Very Successful Garden Party.

Yesterday afternoon, a most pleasing and successful reunion of the people of St. Mary's Parish, Southside, occurred when a Garden Party was held in the Rectory Grounds. A large number of the parishioners of all ages and both sexes attended and the afternoon being so fine thoroughly enjoyed themselves. The grounds were gaily decorated and the tents and marquees erected as well as the trees surrounding the grounds afforded a pleasant shade from the sun. Bunting was displayed profusely, and at night festoons of vari-colored electric bulbs ran from the facade of the church to the trees and in the distance presented a pretty spectacle while illuminating the surroundings. Rev. Hy. Uphill, the Rector, his wife and other Anglican clergymen were present and from a financial standpoint the affair was most successful. The band of the C.L.B. discoursed some choice music during the afternoon.

Holy Name Outing.

The first annual outing of the Holy Name Society, was held in the grounds at Southside, yesterday afternoon and a most enjoyable time was spent by the hundreds who participated. The grounds were tastefully decorated with bunting, and immediately all were present the sports began. Tugs of war, football matches, racing, cricket, etc., were indulged in and all thoroughly enjoyed the sports. The ladies also had a series of mirth-giving contests, such as egg and spoon races and entered into them with zest and enthusiasm. Rev. Fr. O'Callaghan was present all the afternoon and His Grace the Archbishop spent a couple of hours at the picnic evincing much interest and being very well pleased with the innocent amusement afforded all. Mr. Furlong and his aides and Miss Cooke and Miss Delgado served refreshments on the field and these also were a part of the evening's performance which were also thoroughly enjoyed. The committee who arranged everything and the Rev. Spiritual Director are to be congratulated on the success of the sports. Thursday next the 18th, the boys will have an outing.

Minimise The Loss.

Practically farmers may easily minimise the loss, due to a backward and cold season, by the judicious use of Sulphate of Ammonia as a fertilizer. Sulphate of Ammonia contains over 20 per cent of nitrogen, as against 15 per cent in Nitrate of Soda, and is therefore more than 25 per cent better than nitrate of soda as a means of quickening and increasing the growth of crops.

The use of Sulphate of Ammonia has increased enormously of late years and it is recognized to be the most valuable fertilizer obtainable. By its judicious use the production of root crops per acre may be doubled, and the growth of late crops stimulated. We invite the attention of Farmers to our special pamphlet on the best methods of using Sulphate, copies of which will be forwarded free to any address on application.

The price of Sulphate is moderate, and our terms are accommodating. ST. JOHN'S GAS LIGHT COMPANY.

Struck by Lightning.

At Whitway (Witless Bay, T.B.), the storm was very severe on Saturday night and Mrs. Samuel Soper was struck by lightning and may not recover from the effects of the electric shock. When the storm began she went to her bedroom and got a pillow and took it to the kitchen and lay down on the floor. A flash of lightning came and the electric current ran under the floor, burst up the floor, took off the toe of her boots and passed through her body, badly burning her. She lay unconscious for several days and our informant heard she had recovered consciousness on Tuesday. Her husband was injured by the storm and had his arm hurt. The lightning also shattered the glass in his house.

Dangerous Accident.

While Mrs. Philip Wall, of George Street, was about to throw some dust from a pan which she held in her hand, yesterday afternoon, through a rear window on the upper flat of her home, she met with an accident which came near ending her life. The window was open and she slipped and fell through it but she broke the fall by grasping a clothes line rigged from the window to the garden in her descent. She, however, fell heavily to the ground and received a bad shaking up. It was thought for a while that she was dying and Dr. Tait and a clergyman were quickly on the scene. The woman, after a while revived but will feel the effects of the accident for some time.

Stephano Here

WITH ONE HUNDRED AND FORTY-SIX PASSENGERS.

The Red Cross liner Stephano, Capt. Clarke, arrived from New York and Halifax at seven o'clock this morning. The run from the latter port was made in forty-one hours. She brought a small mail, two-thirds cargo and a hundred and forty-six passengers, nearly all of which are tourists. Ninety people are making the round trip.

VISITING CADET BAND.—After the band of the C.C.C. of St. John's arrived here by the train yesterday, accompanied by several people from the second city, they formed up at the railway station and marching down Water Street played several quick steps. Their rendition was excellent and favorably commented on. Mr. W. H. Kennedy, their leader, may well be proud of the boys under him.

S. A. Service.

Fully five hundred persons attended the service at the S.A. Chancel on Tuesday night to hear the lecture by Rev. Mr. Sutherland. Previous to the address, a short song service was held, solos by Mrs. Osmond, of the 3. Army and Mrs. Cochran, of George St. Church, added greatly to the interest of the meeting, and were much enjoyed by the large congregation.

Adjutant Hargrove, in well chosen words, thanked all those who had taken part or had assisted in any way in connection with the special services, which had proven a great success, the attendance for the month having reached the splendid total of twelve thousand, while over one hundred had professed conversion.

Mr. Sutherland thanked the Adjutant for the honor of addressing the meeting, and said if he did well on that occasion, the same privilege might be granted to him again. From the very commencement the speaker held the individual attention of the audience, and at intervals was heartily applauded. His description of the Massey Hall where the great Presbyterian Congress had been held, together with the object for which those five thousand delegates from all parts of Canada and Newfoundland had been brought together, was both interesting and instructive. The speaker's scathing denunciation of sin and his appeal for consecrated, spirit-baptised men and women to combat its degrading influence, found a response in the hearts of his listeners. The world for Christ had been the motto of the Congress, which, said he, could not be accomplished.

The address, altogether, was one which would call for the pen of a more ready writer than your correspondent to fairly report, but perhaps the best evidence that the lecture was enjoyed and appreciated was when at the expiration of half an hour the speaker intimated that time was up. Cries of go on, were heard from all parts of the building. The meeting was brought to a close by the singing of "All Hail the Power of Jesus' Name," and the benediction was pronounced by Mr. Sutherland.—J.M.

Look Father's Advice.

"Always," said papa, as he drank his coffee and enjoyed his morning breakfast—"always, children, change the subject when anything unpleasant has been said. It is both wise and polite."

That evening, on his return from business, he found several of his flower beds spoiled, and the tiny imprint of slippered feet silently bearing witness to the small thief.

"Mabel," he said to her, "did you pick my flowers?"

"Papa," said Mabel, "did you see a monkey in the city to-day? We had a—"

"Never mind that. Did you pick my flowers, Mabel?"

"Papa, what did grandma send me?"

"Mabel, what do you mean? Did you pick my flowers? Answer me, yes or no."

"Yes, papa, I did; but I thought I would change the subject."

PLAYER HURT.—While competing with the C. L. B. at yesterday's sports J. Walsh, of the C. C. C. team, was hurt. During a scrimmage he received a severe blow under the ear and First Aid was rendered. He was only put out of commission, temporarily, however, as he was able to continue the game.
