

John Burns' Program.

Special to Evening Telegram.
LONDON, Jan. 7.
The energy of the Political Campaign by speech and by letter is undiminished but by reason of the exhaustion of arguments by the opposer sides it is becoming less interesting. Lord Lansdowne at Aylesbury and Lord Curzon at Brighton, both challenged to-night the validity of the law which provided that members of the House of Lords may not take part in the campaign after the election writs are issued, which will be on Monday. Both condemned forcing the Lords to keep silence, and Lord Curzon characterized the rule as arbitrary and absurd. John Burns, President of the Local Government Board, speaking to-night said tariffs have caused nearly all wars, that religious have not, and that a tax on timber might lead to war with the United States. He said he considered the speech delivered by A. J. Balfour, leader of the opposition in the House of Commons, in which alarmist references were made to Germany about the most discreditable thing that ever had happened in public life. In an address just issued Mr. Burns declares himself in favour of an Irish Parliament, provided with the Imperial Supremacy is maintained. Describing himself as a convinced free trader and a hearty supporter of the Government's policy, Mr. Burns outlines a programme of desirable legislation, including adult suffrage for both men and women, the payment of members of parliament and their election expenses, shorter terms of Parliament, the extension of Old Age Pensions. The Earl of Halsbury who was Lord Chancellor in Mr. Balfour's

Cabinet, as an argument for the big navy has brought forth a letter written in 1882 by General Gordon predicting the rise in a quarter of a century of a navy power greater than that of Great Britain, namely, Germany. The first serious disaster of the campaign which entailed one death and injuries to many persons occurred in the Eastern section of London to-night. The Irish League had called a meeting in the town hall in Cable Street. A great crowd was besieging the Hall and with the arrival of the members of the Irish League escorting the Liberal Candidate, Mr. Benn, who was to address the meeting, the congestion became so great that the railings around the hall collapsed and a score of persons fell into the area which was several feet deep. One man was killed by the fall and ten were more or less seriously injured. The meeting was abandoned. Among the first men to be re-elected to the new parliament will be A. J. Balfour for the City of London, and Joseph Chamberlain for Birmingham West, neither of whom will be opposed. As an indication of a small field as yet cultivated by the labour party only ninety labor and socialist candidates are now before the electors while there are sixty-seven countries in England, Wales and Scotland where no labor or socialist candidates are standing for election. There are many signs of dissension in the Nationalist ranks, as a result of which the number of Irish contested seats is much more than usual. The official candidates are being opposed in many places by independents chosen by local conventions.

Capt. R. Bartlett For South Pole.

Special to Evening Telegram.
NEW YORK, N.Y., Jan. 7.
A report sent out from Washington that an antarctic expedition is to be launched shortly under the auspices of the National Geographical Society is taken here to mean that the end of the year will see three great nations in the field—England, France and United States—engaged in an exciting race for the South Pole. France already is represented somewhere within the antarctic zone by Dr. Jean Charcot, who sailed south from Rio

Janiero on Oct. 22nd, 1908. Nothing has been heard from him since April 17th last when his wife received a letter from Reception Island. According to the plans which only await execution until sufficient funds have been raised, the American party will sail south aboard of the Roosevelt, the same ship which enabled Commander Peary to reach the South Pole. It also appears probable that at least three of Peary's most efficient officers will be leaders in the search for the earth's southern end. They include Captain Bartlett.

Doctors Condemn Oily Liniments

The Public Are Warned to be Careful of These Strong-Smelling Oily Liniments Containing Harmful Acids, Ammonia, Etc.
Many people have clung to the old-fashioned idea that a thick, greasy liniment is the best kind. Doctors say not—and they know.
Recently a number of these white, oily liniments were analyzed, and they were found to contain an enormous percentage of harmful acids, and such irritating chemicals as ammonia, etc. For the moment they may cause a warm sensation when first applied, but their continued use never cures rheumatism, and only deteriorates the skin, sets up inflammation and causes endless trouble.
When a doctor warns you to quit using a white, oily liniment—quit. He knows that a thick liniment can't penetrate, can't sink through the pores and reach the seat of the pain.
When asked his opinion a few days ago, Dr. Roberts stated that he considered a strong, penetrating, pain-subduing liniment, such as "Nerviline," to be superior to any of the white ammonia liniments. In his twenty-five years of practice he had witnessed cases of rheumatism, sciatica and lumbago that simply would not respond to ordinary treatment—but Nerviline cured them. The same physician also spoke of the great advantages of keeping a preparation like Nerviline in the house always, because of cramps, diarrhoea, stomach disorders, earache, toothache, headache and such minor ailments. Nerviline is a first-class cure. There is scarcely an ache or a pain, internal or external, that Nerviline won't cure. In thousands of homes no other pain-relieving medicine is used. Fifty years' continued success and the endorsement of the profession are proof that Nerviline is the liniment for the home.
Any good druggist or dealer can supply the large 25c. bottles of Nerviline.
STOLEN PAIR OF BOOTS.—A pair of women's boots was stolen from No. 3 Cochrane Street, Wednesday evening last, while the owner was at church. The door was opened with a false key. The owner has a suspicion of the thief and will take legal means to recover her property if not returned.

