here.  
From Alex. McDougall, C. E., re sewer-  
age, etc., for this town. Filed.  
From Gordon & Maxwell Co., re final  
test of pumping machinery. Referred to  
Waterworks Committee.

From Harding & Leathorne, offering to  
accept \$225 in full payment of their  
account. Filed.  
From Thomas Warawick, Toronto,  
offering to make expert tests of water-  
works at a charge of \$25 per day and ex-  
penses.

From Directors of Mechanics' Institute,  
asking the usual grant of \$100. Referred  
to Finance Committee.

**REPORTS OF COMMITTEES.**  
From Special Committee as follows:—  
Your special committee considered the  
report of your communication respecting  
the dear little tootie-wootie's name on  
the "Oakes Orzan Co." and as the  
advice given is against the Council  
having a book in a stationery, \$2.50;  
C. P. R. Tel. Co., 75 cents; Garlock Pack-  
ing Co., Hamilton, packing \$3. An ac-  
count from Bellance Electric Light Co., \$177.22,  
was ordered to be paid, less \$17.00.

The following were referred to the Fi-  
nance Committee: Isaac Cassidy, for  
relief, \$1.25; James Saunders & Son, en-  
gines, \$2.00; E. W. Wilkinson & Co.,  
\$21.99; E. Graham, relief orders, \$9.07;  
John Robertson, relief orders, \$10.75;  
J. H. Johnston, relief orders, \$4.00;  
Geo. Nelb-  
ergal, Dunlop, lumber, \$90.43.

The following were referred to the  
Waterworks Committee: Alex. Gar-  
rod, Stephens & Burns, Locomo-  
tive, valves, etc., \$24.

**REPORTS OF COMMITTEES.**  
From Special Committee as follows:—  
Your special committee considered the  
report of your communication respecting  
the dear little tootie-wootie's name on  
the "Oakes Orzan Co." and as the  
advice given is against the Council  
having a book in a stationery, \$2.50;  
C. P. R. Tel. Co., 75 cents; Garlock Pack-  
ing Co., Hamilton, packing \$3. An ac-  
count from Bellance Electric Light Co., \$177.22,  
was ordered to be paid, less \$17.00.

We also considered the application of  
the Bellance Electric Light Manf. Co.  
for a license to run a system of street  
lamps on the private circuit for a system  
of lights of 1000 c. p., and would re-  
commend that these be substituted for  
the lamps now in use, and that a deputa-  
tion be sent to such places as may be consid-  
ered most advisable where such lights are  
now in use.  
JOHN BUTLER, Chairman.

Adopted.  
From Finance Committee recommend-  
ing payment of the following accounts:—  
Dobry, Mfg. Co., \$34.45; Ranciman Bros.,  
\$32.72.  
Adopted.

From the Harbor Committee as follows:  
What it will be necessary to do to  
the Commercial Dock in a complete state  
of repair at once, if we want the tolls to  
be re-imposed; and recommend that  
the Harbor Committee be instructed to  
have the said Commercial Dock put in  
a thorough state of repair.  
M. NICHOLSON.

Adopted.  
From Fire Committee as follows:  
The Fire Committee considered the com-  
munication from the Fire Warden refer-  
red to them and recommend that 100 feet  
of cotton hose (similar to that last obtain-  
ed) be purchased. Also one flexible branch  
and one pair of rubber boots be provided.  
We have also considered the advisability  
of procuring an attachment to the suction  
hose so that the fire engine can be used  
in connection with the water works, and  
recommend that the same be procur-  
ed. Such an attachment will not, from  
the information we have received, cost  
more than a few dollars. We also think  
that a fire alarm from the fire hall to the  
pumping station should be erected with-  
out delay. The engineer says that a sep-  
arate wire can be run on the electric light  
poles. If so the expense will be small.  
W. PRUDFOOT, Chairman.

Adopted.  
From the Public Works Committee:—  
The Public Works Committee during  
last month made a tour of the town for  
the purpose of seeing what work was re-  
quired to be done this year, and would  
recommend the carrying out of the work  
as per annexed schedule, amounting to  
about \$925. We would recommend that  
the Council purchase the roller from Mr.  
D. K. Strachan, as per his offer for the  
sum of \$40. We would also recommend  
that a pump be purchased to be used to  
charge of a pound in St. Patrick's ward.  
THOS. C. NAPEL, Chairman.

Adopted.  
The Relief Committee reported \$5 paid  
for relief in St. George's ward.