The Trade Increases.

Special to Evening Telegram.
LONDON, Jan. 7.
The December statements of the Board of Trade show increases of nineteen million seven hundred and fifty-nine thousand dollars in imports and twenty-one million five hundred and forty-one thousand five hundred dollars in exports. The principal increases in imports were in food stuffs, raw material, and manufactured goods, but the value of American cotton decreased ten million dollars. The main increase in exports was in manufactured goods of which cotton fabrics showed a gain of seven million five hundred thousand dollars.

Sir Alfred Jones Charitable Bequests.

Special to Evening Telegram.
LONDON, Jan. 7.
The late Sir Alfred Lewis Jones, head of the shipowning firm of Elder Dempster and Company, left the bulk of his fortune of nearly two million five hundred thousand in trust for charitable objects and for original researches into the cause of the disease on the West Coast of Africa. Sir Alfred died Dec. 13th.

The Peers' Campaign.

LONDON, Jan. 7.
Lively scenes again marked last night's meeting, the peers, especially, figuring. Lloyd-George has issued a public appeal to his supporters to give his opponents a fair hearing, but with small results as yet. Lords Donoughmore and Chylesmore, at Coventry, had to fight their way to the platform through a cheering and jeering mob, whose songs declared that they would "not go home till morning." Repeated appeals, on behalf of their lordships, were received with shouts of "We won't hear them" and "Down with the Lords." The meeting was abandoned. At Holywell, Lord Denbigh's defense of the Lords created such an uproar that he perched himself on the Chairman's table, lighted a cigarette and waited for silence, which only came when the meeting closed. The Duke of Atholl, at a meeting in support of his son, Lord Tullibardine, the Unionist candidate for West Perthshire, said that though aged seventy, this was the first time he had presided at a political meeting. It was extremely difficult to make ends meet on landed estates now-a-days. The Duke has 200,000 acres, and three manors. Lord Rothschild, who is becoming an expert platform speaker, had such a storm at a meeting at Wolverton that only those close to the platform could hear his words. He was unable to conclude his speech. Lord Ashbourne, at Tottenham, said, with a pathetic touch, that the Lords had the "privilege of feeling like Christian martyrs."

Wedding Bells.

Gower Street Methodist Church, this city, was the scene of a very pretty wedding Wednesday, Dec. 29th, when Mr. George Bugden, of Bell Island, and Miss Ada Newell, this city, were united in the bonds of matrimony. The ceremony was performed by the Rev. W. T. D. Dunn. The bride was prettily attired in a suit of blue with hat to match, and was given away by her father. She was attended by Miss Emma Cooper and Miss Bell Wiseman, who were tastefully dressed in suits of cream. The groom was supported by his brother, Mr. Lloyd Bugden, and Mr. Richard Newell. After the ceremony the happy couple drove to the bride's residence where a luncheon was served to 40 guests. A very happy time was spent. The bride received many valuable and useful presents.

City Council Meeting.

A full board was present at last evening's meeting, Mayor Gibbs presiding.
Ordered that the bill sent by Minister of Finance for half year's interest be paid.
A letter was received from the Public Works Department in reference to the choking of a sewer there and the drain from the building. Ordered it be investigated.
A letter was received from the Government Engineer in reference to receptacle at the rear of the new Museum. The stoppage was shown to have been caused by some one who put in a stone and broke the outlet top. Referred to the plumbing inspector.
A motion of appeal was read from Mr. Blackwood in re Tompkins' estate taxes for vacant lands. Referred to the Solicitor.
Plan of cooperation for Bursell, South Side, was referred to Engineer. Mayor Gibbs brought before the Council the necessity of having the bill prepared three years ago, in order to get more ample powers from the Government. He made a law, "He hoped to be able to bring forward for their consideration some amendments to the Municipal Act. It was now more necessary than ever. The town needed improvements in the way of better sewerage and more comfortable houses with sanitary appliances. After passing the pay rolls the meeting closed at 9:30.

Masonic Installation in Hr. Grace and Carbonear.

Dr. Paterson's Memorial Presentation.

The Masonic brethren who had been at Carbonear and Harbor Grace under the auspices of District Grand Lodge, R. S., since Wednesday last conducting the installation of officers there, returned to town last night. District Grand Master Cowan and the members of the Grand Lodge were accompanied by D. G. M. CHIT, R. E., and his Acting Secretary Bro. Edgar, and other brethren whose experience of last year's hospitality at these towns induced them to renew the pleasure of that occasion. The members of Carbonear Lodge received the visiting brethren on arrival there Tuesday night and provided them with comfortable quarters. Meantime a deputation arrived from Harbor Grace Lodge and all wended their way to the new hall of the Order which was thereupon dedicated in solemn form. The officers for the year were then installed. Bro. N. Munn, who acted for Bro. Dr. Boyle, the retiring W. M., who owing to illness was unable to be present. The installation was gracefully performed by D. G. M. Cowan. The newly elected officers are:—

No. 454, R. S." The presentation was appropriately made by Bro. O. H. Travers, a life-long friend of Dr. Paterson's father. The Jewel was accepted by Bro. Munn on behalf of the Lodge, and will be worn in future by the Worshipful Master at all functions. Appropriate speeches were delivered by several of the brethren. The whole company then repaired to the banquet hall where refreshments were served and a pleasant hour spent. The visit is one that will be long remembered by the brethren.