From Special Committee on Goderich  
and Wingham Railway Charter:—  
Pursuant to your instructions your Com-  
mittee called a meeting of the directors of  
the railway company. The directors met  
on the 27th of May last and passed the fol-

lowing resolution: "Moved by Mr. Seager,  
seconded by Mr. Jordan, that the Council  
be requested to take the necessary steps  
for renewal of the charter and advertise  
for renewal of same." We beg to recom-  
mend that the request of said directors be  
carried out.

**JOHN BUTLER,**  
ABRAHAM SMITH, } Committee.  
W. PRUDFOOT.

**NEW BUSINESS.**  
Moved by the Deputy-Reeve, seconded  
by Councillor Nicholson, that a committee  
composed of the Mayor and Councillors  
Colborne and Morton be appointed to visit  
such places as may be considered advis-  
able to examine electric lights of 1000 c.p.  
It was moved, in amendment, that the  
Mayor and Councillor Morton form the  
committee. Amendment carried.

Moved by Councillor Holt, seconded by  
Councillor Colborne, that the matter of  
having a fire alarm from the fire hall to  
the pumping station be referred to the  
Fire Committee to be reported upon at  
the next meeting of the Council.—Carried.

Moved by Councillor Proudford, seconded  
by Councillor Smith, that this Council  
express its regret that the application  
of H. W. C. Meyer, Esq., to take over our  
waterworks has not, owing to the want  
of lateness of application, been carried out,  
and we hereby tender to Mr. Meyer our  
thanks for his courteous efforts in our  
behalf to procure our charter, and we  
trust that at no distant date we will, with  
Mr. Meyer's co-operation, have direct  
railway connection with the town of  
Wingham.—Carried.

## WEST HURON FARMERS.

**June Meeting of the Institute at Clinton.**  
The West Huron Farmers' Institute  
held two days' meeting in the Town  
Hall, Clinton, on June 5th and 6th.  
President John Kerrigan occupied the  
chair, and after some opening remarks  
called on Hon. Chas. Drury, Minister of  
Agriculture, who discussed the question,  
Does farming pay? To solve this he  
urged that to produce the articles of com-  
merce at a lower cost was to increase the  
profit; for instance, we cannot control  
the price of cattle, but we can cheapen  
the cost of production. We should also  
study to keep up the fertility of the soil.  
It is somewhat similar line was Mr. John  
McMillan's address on The Cultivation  
of the Soil. He urged that no farm  
can take place where the water is  
not thoroughly taken off the soil, a point  
which we think many of our farmers will  
have practical experience of this ses-  
sion. A very free discussion followed on  
this subject.

**EVENING SESSION.**  
Mr. John Linklater favored the audi-  
ence with a song "The Old Arm Chair,"  
rendered very acceptably.  
Professor Robertson, of the Agricul-  
tural College, then introduced the sub-  
ject, "Milk for Table Use," in a very in-  
structive address.

A trio, "A Little Farm, Well Titled,"  
by Messrs. Jackson, Walton and Oakes,  
was deservedly encored.

Mr. John McMillan gave some excel-  
lent thoughts on two subjects, viz.,  
"Working in harmony one with the other,"  
and "Why boys leave the farm."

Several musical and literary selections  
followed, and the proceedings then  
closed.

**SECOND DAY.**  
The meeting opened at 11 a. m. with a  
paper by Prof. Kerrigan on "The Farm  
yard manure," which brought out a gen-  
eral discussion.

Professor Robertson followed in an  
address on farming, which he defined as  
making money from the soil and leaving  
the soil in as good a state of fertility after  
fifty years as when the work was com-  
menced.

Mr. Alex. McD. Aller, President of the  
Ontario Fruit Growers' Association,  
spoke most instructively on the profits of  
fruit growing, dealing with cultivation,  
packing, shipping, the proper time to  
pick the fruit, best varieties, and other  
points of importance to the fruit grower.

This ended the programme, and the  
proceedings closed by all singing the  
National Anthem. The next meeting of  
the Institute will be held in Goderich.

## COUNTY COURT.

**And Sessions of the Peace for Huron  
County.**

This court was opened by His Honor  
Judge Toms on Tuesday last, at noon,  
the following gentlemen being sworn in  
as the Grand Jury:

John G. Franklin, Andrew J. Miller,  
James McLaughlin, Howick; Joseph  
Morrison, Peter McEwan, McKillop;  
Thomas Biggins, George Brown, Hul-  
lett; Francis Crich, George Silla, Sea-  
forth; F. Baker, Elijah Jury, Stephen;  
George Hannah, Osborne; George Mc-  
Mahon, Simon McCallough, Charles  
Newton, Goderich; James McFarlane,  
Tuckersmith, John Chapman, Wingham;  
D. A. Danbar, East Wawanosh; Dawson  
C. Carr, Clinton; John Gilmour, Stan-  
ley; Thomas Ferguson, Gisy; Thomas

chosen foreman.

**CIVIL CALENDAR.**  
The first case was Forrester vs. Knox,  
an action arising out of the failure of R.  
M. Reedy, to set aside a sale of personal  
property as fraudulent and void as against  
creditors. Jury was dispensed with by  
consent, and the case tried by His Honor,  
who reserved judgment. Garrow, Q. C.,  
and A. H. Manning for plff; E. Campion  
for deft.

Dancey vs. Copplin, an action for ille-  
gally seizing a horse, which at the instance  
of deft, was traversed till September ses-  
sion.

## WHY WE SMILE.

The Press Showers Fraise on  
Our Efforts.

"The Goderich Illustrated Signal-Star"  
Receives Heavy Endorsement From  
all Quarters—It Fills the  
Bill in Every Respect.

WOULD DO CREDIT TO ANY CITY OFFICE.  
We are in receipt of a copy of this  
valuable work—valuable town of God-  
erich, as it gives a most interesting de-  
scription of the place and handsome il-  
lustrations of the most prominent build-  
ings of the town. It will certainly do  
much good in calling attention to one of  
the prettiest towns in Canada, and one  
of the most progressive in the Huron  
Tract. The work is most creditable to  
the Signal and Star, and in fact would  
do credit to any city office.—Mitchell  
Advocate.

**GODERICH COMMON SENSE.**  
Some time ago the Council of God-  
erich decided to advertise the town.  
They took the somewhat unusual plan of  
giving the work to the local printers,  
who were given the sum of \$400 to in-  
duce a publication that would cover the  
ground. Most places would have gone  
out of their way to give the money to  
outsiders, but the Goderich Council evi-  
dently took the view of the matter that  
if the home papers could do the work  
as well they should be given the prefer-  
ence. As a result, we have before us an  
extremely well gotten up and handsome  
edition of "The Goderich Illustrated  
Signal-Star." It comprises in all 28  
pages, is well edited and typographically  
speaks highly of the press resources of  
THE SIGNAL office, where the entire edi-  
tion was printed. The illustrations are  
all of a high merit, while the patronage  
extended to the enterprise by the mer-  
chants of Goderich shows that they are  
wide awake to their own best interests.

In the letter press accompanying the  
Star's article, we notice the name of Mr.  
J. M. McCreghan, a former proprietor  
of that paper, but who for many years  
occupied the position of Postmaster  
here.—Woodstock Standard.

**BEAUTIFUL LAKE HURON TOWN.**  
The Signal and the Star, the two God-  
erich papers, have sunk their political  
differences to unite in the production of  
a pamphlet descriptive of the town in  
which they are published. The result  
of the combination is a most praiseworthy  
brochure called "The Goderich Illus-  
trated Signal-Star." Full justice is  
done in the publication to the beautiful  
Lake Huron town. The history, the attrac-  
tions, the business, and the prospects of  
Goderich are fully entered into. From  
the distribution of the pamphlet the salt  
metropolis may expect no small addition  
to its list of visitors and to its trade.—  
Toronto Mail.

**HIGHLY CREDITABLE TO GODERICH.**  
The Goderich newspapers, the SIGNAL  
and the Star, have jointly issued an in-  
teresting pamphlet called "The Goderich  
Illustrated Signal-Star." The paper is issued  
under the authority of the Goderich  
Board of Trade and contains a descrip-  
tion of Goderich, its business and attrac-  
tions, written in an interesting manner.  
The work is admirably calculated to at-  
tract attention to the town and will  
probably be found to be a paying advertise-  
ment to Goderich and to the publishers.—  
Brookville Recorder.

The lecture in Knox church, on Fri-  
day evening, by Rev. Dr. Ure, on "A  
Trip to the Mother Land," was well at-  
tended notwithstanding the inclement  
weather, and all who were present en-  
joyed a treat. The reverend doctor has  
the faculty of drawing fine word pic-  
tures, and his lecture on Friday even-  
ing was no exception to his best work  
in this line. The universal opinion of  
all present at the lecture was that they  
had been favored with a grand intellectual  
and literary treat.

**Where is Dan Mackay?**  
To the Editor of THE SIGNAL.  
Sir,—The Orangemen have come and  
gone, and were royally entertained by  
the town council, a grant of \$50 hav-  
ing been appropriated for the occasion.  
But the question asked on every corner  
is "Where is Dan Mackay?" When the  
grant to the orangers was given Dan  
was foremost in the protest, vowing  
vengeance on any