Away Goes All Kidney Trouble

A few doses end Backache and Bladder misery and restore healthy Kidney action.
Out-of-order kidneys act fine and backache or bladder misery is relieved after a few doses of Pape's Diuretic. Pains in the back, sides or loins, rheumatic twinges, debilitating headache, nervousness, dizziness, sleeplessness, inflamed or swollen eyelids, wornout feeling and many other symptoms of clogged, inactive kidneys simply vanish.
Frequent, painful and uncontrollable urination due to a weak or irritable bladder is promptly overcome. The moment you suspect any kidney, bladder or urinary disorder, or feel rheumatism coming, begin taking this harmless remedy, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure, as a fifty-cent treatment of Pape's Diuretic, any druggist can supply.
This unusual preparation goes direct to the out-of-order kidneys, bladder and urinary system, cleaning, healing and strengthening these organs and glands, and completes the cure before you realize it.
A few days' treatment with Pape's Diuretic means clean, active, healthy kidneys, bladder and urinary organs—and you feel fine.
Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.
Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

As the office of Substitute Mason, the position held by Bro. W. Duff, being a new one in local masonry, the G. M. took occasion to congratulate him on being the first to fill it. A grand banquet followed which was also attended by the lady friends of the brethren, who made it a point to see that the catering was faultless.

On Thursday afternoon the brethren of St. John's and Carbonear came to Harbor Grace, and Bro. Cowan graciously installed the following officers at Lodge Harbor Grace:—

Dr. Hamilton's Pills Cure.

"It is with intense satisfaction that I am able to relate how I was snatched by Dr. Hamilton's Pills from my bed of sickness, writes H. H. Sargent, a well known hardware traveller residing at Charleston. So many changes of diet brought on a fit of indigestion and liver complaint, but being very busy I didn't give the matter much attention. Headaches, awful dizzy spells, and constant tiredness soon made it impossible for me to attend properly to business. My appetite faded away. I became thin and looked yellow and jaundiced. I used three different prescriptions which physicians said would tone up my liver and regulate my bowels—but I got no relief at all till I started to use Dr. Hamilton's Pills. After taking them for a few days I was surprised at the energy and force I obtained; the old feeling of tiredness and lack of desire to work disappeared, and instead came vigor, energy, ambition, good color and sound digestion. I take Dr. Hamilton's Pills three times a week and ever since have enjoyed the best of health."

Note of Thanks.

Dear Sir,—I wish publicly to thank Dr. Keegan, Miss Southcott and nursing staff generally for their kind treatment and attendance to me during my confinement in the General Hospital the past six weeks, having been discharged New Year's Eve after a successful operation. I cannot express my thanks too fully for their kindness and I may say, above all, their thorough business like treatment of my case. In fact they were ministering angels to me as well as all others confined in this institution. Too much cannot be said of the benefits of General Hospital treatment for sick and ailing. It is a veritable oasis in the desert of ill health, and if a patient cannot recover health and leave perfectly cured, the fault lies not with the energetic and capable doctor or nursing staff. Wishing them all the compliments of the season and thanking you for space, Mr. Editor, I remain,
Yours truly,
JOHN J. PROWSE

Annual Dance.

The Shamrock Amusement Club are holding their annual dancing assembly in the British Hall on the eve of the first holiday, and it will no doubt be a very enjoyable event. The Club is now the oldest and most popular one in the city, and has given every satisfaction to its patrons during the past, and the members are determined to leave nothing undone to maintain the reputation they have won through their untiring efforts to give pleasure to their patrons.

A Live Wire.

An electric wire caught fire to the pole at the foot of King's Road last evening. The wire was suspended across Duckworth Street and as it would fall down when burnt off there would be great danger to people passing that way. Head Constable Sparrow remained on the spot with Constable Fagan till a man who was telephoned for came from the sub-station and repaired the wire.

A Visit to Letter From M

(Continued.) On the evening of Nov. 21th we received an appropriate souvenir the voyage in the form of a menu card with a picture of "Canopic" at Naples on the out board, and this was our last dinner board, the orchestra furnished fine selections, such as Auld Lang Sye etc. We also had a ball which everyone felt good; the standard of the promenade deck being into a temporary ballroom and decorated with flags and colored electric bulbs. By the way, one of British sailors on this ship is a genius, he can draw excellent freehand, and also paints in colors and oils. He showed us a violin that he completely made a very nice piece of work. It is had very interesting yarns told between times. We arrived at St. at 10 a.m. on Thursday Nov. 23rd a good passage of 11 days, a 54 minutes according to the ship's log. Here are a few whic culled from it:—
